Performance Work Statement
General Operations Support Services (GOSS)

Date: 03/26/2026
DRAFT

PART 1

1.0 GENERAL INFORMATION

1.1 This is a non-personal services contract to provide Defense Health Agency (DHA) general operational support services. The Government shall not exercise any supervision or control over the contract service providers performing the services herein. Such contract service providers shall be accountable solely to the Contractor who, in turn is responsible to the Government.

1.2 Description of services/introduction: The contractor shall provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items and non-personal services necessary to perform general operational support services as defined in this Performance Work Statement (PWS) except for those items specified as government furnished property and services. The contractor shall perform to the standards in this performance work statement.

1.3 Background: The DHA is a Combat Support Agency supporting the Military Services. The DHA supports the delivery of integrated, affordable, and high-quality health services to beneficiaries of the Military Health System (MHS), and executes responsibility for shared services, functions, and activities of the MHS and other common clinical and business processes in support of the Military Services. The DHA serves as the program manager for the TRICARE health plan, medical resources, and the market manager for the National Capital Region (NCR) enhanced Multi-Service Market. The DHA manages the execution of policy as issued by the Assistant Secretary of Defense for Health Affairs and exercises authority, direction, and control over the inpatient facilities and their subordinate clinics assigned to the DHA in the NCR Directorate.

1.4 Objectives: The objective of this work is to provide mission-essential headquarters support functions including inventory and logistics management, duplication center operations, fitness center management, graphic design services, mailroom operations, parking office support, and pavilion and executive conference room scheduling and event support. The Contractor shall deliver cost-effective, performance-based solutions that ensure efficient daily operations, enhance customer service delivery, improve reporting accuracy, automate tracking systems where feasible, and maintain operational continuity across all assigned functional areas. Support shall enable DHA leadership and staff to execute mission requirements by ensuring administrative, technical, and facility-related services are responsive, compliant with applicable DoD policies and aligned with organizational priorities.

1.5 Scope: The Contractor shall provide integrated headquarters support services as defined in Section 5 of the PWS. Services include operational, administrative, technical, and facility support functions necessary to sustain daily operations for AM&P Division. Detailed functional requirements, performance standards, service expectations are set forth in Part 5 (Specific Tasks). The contractor is responsible for internal management, quality control, and execution of all services in accordance with the performance standards established in this PWS.

The Contractor shall perform to the standards set forth within this contract.

1.6 Period of Performance (PoP): The period of performance for this effort is date of award for a period of twelve (12) months thereafter, hereto referred to as the Base Period, which includes a Transition-In Period as defined in Section 1.6.1.1.

This effort includes Four (4) 12-month option period, which may be unilaterally exercised by the Government. Each option period is subject to the availability of funds.

The last option period will include a Transition-Out Period as defined in Section 1.6.1.2.

Anticipated date of award September 27, 2026.

1.6.1 Transition

1.6.1.1 Transition-In Period: During the Transition-In Period, the contractor shall prepare to meet all contract requirements and ensure incoming personnel are functionally trained and qualified on the full performance start date. Transition-in performance is defined as 10 days of the contract. The contractor shall provide the Government with a Transition-In Plan – See (CDRL A003 – Transition- In Plan). The Transition-In Plan shall include:

- a. Coordination with Government representatives,
- b. Review, evaluation, and transition of current support services,
- c. Orientation phase and program to introduce Government personnel, programs, and users to the Contractor's team, tools, methodologies, and business processes,

1.6.1.2 Transition-Out Period: Transition-Out performance is defined as period of performance where the incumbent contractor will orient the new contractor and/or Government entity/personnel to project status, including all standard procedures/processes and functional design capabilities. This 30-day period will run concurrently with the final days of the PoP and at no additional cost to the Government. The contractor shall prepare a Transition-Out Plan – See (CDRL A004 – Transition-Out Plan) will be implemented during the last option period to be approved by the Government. The Transition-Out Plan shall include the following items:

- a. Coordination with Government representatives,
- b. Review, evaluation, and transition of current support services,
- c. Transition of historic data to new Contractor system,
- d. Transfer of hardware warranties and software licenses (if applicable),
- e. Transfer of all necessary business and/or technical documentation,
- f. Transfer of compiled and uncompiled source code, to include all versions, maintenance updates and patches (if applicable),
- g. Orientation phase and program to introduce Government personnel, programs, and users to the Contractor's team, tools, methodologies, and business processes,

1.7 Administrative specifications

1.7.1 Place of performance: This is an **on-site requirement**; the Contractor shall perform primary activity at the Government's facilities in the National Capitol Region; to include but not limited to:

- a. 7700 Arlington Blvd, Falls Church, VA 22042

Telework and/or offsite will be based upon DHA workplace contingencies.

1.7.1.1 On-Site Parking: Parking of single occupancy vehicles is very limited on the DHHQ complex. The Contractor may not be provided reserved parking spaces located on the DHHQ campus. Public transportation is accessible to the DHHQ campus by means of metro and buses. The following details potential public transportation for contractors supporting this requirement:

- Sheltered bus stop on Route 50 West bound at Jaguar Trail
- DHHQ provided shuttle service to and from the Dunn Loring and Pentagon Metro

1.7.1.2 Telework: The contractors supporting this requirement shall perform duties onsite at the government location; however, when telework is required it will be coordinated with the Government worksite POC, the COR and the Program Manager. The contractors supporting this requirement shall perform duties onsite at the government location; however, when teleworking is required it will be coordinated with the Government worksite POC, the COR and the Program Manager. The telework alternate may be used for government or building closure(s). In the event the Contractor is approved to telework by the Contract Program Manager, the Contract Program Manager must ensure that all work activities and functions associated with the individual teleworking is accomplished. The Contract Program Manager will not approve telework in lieu of vacation or sick leave. The Program Manager shall ensure members requesting telework:

- a. Has access to DHA issued laptop.
- b. Has VPN access.
- c. Coordinates the transfer of office desk phone calls to a home/or cell telephone line.
- d. Monitor the work to be accomplished.
- e. Designates an accessible onsite EA that can address requirements or requests that cannot be addressed on email or telephone; and must be handled on site.
- f. Individuals working in a classified area will not perform classified duties at alternate locations.

The Government will provide access to Government controlled facilities, equipment, and materials for daily business use of staff called for under this order. This shall include office space, desk, telephone, chair, computer, shared printer, and requisite consumable materials.

The Contractor will be provided keys or codes for access to the Government facility. These keys and codes shall be controlled, tracked, and protected. Upon termination of the period of performance, all keys and/or access badges to the Government facility shall be turned into the COR.

In accordance with (IAW) FAR 7.108, teleworking is allowed as permitted by the COR. Contractor must provide a copy of their company's telework policy in advance, which must meet OPM guidelines for telework and support the terms of this contract as determined by the Contracting Officer (KO). Contractor must have signed telework agreements in place for each Contractor employee. Telework schedules, recurring or Ad Hoc, must be approved by COR or Task Manager before teleworking begins. Contractor personnel must comply with responsiveness standards and specific deliverables for telework periods that may be set by the Government to ensure the privilege of teleworking is being utilized appropriately; standards and deliverables must be applied equitably. Contractor personnel shall utilize the Virtual Private Network (VPN) and their Common Access Card (CAC) when performing telework and stay connected with teammates and Government personnel using the DoD-approved instant messaging tools or other options approved by DoD. The Government will not be responsible for any costs associated with travel related to performing telework under this contract. The Government reserves the right to remove the telework privilege at their discretion, including for adverse impact to mission readiness or operational security. Teleworking personnel will be required to attend in-person meetings unless prior exception is granted by COR or Task Manager. Situational telework is determined on certain temporary situations where the designated workplace has no Government oversight due to emergency or weather closures.

1.7.2 Recognized Federal holidays: The contractor is not required to perform services on holidays.

New Year's Day

Martin Luther King Jr.'s Birthday

President's Day

Memorial Day

Juneteenth Day

Independence Day

Labor Day

Columbus Day

Veteran's Day

Thanksgiving Day

Christmas Day

1.7.3 Hours of operation: The contractor is responsible for conducting business Monday thru Friday except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. The contractor must always maintain an adequate workforce for the uninterrupted performance of all tasks defined within this PWS when the Government facility is not closed for the above reasons.

1.7.4 Emergency Services: On occasion, services may be required to support an activation or exercise of contingency plans outside the normal duty hours.

