Patent Publication Program Next Generation (3PNG)  
Notice ID: 26-0844**

**April 14, 2026**

The United States Patent and Trademark Office (USPTO) has a requirement for Patent Publication Program Next Generation (3PNG) Services (previously titled “Transforming the Patent Application and Publication Process”) at the USPTO main campus located in Alexandria, VA.

The USPTO intends to negotiate and award a contract for 3PNG services under North American Industry Classification System code 518210 (Computing Infrastructure Providers, Data Processing, Web Hosting, and Related Services) to Data Conversion Laboratory, Inc., located at 6118 190<sup>th</sup> Street, Suite 205, Fresh Meadows, NY 11365. The period of performance will include one 12-month base period and four 12-month option periods, including an optional 6-month extension of services in accordance with FAR 52.217-8, beginning on the date of award with an estimated value of \$5,924,117.00.

Award is anticipated by November 2026.

The USPTO publicized this requirement on June 30, 2025 through a sources sought notice, and the results indicate that Data Conversion Laboratory, Inc. is the most likely to successfully meet the agency’s needs. As a result of the USPTO’s exemption from the Competition in Contracting Act, the subject requirement is being procured using the Alternate Competition Method in accordance with the Patent and Trademark Acquisition Guidelines (PTAG) and the Patent and Trademark Office Efficiency Act, 35 U.S.C. 2(b)(4)(A).

This notice of intent is not a request for competitive proposals.
