

REQUEST FOR INFORMATION
Premise Wiring B246 & B414 for 14 CS

BRIEF SUMMARY

The 14th Contracting Squadron (14 CONS) is conducting market research for a new requirement. This is a Request for Information (RFI) issued to obtain knowledge and information for acquisition and project planning purposes. This is **NOT** a solicitation for proposals, proposal abstracts, or price quotations. The purpose of this notice is to obtain information from industry vendors regarding their interest and capabilities for the requirement described below, located at Columbus Air Base (CAFB), Mississippi.

The Government does not intend to award a contract on the basis of this RFI or pay for any information or administrative costs incurred in response to this RFI; all costs associated with responding to this RFI will be solely at the interested party's expense. In addition, the Government will not accept unsolicited proposals. The information provided is entirely voluntary and will not impact the ability to compete on future requirements.

In your response, please include whether or not you are a small business, HUB-Zone small business, service-disabled veteran owned, veteran-owned small businesses, 8(a) small business, women-owned small business, small disadvantaged business, etc. This is in order to assist the government in determining the appropriate acquisition method, including whether a set-aside is possible.

DESCRIPTION OF REQUIREMENT

Description

The Contractor shall provide all equipment, tools, materials, supplies, transportation, labor, supervision, management, and other incidentals necessary to meet the requirements as stated in this SOW. The Contractor shall comply with the current ANSI/TIA telecommunication installation and testing commercial standards and Columbus AFB installation standards. All equipment, supplies, and materials provided shall be new and not refurbished.

Capability

The Contractor shall provide for the removal and disposal of any cabling, and any associated termination material by coordinating with the 14CS/SCXP Point of Contact (POC). 14 CS/POC will ID those cables not to be demoed.

Requirements: All installation, equipment cabinets/racks, cables (communications, power, grounding, etc.), equipment, pathways, wire management, patch panels, etc. shall be IAW standards referenced in Appendix A and in secure areas comply with AFSSI 7702 "Emission Security Countermeasures", and NSTISSAM Tempest/2-95 "National Security Telecommunications and Information Systems Security Advisory Memorandum (NSTISSAM) Red/Black Installation Guidelines."

Safety Requirements: The Contractor shall comply with all Federal, State, and Base security and safety laws, regulations, policies, and requirements. If at any time it is determined that equipment is unsafe and/or work is being performed in an unsafe manner, all work will be immediately suspended until the Contractor has corrected the problem to the satisfaction of the base.

Security Requirements: There are no security requirements for the performance of this Task Order. Stated work and associated products shall be performed at the UNCLASSIFIED level. It is the Government's responsibility to provide escorts where required. The primary Contractor shall provide adequately cleared personnel for the performance of this Task Order. The Contractor personnel shall not require Secret Security Clearances.

RFI REQUIREMENTS

Description of Information Requested:

1. Name and address of company and points of contact (physical mailing address(es), position title(s), telephone number(s), fax number(s), and email address(es)).
2. Size of company (Is your company a small or large business?)
3. Is your company interested and does your company have the capability to fulfil the entire requirement?

All capable/interested parties must submit their responses via email NLT 17 April 2026 @ 2:00 p.m. CST to:

- A1C Logan Snodgrass (logan.snodgrass@us.af.mil)
- SrA Augustina Binah (augustina.binah.1@us.af.mil)
- A1C Holly M. Walters (holly.walters.2@us.af.mil)

This RFI notice is for planning purposes only and does not commit the government to pay for the information requested, issue a solicitation, or award a contract. No solicitation document exists at this time.