1.8 Contractor travel: There is no travel authorized for this contract.

1.9 Other Direct Costs (ODC): There are no ODCs authorized for this contract.

1.10 Quality

1.10.1 Quality Control (QC): The contractor shall develop and maintain an effective QC program to ensure services are performed in accordance with this PWS. The contractor shall develop and implement procedures to identify, prevent, and ensure nonrecurrence of defective services. The contractor's QC program is how the work complies with stated requirements. The Quality Control Plan (QCP) is to be delivered within 30 days after contract award. A comprehensive written QCP shall be submitted to the Contracting Officer (CO) and COR within five (5) working days when changes are made thereafter. After acceptance of the Quality Control Plan (QCP) the contractor shall receive the CO's acceptance in writing of any proposed change to his QC system. See (CDRL A001 – Quality Control Plan).

1.10.2 Quality assurance (QA): The government will evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan provides a systematic method for the Government to evaluate performance and to ensure that the contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the minimum acceptable defect rate(s). **Attachment 10 – Quality Assurance Surveillance Plan (QASP)**

1.11 Contractor personnel

1.11.1 CAC requirements: For all contractors who will work in Government facilities, the Facilities Security Officer (FSO)/Company's Security point of contact (POC) will provide the Government all the required information per the DHA CAC request process current version 2.1, January 2018, or more recent when updated. A CAC is the standard identification for eligible DoD contractor personnel. **Attachments 3 and 4**

1.11.1.1 The Contractor shall return all CACs to the COR upon the departure of the contractor(s).

1.11.2 Contractor onboarding and training. The Contractor shall complete all requirements, training, and forms as prescribed in the following requirements:

1.11.2.1 The DHA's "Onboarding Checklist for Contractor Employees" is located at the DHA Onboarding and Offboarding Portal at <https://info.health.mil/cos/admin/hr/IO/SitePages/Home.aspx>

1.11.2.2 The DHA's contractor training instructions – **Attachment 5**

1.11.2.3 The contractor shall comply with onboarding requirements of the DHA for contractors needing to be issued CAC identification, including DoD- and DHA-directed training and forms submission, prior to network access, as displayed in the In/Out-Processing Portal at: <https://info.health.mil/cos/admin/hr/IO/SitePages/home.aspx> (note: Public Key Infrastructure (PKI)-restricted, printed versions available).

1.11.2.4 The DHA's new employee handbook – **Attachment 6**

1.11.3 PHYSICAL Security: The contractor shall be responsible for safeguarding all government equipment, information and property provided for contractor use. At the close of each work period, government facilities, equipment, and materials shall be secured.

1.11.4 Key control: The contractor shall establish and implement methods of making sure all keys/key cards issued to the contractor by the Government are not lost or misplaced and are not used by unauthorized people. NOTE: All references to keys include key cards. No keys issued to the contractor by the Government shall be duplicated. The contractor shall develop procedures covering key control that shall be included in the QCP. Such procedures shall include turn-in of any issued keys by personnel who no longer require access to locked areas. The contractor shall immediately report any occurrences of lost or duplicate keys/key cards to the CO.

1.11.4.1 In the event keys, other than master keys, are lost or duplicated, the contractor shall, upon direction of the CO, re-key or replace the affected lock or locks; however, the Government, at its option, may replace the affected lock or locks or perform re-keying. When the replacement of locks or re-keying is performed by the Government, the total cost of re-keying or the replacement of the lock or locks shall be deducted from the monthly payment due the contractor. In the event a master key is lost or duplicated, all locks and keys for that system shall be replaced by the Government and the total cost deducted from the monthly payment due the contractor.

1.11.4.2 The contractor shall prohibit the use of Government issued keys/key cards by any person other than the contractor's employees. The contractor shall prohibit the opening of locked areas by contractor employees to permit entrance of people other than contractor employees engaged in the performance of assigned work in those areas, or personnel authorized entrance by the CO.

1.11.5 Lock Combinations: Reserved

1.12 Key personnel (Contractor): The contractor shall provide a contract manager who shall be responsible for the performance of the work. The name of this person and an alternate who shall act for the contractor when the manager is absent shall be designated in writing to the CO. The contract manager or alternate shall have full authority to act for the contractor on all contract matters relating to daily operation of this contract. The contract manager or alternate shall be available between 8:00a.m. to 4:30p.m., Monday through Friday except Federal holidays or when the government facility is closed for administrative reasons. Qualifications for all key personnel are listed below:

- a. Possess substantive experience in tasks and responsibilities associated with providing support to Senior Executives and Field Officers
- b. Have familiarity with enterprise correspondence systems.
- c. Ability to recognize the military ranks and how to address senior military members
- d. The Program Manager must have a bachelor's degree in business administration and a minimum of 5-7 years of qualified work experience
- e. Experience coaching and mentoring subordinate personnel

1.13 Data rights: The Government has unlimited rights to all documents/material produced under this contract. All documents and materials, to include the source codes of any software, produced under this contract shall be Government owned and are the property of the Government with all rights and privileges of ownership/copyright belonging exclusively to the Government. These documents and materials may not be used or sold by the contractor without written permission from the Contracting Officer. All materials supplied to the Government shall be the sole property of the Government and may not be used for any other purpose. This right does not abrogate any other Government rights.

1.14 Reporting

1.14.1 Contractor Manpower Reporting (CMR): Reserved

1.14.2 Non-Disclosure Agreement (NDA): All contractor personnel who will obtain access to proprietary, classified, or confidential information or any information release of which is protected or governed by law or regulation associated with DHA acquisitions shall be required to complete and sign a DHA contractor NDA (DHA Form 49) prior to beginning work on the subject contract. The contractor shall execute an NDA on behalf of the company and shall ensure that all staff assigned to, including all subcontractors and consultants, or other personnel performing on contract/Task order execute an NDA protecting the procurement sensitive information of the Government and the proprietary information of other contractors. The NDA shall be executed not later than first day of employment and to be renewed upon exercising a contract option period. Assignment of staff who has not executed this statement or failure to adhere to this statement shall constitute default on the part of the contractor. The contractor shall maintain originally signed NDAs of individual employees and provide copy to the COR. (**Attachment 2 – Non-Disclosure Agreement (NDA)**). **CDRL A002 - NDA**

1.14.3 Government's COR: The COR monitors all technical aspects of the contract and assists in contract administration. The COR is authorized to perform the following functions: assure that the contractor performs the technical requirements of the contract; perform inspections necessary in connection with contract performance; maintain written and oral communications with the contractor concerning technical aspects of the contract; issue written interpretations of technical requirements, including Government drawings, designs, specifications; monitor contractor's performance and notifies both the CO and contractor of any deficiencies; coordinate availability of government furnished property; and provide site entry of contractor personnel. A letter of designation issued to the COR, a copy of which is sent to the contractor, states the responsibilities and limitations of the COR, especially regarding changes in cost or price, estimates or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting contract.

1.14.4 Post award conference/periodic progress meetings: The contractor agrees to attend any post award conference convened by the contracting activity or contract administration office in

accordance with FAR Subpart 42.5. The CO, COR, and other Government personnel, as appropriate, may meet periodically with the contractor to review the contractor's performance. At these meetings the CO will apprise the contractor of how the government views the contractor's performance and the contractor will apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the government.

1.15 Contractor Identification

1.15.1 Contractor personnel performing services in a contractor capacity in a government facility are required to possess and wear an identification badge that displays his or her name and the name of their company. All contractor personnel shall identify themselves as contractor support personnel in all forms of communication with all entities with whom DHA/Deputy Assistant Director for Acquisition (DAD-A)/Head of the Contracting Activity (HCA) has business dealings. The contractor shall: Answer all telephone calls and have a personalized voice message with an introductory statement that includes the fact that the person is contractor support personnel. Ensure all those with whom the person interacts in any face-to-face dealings while supporting the DAD-A understands that the person is contractor support personnel. Include a title block in all emails that states the fact that the person is contractor support personnel. Ensure all those with whom the person interacts in any face-to-face dealings while supporting DHA/DAD-A/HCA understands that the person is contractor support personnel.

1.15.2 Contractor personnel will be required to attend meetings or otherwise communicate with Government and/or other contract representatives to meet the requirements of this order. Contractor personnel shall make their contractor status known during introductions.

1.15.3 Contractor personnel, while performing in a contractor capacity, are prohibited from using their retired or reserve component military rank or title in any written or verbal communications associated with the contracts in which they provide services.

1.16 Contractor Access to Health Affairs (HA)/DHA Network(s)

1.16.1 FSO/Company's Security POC shall notify the DHA Personnel Security Office after being awarded a contract that requires access to a DoD system. Contractor personnel requiring access to the HA/DHA networks for performance of their tasks require a background investigation and security awareness training. The contractor shall be prepared for this process as it could take two (2) or more weeks. The FSO/Security POC shall submit a Standard Form (SF) 85/86 to DHA's Personnel Security Office for a background investigation.

1.16.2 Company's FSO/Security POC must notify the Personnel Security Office when the contractor has submitted the SF-85/86. The FSO/Security POC, or the COR must notify the DHA Personnel Security Office in writing of a contractor's termination from the contract, including the termination date.

1.17 Personnel Security Requirements - FOR USE ON UNCLASSIFIED CONTRACTS

This clause establishes requirements and processes for the Personnel Security Screenings for Defense Health Agency Contractor personnel and any subcontractors in performance of this contract, in accordance with Department of Defense (DoD) and federal regulations.

1.17.1 General Requirements

The Contractor shall ensure that all personnel performing work under this contract comply with the applicable Department of Defense (DoD) personnel security requirements as outlined in DoD Manual 5200.02, DoD Instruction 5200.46, DoD Instruction 1402.05, and all other relevant regulations. The Contractor shall verify that all personnel performing duties under this contract are suitable for access to Controlled Unclassified Information (CUI) and/or secure facilities, as determined by the appropriate security clearance level and background checks.

1.17.2 Background Investigations

All personnel performing duties on this contract must be vetted by the Defense Health Agency (DHA) Administration Security Division (ASD). Procedures and requirements for submission can be found in DHA Administrative Instruction 5200.04, 5200.05, and DHA Internal Policy Memorandums. Vetting packages must be submitted for processing by the assigned Contracting Officers Representative (COR) or Facility Security Officer (FSO) depending on Personnel Security office of primary responsibility.

1.17.2.1 Minimum Background Investigation

All personnel performing duties on this contract must undergo, at a minimum, a Tier 1, or equivalent background investigation as required by the Office of Personnel Management Federal Investigation Standards. The Contractor shall submit all required background investigation requests the appropriate security office as described in paragraph 1.17.2. Any personnel who are found to be unsuitable shall be removed from the project at the direction of the Contracting Officer or ASD Personnel.

1.17.2.2 Access to Sensitive Information and Moderate Risk Information Systems

Personnel assigned to this contract who require access to specific categories of sensitive/controlled unclassified information and access to Unclassified Moderate Risk Information Systems may be subject to a higher Tier background investigation with a favorable final determination. Personnel falling into this category must have a valid need-to-know, determined by the Contracting Officer or COR. In situations where this paragraph applies, a justification memorandum must be submitted with the security package as described in paragraph

1.17.3 At a minimum, this memorandum should clearly identify the contract employee; Names, access requirements, and permission levels of the information system(s) required to perform duties on this contract; shall be endorsed by the applicable Information Systems Security Officer (ISSM), confirming the system requirements; signed by the government official validating the contract employee's need-to know.

Access to classified information is not required to perform duties on this contract therefore investigations processed by ASD will not result in a National Security determination. The Contracting Officer has identified the staffing requirement to be **base number (xx)**. The US Government will initiate up to **base number + 25 % (xx)** background investigations over the life of the contract. Requests in excess of this amount will require Contracting Officer approval.

1.17.3.1 Background Checks Supporting Local Anti-Terrorism/Force Protection Requirements

Screenings conducted by ASD will be limited to those required to perform duties as described in this statement of work. The Defense Health Agency does not control Military Installation Physical Security requirements; supplemental background checks may be required to for entry. Additional

costs associated with processing supplemental background checks are not covered within this contract.

1.17.4 Controlled Unclassified Information

Controlled Unclassified Information under this contract shall be safeguarded as specified in DoD Instruction 5200.48 Controlled Unclassified Information (CUI).

1.17.4.1 Access to CUI

Prior to accessing CUI, all personnel must have completed a Personnel Security screening as described in paragraph **1.17.2 Background Investigations** and received, at a minimum, a favorable HSPD-12 interim determination CUI requires safeguarding measures identified by the CUI EA in Part 2002.14 of Title 32, CFR and, as necessary, in the law, regulation, or government-wide policy with which it is associated. DoD CUI may be disseminated to DoD personnel to conduct official DoD and U.S. Government business in accordance with a law, regulation, or government-wide policy.

- (1) No individual may have access to CUI information unless it is determined he or she has an authorized, lawful government purpose.
- (2) The person with authorized possession, knowledge, or control of CUI will determine whether an individual has an authorized, lawful government purpose to access designated CUI.
- (3) CUI information may be disseminated within the DoD Components and between DoD Component officials and DoD contractors, consultants, and grantees to conduct official business for the DoD, provided dissemination is consistent with controls imposed by a distribution statement or limited dissemination controls (LDC).
- (4) CUI designated information may be disseminated to a foreign recipient in order to conduct official business for the DoD, provided the dissemination has been approved by a disclosure authority in accordance with Paragraph 3.4.c. and the CUI is appropriately marked as releasable to the intended foreign recipient.

Contractors shall ensure all employees and subcontractors granted access to CUI are informed of their responsibilities under this clause and applicable laws and policies.

1.17.4.2 CUI Protection, Handling, and Marking Requirements

Handling: Access to CUI material shall be limited to those employees needing the material to perform their duties. The CUI marking is assigned to documents and material created by a DoD User Agency. CUI is not a classification but requires extra precautions to ensure its properly safeguarded and disseminated and is not released to the public without government authorization.

Marking: All CUI shall be marked in accordance with DoDI 5200.48 and 32 CFR Part 2002. The minimum marking shall include:

- The "CUI" designation at the header and footer of each page, presentation, spreadsheet, e-mail, etc.
- Category markings (if applicable) and dissemination controls;
- The first page or cover of any document or material containing CUI, including a document with commingled classified information, will include a CUI designation indicator.
- Portion markings are encouraged but not required unless specified.

Emails containing CUI must include the acronym "CUI" in the subject line, attachments containing CUI and appropriate CUI markings in the header and footer. E-mails containing CUI should be encrypted.

CUI material released to a contractor by a DoD user agency must have the following statement on the front page or cover:

THIS DOCUMENT CONTAINS CUI MATERIAL AND MUST BE REVIEWED BY A GOVERNMENT REPRESENTATIVE UNDER THE REQUIREMENTS OF DODI 5200.48, DODI 5230.09, and DODI 5230.29.

Storage: During normal duty hours, steps will be taken to minimize the risk of access by unauthorized personnel, such as not reading, discussing, or leaving CUI information unattended where unauthorized personnel are present. Use a CUI cover sheet for single layer protection. After normal duty hours, CUI information will be stored in unlocked containers, desks, or cabinets if the government or government-contract building provides security for continuous monitoring of access. If building security is not provided, the information will be stored in locked desks, file cabinets, bookcases, locked rooms, or similarly secured areas. The concept of a controlled environment means there is sufficient internal security measures in place to prevent or detect unauthorized access to CUI. Expenditure of funds for security containers or closed areas solely for the protection of CUI material is prohibited.

Transmission: CUI information and material may be transmitted via first class mail, parcel post, or, bulk shipments. When practical, CUI information may be transmitted electronically (e.g., data, website, or e-mail), via approved secure communications systems or systems utilizing other protective measures such as Public Key Infrastructure or transport layer security (e.g., https). Avoid wireless telephone transmission of CUI when other options are available. CUI transmission via facsimile machine is permitted; however, the sender is responsible for determining whether appropriate protection will be available at the receiving location before transmission (e.g., facsimile machine attended by a person authorized to receive CUI; facsimile machine located in a controlled government environment).

Unauthorized Disclosure: Report misuse, mishandling, or Unauthorized Disclosure of CUI to the Unauthorized Disclosure Program Management Office, the Controlling Agency and the appropriate Military Department Counterintelligence Organization. While Unauthorized Disclosure of CUI does not constitute a security violation, a formal security inquiry/investigation is required if administrative action will be taken against the individual(s) responsible. Unauthorized Disclosure of certain CUI, such as export controlled-technical data, may also result in civil and criminal sanctions against responsible persons based on procedures codified in relevant law, regulation, or government-wide policy.

Processing: Unclassified Automated Information Systems (AIS) used to process CUI under this contract must meet the basic security requirements listed in the NIST SP 800-171 REV 2, "Protecting Controlled Unclassified Information in Non-Federal Systems and Organizations", 21 February 2020. AIS accredited and approved for processing classified information under this contract are also approved to process DoD CUI.

Dissemination: CUI may be disseminated between officials of DoD Agencies, DoD contractors, consultants and grantees to conduct official business for the DoD provided the dissemination is consistent with controls imposed by a Distribution Statement or Limited Dissemination Controls

(LDC). Guidance on Distribution Statements and LDCs will be provided separately by the government for any prescribed CUI Specified information. For classified contracts, this information will be contained in the program SCG. CUI always requires Foreign Disclosure Decision before release outside of DoD Agencies, DoD contractors, consultants and grantees.

Destruction: When the CUI material no longer meets the threshold for safeguarding and dissemination, it shall be immediately decontrolled, be processed through the records management process, and destroyed by the approved methods identified in DoDI 5200.48 precluding its disclosure to unauthorized individuals by rendering it unreadable, indecipherable, and irrecoverable.

1.17.5 Common Access Card Issuance

Common Access Card (CAC) issuance requires, at a minimum, a favorably adjudicated Tier 1 (T1) or higher investigation in accordance with DODI 5200.46. The contractor employee will be issued a CAC only if duties involve one of following:

- (1) Both physical access to a DOD facility and access, via logon, to DOD networks on-site or remotely
- (2) Remote access, via logon, to a DOD network using DOD-approved remote access procedures; or
- (3) Physical access to multiple DOD facilities or multiple non-DOD federally controlled facilities on behalf of the

DOD on a recurring basis for a period of six months or more. A CAC may be issued on an interim basis once a Tier 1 has been successfully scheduled with the Defense Counterintelligence and Security Agency (DCSA) and a favorable Federal Bureau of Investigation (FBI) fingerprint results.

1.17.6 Mission Partner Identity, Credential and Access Management Process

Mission Partner Identity, Credential and Access Management (MP ICAM) (formerly known as Trusted Associate Sponsorship System (TASS)): The contractor shall process CAC applications through the MP ICAM, the procedures for which are described below. Although there is no requirement for the contractor to designate a "Corporate Facility Security Officer" (FSO) to serve as its single point of contact for the BI, the MP ICAM application process and other CAC and security-related matters, such designation facilitates these processes. If a Corporate FSO is not established, all contractor employees requiring a CAC will be required to process their own applications. The submission process for CAC applications is as follows:

1. The contractor's FSO or COR shall submit requests for a CAC via email to the designated Mission Partner Affiliation Sponsor (MPAS) (formerly known as the Trusted Agent (TA)).
2. The Government will establish a MP ICAM application account for each CAC Request and each contractor employee will receive (2) automated emails from MP ICAM; a user ID and password. The contractor employee or designated proxy shall access the MP ICAM account and complete the CAC application. Once completed, the contractor employee will submit the completed application to the MPAS for next steps.
3. An automated email triggered by the MPAS will inform the contractor applicant one of the following:
 - a. Approval * Upon approval, the information is transferred to the DEERS database and an email notification is sent to the contractor with instructions on obtaining their CAC. The contractor proceeds to a RAPIDS station (RAPIDS Site Locator:

<https://idco.dmdc.osd.mil/idco/>).

- b. Rejection * The Government sponsor, in separate correspondence, will provide reason(s) for rejection.
- c. Return * Additional information or correction to the application required by the contractor employee.
- d. Transfer * Upon transfer, the contractors MP ICAM profile is now assigned to a different contract and/or MPAS for further management.

1.17.7 Foreign Nationals

The Contractor shall immediately notify the Contracting Officer of any foreign national personnel assigned to work on this contract. The Contracting Officer, in consultation with the Security Office and Foreign Disclosure Officer, will determine the eligibility of foreign national personnel for access to sensitive information and ensure compliance with applicable security protocols.

1.17.8 Security Training

The Contractor shall provide personnel security training to all employees working under this contract. Such training shall cover all applicable security requirements, including handling of classified material, protection of sensitive information, and security breach reporting procedures.

1.17.9 Reporting of Security Violations

The Contractor shall immediately report any security violations or potential security risks, including unauthorized access, mishandling of protected information, or any personnel security issues, to ASD through the COR. The Contractor shall cooperate fully with any security investigations and take any prescribed corrective action as required by the Contracting Officer.

1.17.10 Termination of Personnel

The Contractor must immediately notify the Contracting Officer and ASD if the employment of any personnel performing duties on this contract is terminated. If applicable, all visit authorizations should be canceled as soon as reasonably practicable.

1.17.11 Documentation and Records

The Contractor shall maintain records of all personnel security clearances, background investigations, and security training for the duration of the contract. These records shall be made available to the Contracting Officer or authorized ASD representatives upon request.

1.18 OTHER PERFORMANCE REQUIREMENTS

1.18.1 Program Management Plan

The Contractor shall develop a Program Management Plan (**CDRL A005 – PMP**).

The Management Plan shall consist of the organizational structure, the assignment of functions, duties, and responsibilities, the procedures and policies and the reporting requirements that are established for the initiation, monitoring, control, completion, test, and verification, and reporting of contractual tasks, projects, and programs. The Contractor shall submit a draft plan with initial proposal and a final copy will be submitted 30 calendar days after contract award. The Management Plan shall cover the program management methodology, personnel, security, and the reports as described herein.

- a. Standardization of program management (PM) processes and procedures
- b. Maintenance of PM guidelines to ensure they are current (at least on annual basis)
- c. Communication/coordination with other Contractor staff
- d. Identification of milestones where Government information/activity is required and timeline dependencies for subsequent Contractor activities, and
- e. A detailed staffing plan

1.18.2 Monthly Performance Review

The Contractor shall submit a Monthly Progress Report (**CDRL A006 - MPR**) that details the previous month's achievements and progress on emerging and existing tasks, staffing plans and forecasts, as well as financial analysis of contract expenditures including variance analysis compared to baselined and forecasted plans and section.

The Contractor shall require all subcontractors to provide input to the MPR where there are critical or significant tasks related to the prime contract. Critical or significant tasks shall be defined by mutual agreement between the Government and Contractor.

- a. Program status to include objectives met, work completed and work outstanding
- b. Notable achievements
- c. Issues or obstacles impeding progress and recommended solution
- d. Status of deliverables/milestones
- e. Issues and resolutions
- f. Resource planning/status
- g. Topics or issues identified by the COR
- h. Description of work completed and plans for next month
- i. Planned leave and coverage

1.18.3 Contingency Operations Plan

The Contractor shall prepare and submit a Contingency Operations Plan to the Government (**CDRL A007 - COOP**). The Contingency Operations Plan shall be due ten (10) calendar days after the award of the contract and shall be updated on a quarterly basis. The Contingency Operations Plan shall document Contractor plans and procedures to maintain DHA support during an emergency. The Contingency Operations Plan shall include the following:

- a. A description of the Contractor's emergency management procedures and policy
- b. A description of how the Contractor will account for their employees during an emergency
- c. Planned temporary work locations or alternate facilities
- d. How the Contractor will communicate with DHA during emergencies
- e. A list of primary and alternate Contractor points of contact, each with primary and alternate:
 - 1. Work phone numbers,
 - 2. Home phone numbers,
 - 3. Cell phone numbers, and
 - 4. E-mail addresses
- f. Procedures for protecting Government furnished equipment (if any)
- g. Procedures for safeguarding sensitive and/or classified Government information (if applicable)

PART 2
2.0 DEFINITIONS, ACRONYMS, AND APPLICABLE
PUBLICATIONS/INSTRUCTIONS

2.1 Definitions:

2.1.1 Category D: Information Technology (IT) and Telecommunications Services (called D-Services)

2.1.2 Category R: Support (Professional/Administrative/Management) Services (called R-Services)

2.1.3 Contracting Officer (CO): A person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings.

2.1.4 Contracting Officer's Representative (COR): An individual, including a contracting officer's technical representative (COTR), designated, and authorized in writing by the CO to perform specific technical or administrative functions. This individual does NOT have authority to change the terms and conditions of the contract.

2.1.5 Nonpersonal services contract: a contract under which the personnel rendering the services are not subject, either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees.

2.1.6 Quality Assurance Surveillance Plan (QASP): An organized written document specifying the surveillance methodology to be used for surveillance of contractor performance. The Government may either prepare the QASP or require the offerors to submit a proposed quality assurance surveillance plan for the Government's consideration in development of the Government's plan.

2.1.7 Contract Administrator: The official Government representative delegated authority by the Contracting Officer to administer a contract. This individual is normally a member of the appropriate Contracting/Procurement career field and advises on all technical contractual matters

2.1.8 Contractor: A supplier or vendor awarded a contract to provide specific supplies or services to the Government. The term used in this contract refers to the prime.

2.1.9 Defective Service: A service output that does not meet the standard of performance associated with the Performance Work Statement.

2.1.10 Deliverable: Anything that can be physically delivered but may include non-manufactured things such as meeting minutes or reports.

2.1.11 Government Furnished Property (GFP) or Government Property (GP): Property in the possession of, or directly acquired by, the Government and subsequently made available to the Contractor.

2.1.12 Key Personnel: Contractor personnel that may be required to be used in the performance of a contract by the Key Personnel listed in the PWS.

2.1.13 Physical Security: Actions that prevent the loss or damage of Government property.

2.1.14 Quality Assurance: The Government procedures to verify that services being performed by the Contractor are acceptable in accordance with established standards and requirements of this contract.

2.1.15 Quality Assurance Specialist: An official Government representative concerned with matters pertaining to the contract administration process and quality assurance/quality control. Acts as technical advisor to the Contracting Officer in these areas.

2.1.16 Quality Control: All necessary measures taken by the Contractor to assure that the quality of an end product or service shall meet contract requirements.

2.1.17 Subcontractor: One that enters into a contract with a prime contractor. The Government does not have privity of contract with the subcontractor.

2.1.18 Workday: The number of hours per day the Contractor provides services in accordance with the contract.

2.1.19 Work Week: Monday through Friday, except for Federal holidays unless specified otherwise.

2.3 Applicable **Publications, DHA Administrative Instructions (AI), etc.** The Contractor (to include subcontractors) must abide by all applicable regulations, publications, manuals, and local policies and procedures.

PART 3

3.0 GOVERNMENT FURNISHED PROPERTY, EQUIPMENT, AND SERVICES

The Requiring Activity Authority has assessed the need for Government Furnished Property, Equipment, and Services and determined:

3.1 **Services:** The Government:

☐ Will **NOT** provide Government Furnished Services in support of this contract/task order. As a result, this paragraph is Not Applicable.

☒ **WILL** provide Government Furnished Services required in support of this contract/task orders. These Services are described below:

- a. Local Area Network
- b. VPN

3.2 **Facilities:** The Government:

☐ Will **NOT** provide Facilities in support of this contract/task order. As a result, this paragraph is Not Applicable.

☒ **WILL** provide Facilities in support of this contract/task orders. The Government will provide the necessary workspace for the contractor staff to provide the support outlined in the PWS to include desk space, telephones, computers, and other items necessary to maintain an office environment. The Government provided Facilities are described below:

- a. 7700 Arlington Blvd, Falls Church, VA 22042

3.3 **Utilities:** The Government:

☐ Will **NOT** provide Utilities in support of this contract/task order. As a result, this paragraph is Not Applicable.

☒ **WILL** provide Utilities in support of this contract/task orders. The Government provided Utilities are described below:

- a. The Government will provide utilities such as energy/lights, water, sewage, and trash service as applicable for use in performance of the contract task/order.

3.4 Equipment: The Government:

☐ Will **NOT** provide Equipment in support of this contract/task order. As a result, this paragraph is Not Applicable.

☒ **WILL** provide Equipment in support of this contract/task orders. The Government provided Equipment is described below:

The Government will provide telephones, facsimile machines, copiers, and computer equipment to include laptops for use in performance under this contract/task order. This equipment is authorized for transaction of official Government business only and shall not be used for personal business. Personal long-distance calls are not authorized, and the cost of all personal long-distance calls made by contractor or subcontractor employees may be deducted from the contractor/s invoice payments. Telephones, facsimile machines, and computer equipment to include laptops are always subject to communications security monitoring. Contractor and subcontract employees may be issued keys signed for at scheduled and unscheduled key control inspections. The contractor shall be required to reimburse the Government for lost keys, or lockset (if lockset is required to be replaced) because of lost keys. The cost of replacement of keys/locksets may be deducted from payments to the contractor. Items issued will remain the property of the Government and the contractor will maintain proper accountability of issued equipment. Equipment shall not be removed from the facilities shown in paragraph 3.2 above, unless otherwise specified in the PWS. They are to be used, turned in and/or disposed of as directed by the COR or CO.

3.4.1 Procurement Integrated Enterprise (PIEE), GFP Module Application

The contractor shall be responsible for obtaining and maintaining access, training, and successful operation of the PIEE/GFP Module application for the entirety of the contract/task order PoP. The PIEE GFP Module application is located at the following website: <https://wawf.eb.mil/piee-landing/>. Access to PIEE/GFP Module application training materials and in-depth information applicable to the contractor's responsibilities regarding GFP can be found at the following website: <https://dodprocurementtoolbox.com/>.

Contracting Office Responsibilities:

The Contracting Office shall ensure close coordination and validation of the GFP items with the COR and DHA Accountable Property Officer prior to uploading the GFP Attachment into the PIEE/GFP Module. At the time GFP is anticipated and identified, the Government will upload the GFP Attachment into the PIEE/GFP Module. It is the Contracting Office's responsibility to prepare, upload and maintain the GFP Attachment in the PIEE/GFP Module in accordance with the GFP Attachment instructions provided at the DoD Procurement Toolbox. The CO and COR shall manage and keep an inventory of any GFP associated with contract/task orders awarded through DHA, in accordance with applicable FAR Part 45, DoD FAR Supplement (DFARS) 245 with respective clauses, DHA AI 095 and PD 45-01 following the change in disposition of items listed on that PIEE/GFP Module Attachment.

The contracting office will also review, acknowledge, reject and/or approve shipment orders provided by the contractor as appropriate. Functional roles can be determined within the Contracting Office and requested within the PIEE/GFP Module system.

Contractor Responsibilities:

A key contractor responsibility is to work with the CO and COR to ensure the PIEE/GFP Module data, to include the PIEE/GFP Attachment, provides a timely, complete, and accurate accounting of the GFP applicable to the contract/task order. Contractors are required to report the receipt of any GFP shipped to them, regardless of whether it is listed on the GFP Attachment for their contract. Similarly, contractors are required to utilize the GFP Module application in conjunction with the shipment of GFP to the Government, or in reporting Property Loss of GFP issued (such as destruction or loss). Discrepancies or disputes regarding property shipped to or shipped from the contractor must be reported via the GFP Module application, with the CO having authority over final designation of status.

The contractor shall report semi-annually 100% inventories, reconciliations, and final disposition of GFP provided by the government. Final invoices will not be paid pending GFP reconciliation. Contractors shall be aware of and ensure compliance with applicable FAR Part 45, DFARS 245 and 252.245, Defense Pricing and Contracting Policies, Procurement Integrated Enterprise Environment Standards, DHA Administrative Instruction 094 and DHA Guidance.

3.5 Materials: The Government:

☐ Will **NOT** provide Materials in support of this contract/task order. As a result, this paragraph is Not Applicable.

☒ **IS** providing Materials in support of this contract/task orders. The Government-provided Materials are described below:

- a. In-House Service Training Guides
- b. Standard Operating Procedures
- c. Policies and Procedure Guidelines
- d. Applicable service specific Program Guidance

PART 4

4.0 CONTRACTOR FURNISHED ITEMS AND SERVICES

4.1 Services: The Contractor:

☒ Will **NOT** provide Contractor Furnished Services in support of this contract/task order. As a result, this paragraph is Not Applicable.

☐ **WILL** provide Contractor Furnished Services required in support of this contract/task orders. These Services are described below: NA

4.2 General: The contractor shall furnish all supplies, equipment, facilities, and services required to perform work listed under Section 5 of this PWS.

4.3 Secret Facility Clearance: NA

4.4 Materials: NA

4.5 Equipment: NA

4.6 Facilities: NA

PART 5

5.0 SPECIFIC TASKS

5.1 Program Management Support Services

The Contractor shall provide day to day oversight of inventory management at the Defense Health Headquarter (DHHQ). Other sites within the National Capital Region (NCR) may require inventory support in conjunction with DHHQ inventory management.

5.1.1 Duties shall include customer service interaction with military and civilian consumers fulfilling inventory orders. Inventory sustainment shall include managing acceptable inventory levels through the General Service Administration (GSA) Stock fund as well as credit card purchases. Additional sustainment functions shall include tracking orders, performing monthly reconciliations and reporting balances. The contractor shall monitor performance and/or issues throughout the year.

The Contractor shall:

- a. Track GSA invoice receivables, assist with catalog orders, and fill daily supply orders.
- b. Maintain expendable supply inventory, track GSA Advantage orders, and perform monthly supply inventories.
- c. Ensure supply products are available to DHA government offices. Adjust inventory balances as applicable based on usage and spending patterns.
- d. Prepare logistics spreadsheets for each organization to identify monthly spending habits of supplies.
- e. Track yearly inventory budget to expenses.
- f. Customer service requirements shall consist of: Working with internal customers to determine new supply requirements as well as working with external vendors regarding new products.
- g. Create, maintain, and/or enhance electronic tracking tool(s) as required for automation of information and improved reporting.

5.1.2 Maintain and update databases and programs

The Contractor shall support updating existing databases and toolsets to support emergent needs and to produce additional reporting capability. The Contractor shall compile, collate, analyze, and summarize data for the DHA Automated Emergency Notification System. The Contractor shall coordinate and collect information for the DHA Automated Emergency Notification Roster.

5.2 Duplication Center Support

The Contractor shall provide technical support for the DHA Duplication Center which is in a space covering approximately 1,583 net square feet (NSF). Support shall include, but not limited to, the following:

- a. Operation and maintenance of the various systems and equipment in the Duplication Center. Provide Tier 1 technical support for equipment, performing routine repairs and escalate service issues as needed.
- b. Coordinate technical installs, upgrades and equipment reconfiguration with help desk as applicable.
- c. Provide analysis of Duplication Center systems and make recommendations for technical solutions to meet emergent customer requirements.

- d. Conduct market research on equipment and software for the Duplication Center as needed.
- e. Assist in coordinating service calls with vendors for Duplication Center equipment maintenance and repairs.
- f. Provide service and technical advice to walk up customers regarding print jobs.
- g. Provide consultation support to analyze customer requirements and develop recommendations to address their specialized printing needs.
- h. Respond to customer e-mail requests for printing needs and questions.
- i. Coordinate with customers throughout the process to ensure that final print product meets their needs.
- j. Support AM&P and other leaders on special print jobs and projects to include retirement programs, posters, special letterheads, business cards, brochures, booklets, and displays.
- k. Provide graphic support to format files derived from Microsoft Office applications, Visio, Adobe PDFs, JPEGs, etc. and designs to meet print specifications.
- l. Bind and collate products as applicable.
- m. Sort and package print products for delivery and/or shipping.
- n. Track status of pending print requests and jobs, and report to AM&P leaders as needed.
- o. Update and record all jobs printed in the Duplication Center for the month
- p. Prepare various reports for AM&P leadership regarding inventory and Duplication Center usage as needed.
- q. Conduct inventory of necessary supplies needed for the Duplication Center and order supplies.
- r. Organize supplies in the Duplication Center for easy access.
- s. Complete forms to order printing from U.S. Government Printing Office (GPO) and Defense Logistics Agency (/DLA) Perform coordination and follow up with customers and outsource organizations to ensure accurate and timely completion of print jobs.
- t. Prepare documentation and conduct training and user orientation on Duplication Center equipment for AM&P staff and customers as applicable.

The Contractor shall create, maintain, and/or enhance electronic tracking tool(s) as required for automation of information. improved reporting of Duplication Center job status, and increased efficacy in operations.

The Contractor shall have access to and know how to utilize all government equipment in the performance of the tasks. This equipment is Government property and is managed and tracked by the Government and shall not leave the worksite.

5.3 Fitness Center Services

The Government requires two (2) FTEs and two (2) part-time FTEs concurrently to support this task between the hours of 5:30 am to 6:00 pm (EST) Monday through Friday except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. The on-site contractor shall be responsible for operating the day-to-day functions of the fitness center. The Contractor shall be responsible for planning, maintaining, coordinating and executing fitness activities and class schedules throughout the year. The Contractor shall meet and greet customers as well as inform them of the general use and policy of the facility. The Contractor shall assist in monitoring general safety protocols for the fitness center and customer compliance to safety guidance, and report any issues, as appropriate, to the government for resolution. The Contractor shall also serve as the primary help desk POC for fitness center hardware and equipment malfunctions.

The fitness center area consists of the following:

- Laundry Room - 163 NSF
- Storage - 112 NSF
- Multi-Purpose Room – 1,100 NSF
- Storage - 65 NSF
- Fitness Center – 5,174 NSF
- Multi-Purpose Room - 343 NSF
- Men's Locker Room – 1,207 NSF
- Women's Locker Room – 1,335 NSF
- Fitness Center Area Total is 9,499 NSF

The Contractor shall:

- a. Assist the Chief, AM&P Division, in the overall operation of the fitness facility.
- b. Assist in coordinating instructors, contractors, athletic activities, and related functions throughout the year.
- c. Validate all participants/guests have the DHHQ Fitness Center Waiver Form completed and on file.
- d. Provide oversight of the operation of the front desk, vendors, and repair technician.
- e. Responsible for greeting, assisting and directing the participants/guests. Issues/receives equipment to authorized users.
- f. Consolidate various reports for leadership regarding inventory and facility usage accountability monthly.
- g. Act as the primary point of contact (POC) to coordinate with repair vendor for hardware and equipment maintenance and malfunctions
- h. Coordinate, track and report on events or classes with AM&P leadership. Assist with publicity of programs and events and assist with the delivery and placement of posters, flyers and other promotional material.
- i. Coordinate, establish, and maintain communications with the volunteer's fitness instructors.
- j. Create and distribute the monthly fitness center instructional class schedules.
- k. Monitor fitness equipment condition; track maintenance repair or replace as appropriate. Place supply requests and coordinate equipment service and repair orders.
- l. Generate reports to AM&P leaders on equipment status/repairs and fitness center usage.
- m. Partner with the DHHQ Building Facilities Maintenance on repairs and maintenance and general upkeep in the fitness center facility.
- n. Coordinate with the facility cleaning contractors regarding the towel service, shower curtains and supply inventory are maintained.
- o. Monitor and ensure that the established goals for the fitness center facility are met and that customer service, employee surveys, employee questions and reasonable employee requests are met in a timely manner.
- p. Provide a monthly fitness goals report which includes data related to the incoming count of gym attendees, tracking/logging of equipment that has been maintained or requires a maintenance/service visit and other important day-to-day fitness operations.

The Contractor shall create, maintain, and/or enhance electronic tracking tool(s) as required for automation of information. improved reporting by the Fitness Center, and increased efficiency in operations.

5.4 Graphic Design Services

The onsite contractor shall work directly with internal DHHQ military and civilian customers providing graphic support using the DHA style guide. The government requires the contractor to support this task between the hours of 7:00 am to 3:30 pm (EST) Monday through Friday except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. The contractor shall advise, create and build various documents and other products in accordance with customer requirements. The contractor must track and prioritize workload while maintaining tight deadlines. Additional duties shall also consist of creating blue lines and various proofs throughout the process.

The Contractor shall:

- a. Design and produce marketing communications (print and digital) artwork for a wide variety of internal DHA customers.
- b. Provide computer-aided design (CAD) services.
- c. Collaborate with creative teams, internal/external account teams and internal clients to develop design solutions.
- d. Ensure agency style guide (uphold brand identity) and design theme is appropriate and accurately applied throughout DHA's print and digital media.
- e. Conduct consultations with customers regarding their graphic job request or attend meetings as assigned. The volume is about 150 per month.
- f. Manage production of all design print pieces from inception to delivery.
- g. Creatively seek out new technical products and maintain cutting edge industry knowledge that shall help DHA to stay abreast of industry trends.

5.5 DHA Mailroom Administrative and Technical Support

The Contractor shall support this task between the hours of 7:30 am to 4:00 pm (EST) Monday through Friday except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. Responsible for the day-to-day operation of the DHA mailroom including mail monitoring and delivery. Duties include receiving, sorting and delivering official mail to DHA offices throughout the DHHQ and Pentagon. Responsibilities include processing all classes of mail including express mail and private courier. Duties also include maintaining, updating and customizing tracking systems and coordination of incoming and outgoing mail and packages. The Contractor shall create, maintain, and/or enhance electronic tracking tool(s) as required for automation of information. improved reporting of DHA Mailroom activity status, and increased efficacy in operations.

The Contractor shall utilize the Government shuttle bus to perform the following:

- a. Perform the delivery tasks of pick-up and drop off at the Pentagon or other required facility (within the NCR) of customer material in a polite, resourceful and professional manner.
- b. Provide basic customer service (meeting, greeting, informing and distribute mail).
- c. Receive, sort, process and route official incoming and outgoing mail. Average volume is 500 per month.

- d. Receive, sort, process and arrange for pick-up of express delivery mail (e.g. FedEx, UPS, DHL, etc.) Processing includes completing the paperwork and transaction needed for the respective couriers. Average volume is about 35 per month.
- e. May be required to lift and/or carry mail flats/bags weighing up to 70 lbs. and walk considerable distances each day.
- f. Work is performed within pickup and delivery deadlines.
- g. Collect, sort and deliver incoming, outgoing and interdepartmental mail; operate various mail systems.
- h. Receive and sort mail by departments and place in proper boxes for pickup.
- i. Dispose of junk mail.
- j. Receive, sort, and meter outgoing U.S. mail.
- k. Receive and process incoming and outgoing insured, certified, express and registered mail and parcels according to postal regulations.
- l. Maintain and update tracking system for location, delivery and disposition of all incoming and outgoing mail
- m. Locate proper addresses and make corrections for misdirected mail, forward mail according to United States Postal Service regulations.
- n. Ensure office is adequately stocked with mail supplies.
- o. Close out postage meter at end of shift.
- p. Prepare and process necessary paperwork related to mail services; maintain records on quantities and descriptions of materials received and distributed.
- q. Perform other duties as required, such as delivery of supplies dependent on area or department of assignment.
- r. Knowledge of postal regulations and records management.
- s. Coordinate records management for the office.
- t. Alternate coverage for the Mail Distribution Center is required when assigned personnel are out of the office more than four hours at any given time.

The contractor shall have access to and know how to utilize the following government equipment in the performance of the tasks. This equipment is Government property and is managed and tracked by the Government and shall not leave the worksite.

5.6 Support for the DHA Parking Office

The Contractor shall support the Defense Health Agency Parking Office. The Government requires the contractor to support this task between the hours of 8:00 am to 4:30 pm (EST) Monday through Friday except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. This shall include receiving parking requests from personnel assigned to DHHQ and the Gatehouse building and authorized DHHQ visitors for permanent and temporary parking passes. The Contractor shall input parking requests into an automated database and maintain the accuracy of the database and related hardcopy files. The Contractor shall also create, maintain, and/or enhance electronic tracking tool(s) as required for automation of information. improved reporting of the DHA Parking Office, and increased efficiency in operations.

5.7 DHHQ Pavilion and Conference Room Scheduling

Contractor shall be responsible for scheduling events in the DHHQ Pavilion and the DHHQ Executive Conference Room. Contractor shall be responsible for coordinating scheduled events

with the designated event POC within the contracted hours. The Contractor shall have meeting support staff onsite 1 hour prior to the start time of a meeting. The Contractor shall meet with event POCs to confirm requirements to include, AV/IT support and other logistical support. The Contractor shall work closely with Deputy Assistant Director (DAD) Information Operations (IO) IT contractor support personnel to ensure the in- room audio systems, podiums, handheld or lavalier microphones are properly working for meetings, seminars, symposiums, conferences, and other major events. The Contractor shall respond to all routine requests within 48 hours. The Contractor shall immediately address short notice requests and space based on availability.

The Contractor shall also provide the following services:

- a. Collect data that captures, and documents utilization of the non-DAD assigned to the DHHQ Executive Conference room and the DHHQ Pavilion.
- b. Be familiar with scheduling software to be able to train other staff support
- c. Manage onsite conference room scheduling system – SharePoint Conference Room Scheduler
- d. DHHQ Pavilion and DHHQ Executive Conference Room availability and reservations inquiries may be made over the phone, in person or via email; all reservations must be finalized via email, signed request form DHHQ Form 07. Conference rooms will be scheduled 24 hours in advance and the DHHQ Pavilion will be scheduled approximately 5 calendar days in advance of the meeting, conference, or event date.
- e. Contractor shall be responsible for the operation of the meeting scheduling system.
- f. Provide customer assistance as needed (i.e., troubleshooting AV issues or other general service issues).

5.7.1 DHHQ Pavilion and Conference Room Support Operations

The Contractor shall provide Operations Support services for scheduling, operations, maintenance, and management of the meeting rooms. The Government provides Audio Visual (AV) equipment, as well as tables and chairs. The Executive Conference Room is configured based on its size and the Government does not anticipate the furniture in this room will be rearranged.

If for any reason the meeting rooms are not supported by SharePoint Conference Room Scheduler, the contractor shall be responsible for developing an electronic registration process for room reservations. The Contractor shall provide the services required to schedule and configure the Pavilion and Executive Conference Room meeting rooms in a manner that meets the needs of the event POC. Rooms will be scheduled in advance.

The Contractor shall also be responsible for:

- a. Appropriate and safe use of equipment to include projection equipment, lighting and sound systems at the end of each event. At the end of each day the Contract staff shall ensure the Pavilion is secure with all rooms locked and all equipment turned off.
- b. Restore the conference rooms to their original configuration, placing emphasis on ensuring rooms are restored to their original condition.
- c. Contractor shall inventory each meeting room daily to identify and report to the COR any damage, broken lights, missing furniture, or any other items which may be out of place.
- d. Contractor shall be responsible for the set-up and/or check out of various equipment including, but not limited to: InFocus projectors, flip charts, laptops, monitors, VCR/DVD player, microphones, electronic easels, and videotapes.

- e. Contractor shall provide services which may include lifting and moving equipment up to 50lbs as required.

PART 6

6.0 INFORMATION TECHNOLOGY & SECURITY

6.1 All work under this contract is unclassified.

6.2 The TIER 1 or TIER 2 levels and position sensitivity designation for positions under this contract is: TIER II.

6.2.1 TIER II: Non-critical sensitive position

6.3 Personally **Identifiable Information (PII)/Protected Health Information (PHI), Procurement, and Federal information requirements:**

6.3.1. Data Sharing Agreements (DSAs): Contractors requiring access to PII, which includes PHI, or access to de-identified data, are subject to the DHA Privacy and Civil Liberties Office (DPCLO) (Privacy Office) Data Sharing Program. This program requires DHA to enter into DSAs with parties outside the MHS who use or create MHS data. A DHA contract may use the term Data Use Agreement (DUA) rather than DSA. DSAs assure that outside parties protect MHS data in accordance with the Privacy Act and the HIPAA Rules. To apply for a DSA, the contractor submits a Data Sharing Agreement Application (DSAA) to the DHA DPCLO. The contractor submits the DSAA even if a subcontractor will be the party accessing MHS data. After review and approval of the DSAA, the Privacy Office provides a DSA to the contractor for execution.

6.3.2. Processing Procurement Sensitive Information: All individuals shall seek guidance from the CO regarding the coordination of documents, dissemination, and transmission of procurement sensitive information. Procurement sensitive information shall not be transmitted electronically unless encryption is utilized. Depending on a particular procurement, other restrictions may apply.

6.4 Training

6.4.1 Contractor employees performing cybersecurity/cyberspace functions shall comply with the following requirements:

6.4.1.1 Training: All contractor and associated subcontractor employees working for Cybersecurity Information Assurance (IA)/Cyberspace functions must comply with DoD training requirements in Department of Defense Directive (DoDD) 8140.01 and DoD 8570.01-M. Contractors shall identify, document, track, and report qualifications of contract support personnel who perform cyberspace work roles.

6.4.1.2 Certification: The contractor shall ensure that personnel accessing IS have the proper and current IA certification to perform IA functions at contract award in accordance with DoD 8570.01-M, IA Workforce Improvement Program. The contractor shall meet the applicable IA certification requirements as outlined in DFARS 252.239-2001, including:

6.4.1.2.1 DoD-approved IA workforce certifications appropriate for each category and level as listed in the current version of DoD 8570.01-M; and

6.4.1.2.2 Appropriate operating system certification for IA technical positions as required by DoD 8570.01-M.

6.4.1.2.2.1 Upon request by the Government, the contractor shall provide documentation supporting the IA certification status of personnel performing IA functions.

6.4.1.2.2.2 Contractor personnel who do not have proper and current certifications shall be denied access to DoD IS for the purpose of performing IA functions.

6.4.2 User requirements: All contractor employees that require access to DHA IT must comply with the requirements of DHA-Procedural Instruction 8140.01, Acceptable Use of DHA IT, to include those contract employees with privileged access.

6.5 Cybersecurity Requirements for Non-DoD IT or Covered Contractor IS: *Reserved*

6.6 Risk Management Framework (RMF) for DoD IT: *Reserved*

6.7. Facility Related Control Systems: *Reserved*

6.8. System Communications - *Reserved*

6.9 MHS Demilitarized Zone (DMZ) Medical Community of Interest (MedCOI) Business-to-Business (B2B) Gateway

6.9.1 If there is an external system connection to a DoD IS required, then the contractor shall, in accordance with contract requirements, connect to the DHA B2B Gateway via a contractor procured Internet Service Provider (ISP) connection.

6.9.2 The contractor shall assume all responsibilities for establishing and maintaining their connectivity to the B2B Gateway. This shall include acquiring and maintaining the circuit used to connect to the B2B Gateway and the acquisition of a Virtual Private Network (VPN) device maintenance agreement and license compatible with the MHS VPN device. The list of compatible devices is detailed in the DHA B2B/MedCOI Gateway questionnaire.

6.9.3 The contractor shall submit a completed current version of the DHA B2B Gateway questionnaire to their Contracting Officer or COR within 10 calendar days after new requirements have been provided to the contractor.

6.9.4 The contractor shall provide information specific to their connectivity requirements, proposed path for the connection and last mile diagram.

6.10 Contractor Provided IT Infrastructure

6.10.1 Platforms shall support HyperText Transfer (Transport) Protocol (HTTP), HyperText Transfer (Transport) Protocol Secure (HTTPS), web-derived Java Applets, and Secure File Transfer Protocols (SFTPs) (e.g., SFTP, Secure Socket Layer/Transport Layer Security), and all software that the contractor proposes to use to interconnect with DoD facilities.

6.10.2 The contractor shall configure their networks to support access to Government systems (e.g., configure ports and protocols for access).

6.10.3 The contractor shall provide full-time connections to a TIER 1 or TIER 2 ISP. Dial-up ISP connections are not acceptable. All IP addresses need to be publicly routable. Private address space using Network Address Translation will not be permitted.

6.10.4 The contractor shall maintain a valid maintenance contract and pertinent licenses for all devices connected to the MHS B2B Gateway.

6.11 System Authorization Access Request (SAAR), Defense Department (DD) Form 2875

6.11.1 The contractor shall submit the most current version of DD Form 2875, "System Authorization Access Request (SAAR), in accordance with CO guidance for all contractors that use the DoD Gateways to access Government IT systems and/or DoD applications shall. A DD Form 2875 shall be completed for each contractor employee who will access any system and/or application on a DoD network. The DD Form 2875 shall clearly specify the system and/or application name and justification for access to that system and/or application.

6.11.2 The contractor shall submit the completed DD Form 2875 to the DHA IT Security for verification of Tier I or Tier II Designation. The DHA Personnel Security will verify that the contractor employee has completed the appropriate background investigation or a request for background investigation has been submitted to the Office of Personal Management (OPM). Acknowledgment from OPM that the request for a background investigation has been received and that an investigation has been scheduled will be verified by the DHA Personnel Security prior to access being approved.

6.11.3 Upon approval, DHA will notify the user of the ID and password via secure/encrypted e-mail upon the establishment of a user account. User accounts will be established for individual use and may not be shared by multiple users or for system generated access to any DoD application. Misuse of user accounts by individuals or contractor entities will result in termination of system access for the individual user account.

6.11.4 The contractor shall conduct a monthly review of all contractor employees who have been granted access to DoD IS/networks to verify that continued access is required

6.11.5 The contractor shall provide the DHA DPCLO with a report of the findings of their review by the 10th day of each month following the review. Reports identifying changes to contractor employee access requirements shall include the name, DoD ID number from CAC, Company, IS/network for which access is no longer required, and the date access will be terminated.

6.12 MHS Systems Telecommunications

6.12.1 The primary communication links shall be via encrypted tunnels (i.e., Secure Internet Protocol (IPSEC), GetVPN, or Secure Socket Layer) between the contractor's primary site and the MHS B2B Gateway.

6.12.2 The contractor shall place the VPN appliance device outside the contractor's firewalls and shall allow full management access to this device (e.g., in router access control lists) to allow Central VPN Management services provided by DHA or other source of service as designated by the MHS to remotely manage, configure, and support this VPN device as part of the MHS VPN domain.

6.12.3 The contractor shall procure and configure for operation an auxiliary VPN device for backup purposes to minimize any downtime associated with problems of the primary VPN.

6.12.4 The contractor shall send devices to the MHS VPN management authority (e.g., DHA) via postage paid and include prepaid return shipping arrangements for the device(s).

6.12.5 The MHS VPN management authority (e.g., DHA) will remotely configure and manage the VPN appliance once installed by the contractor.

6.12.6 The contractor shall be responsible for the maintenance and repair of contractor procured VPN equipment.

6.12.7 The Government will be responsible for the troubleshooting of VPN equipment.

6.13 Establishment of Telecommunications

6.13.1 Telecommunications shall be established with the MHS through coordination with DHA.

6.13.2 The contractor and DHA Program Office shall identify their requirement(s) for the establishment of telecommunications with the MHS and/or other Government entities.

6.13.3 The DHA/MedCOI B2B Gateway Questionnaire (provided by DHA) identifies the required telecommunication infrastructure between the contractor and the MHS systems. This includes all Wide Area Network, Local Area Network, VPN, Web DMZ, and B2B Gateway access requirements.

6.13.4 The contractor shall complete their applicable portion of the questionnaire and shall return it to the DHA designated POC for review and approval.

6.13.5 The contractor shall, Upon Government request, provide technical experts to provide any clarification of information provided in the questionnaire. DHA will review and process the questionnaire when it is accepted.

6.13.6 DHA will coordinate any requirements for additional information with the POC and schedule any meetings required to review the Questionnaire. Upon approval of the Questionnaire, DHA will coordinate a testing meeting with appropriate stakeholders.

6.13.7 DHA will notify the contractor POC of the meeting schedule. The purpose of the testing meeting is to complete a final review of the telecommunication requirements and establish testing dates.

6.14 Contractors Located on Military Installations

6.14.1 The contractor(s) shall coordinate/obtain the connections with the local MTFs/ Enhanced Multi-Service Markets (eMSMs) and Base/Post/Camp communication personnel located on a military installation who require direct access to Government systems.

6.14.2 These connections will be furnished by the Government.

6.14.3 Contractors located on military installations that require direct connections to their networks shall provide an isolated IT infrastructure. They shall coordinate with the Base/Post/Camp communications personnel and the MTF/eMSM to get approval for a contractor procured circuit prior to installation to ensure the contractor is within compliance with the respective organizational security policies, guidance, and protocols.

Note: In some cases, the contractor may not be allowed to establish these connections due to local administrative/security requirements.

6.14.4 The contractor shall be responsible for all security certification documentation as required to support DoD IA requirements for network interconnections.

6.14.5 The contractor shall provide, on request, detailed network configuration diagrams to support IA accreditation requirements.

6.14.6 The contractor shall comply with IA accreditation requirements. All network traffic shall be via Transmission Control Protocol/Internet Protocol using ports and protocols in accordance with current Service security policy. All traffic that traverses MHS and/or military Service

Base/Post/Camp security infrastructure is subject to monitoring by security staff using Intrusion Detection Systems.

PART 7

7.0 ATTACHMENTS/TECHNICAL EXHIBIT LISTING

7.1 The following forms are to be completed by the FSO/Security POC, or COR once the contractor is granted the proper background investigation.

7.1.1 NDA - **Attachment 2**

7.1.2 Contractor CAC Request Process **Attachment 3 and 4**

7.1.3 DHA's contractor training instructions - **Attachment 5**

7.1.4 DHA's new employee handbook - **Attachment 6**

7.1.5 Contractor Onboarding Checklist – **Attachment 7**

7.1.6 Acceptable use of DHA IT – **Attachment 8**

7.1.7 GFP – **Attachment 9**

PART 7, Technical Exhibit 1

PERFORMANCE REQUIREMENTS SUMMARY

The contractor service requirements are summarized into performance objectives that relate directly to mission essential items. The performance threshold briefly describes the minimum acceptable levels of service required for each requirement. These thresholds are critical to mission success.

Task	Indicator	Standard	Acceptable Quality Level	Method of Surveillance	Incentive
PRS 1 – Program Management Support (PWS Task 5.1)	Provide Management Oversight	Monthly reconciliation of inventory, tracking of inventory balances, and tracking of GSA and vendor orders and receipts.	No more than two (2) complaints per quarter. Zero reconciliation failure for the quarter.	Observation and written documentation.	Past performance rating

PRS 2 – Fitness Center (PWS Task 5.3)	Provide Customer Service	Technically accurate, knowledgeable, and applicable responses to customer and staff queries/request for information or direction	Professional demeanor actively works to diffuse versus escalating difficult situations, with no more than 2 customer complaints or negative customer feedback per month	Observation and written documentation.	Past performance rating
PRS 3 – Graphic Design (PWS Task 5.4)	Development of organized, well-designed projects	Projects are provided on time with consistently high-quality, error-free, and organized content	No more than two (2) incidents quarterly of projects being delivered late and/or with poor quality content and organization	Observation and written documentation.	Past performance rating
PRS 4 -- Staffing (PWS Task 5.1)	Staffing compliance	Contractor personnel are consistently available at the Government site at the staffing levels agreed to in the contract.	No more than two (2) instances per month per office when contractor coverage is below the required staffing levels, unless valid emergent or exigent circumstances apply	Observation and written documentation.	Past performance rating
PRS 5 -- Monthly Progress Report (MPR) (PWS 1.18.2)	MPR Conforms to requirements.	MPR is submitted, outlining the expenditures, billings, progress, status, and any problems/ issues encountered in the performance of this task.	95% on time for due date; 5% error rate on accuracy of documentation	Observation and written documentation	Past performance rating

**PART 7, TECHNICAL EXHIBIT 3
DELIVERABLES SCHEDULE**

Deliverable #	Initial	Subsequent	Submit To	PWS Section:
CDRL A0001 – Quality Control Plan	Draft: Proposal	Final: 30 days of task order award Updated Annually or updated as required	COR	All, See PWS 1.10.1
CDRL A0002 - Non-Disclosure Agreement	Signed statements are due, from each employee assigned (including all subcontractors and consultants), prior to performing ANY work on this task order.		COR	1.14.2
CDRL A0003 – Transition – In	Draft with proposal	Final: 3 days after award	COR	1.6.1.1
CDRL A0004 – Transition - Out	90 days prior to close of contract or unexercised option.		COR	1.6.1.2
CDRL A0005 - PMP	Draft: Proposal	Final: 30 DACA Updated Annually or as required	COR	1.18.1
CDRL A0006 - MPR	Monthly by the 10th day of the month		COR	All, 1.18.2
CDRL A0007 - Contingency Operation Plan	Within 60 days of contract award	Updated Annually or as required	COR	1.18.4
