SUMMARY OF CHANGES

Addendum to 52.212-1, Instructions to Offerors - Commercial Products and Commercial Services

Miscellaneous text in this section has been modified to:

All Offerors are required to complete the following:

1. Standard Form 1449 (page 1) - Fill out block 17a (to include Contractor name, address, telephone number, and Cage Code) and blocks 30a-c (to be completed and signed by an authorized representative/official).
2. Complete unit amount for CLIN 0001 on page 3.
3. Technical Quote - Offerors shall submit a Technical Quote that includes at a minimum:
 - a. Technical Capability Statement - Submit a detailed technical capability statement (**not to exceed 5 pages**) that clearly demonstrates thorough knowledge, understanding, and experience in performing the requirements described in the PWS. The proposal must contain sufficient details so that it may be evaluated in accordance with the PWS and comply with the period of performance set forth in the solicitation. If subcontractors will be utilized, contractors shall provide subcontracting plan within their Technical Capability statement or on a separate document. Subcontractor name and CAGE code must be provided.
 - b. A Project Plan (**not to exceed 5 pages**) describing the sequence of work, estimating duration, staffing, and equipment to be used.
 - c. Environmental Protection Plan - The Offeror shall present an Environmental Protection Plan (EPP) (not to exceed 8 pages) in accordance with Paragraph 3.4 of the PWS as part of the quote submission.
 - d. Safety Plan - The Offeror shall provide a Safety Plan (not to exceed 8 pages) in accordance with Paragraph 3.5 of the PWS as part of the quote submission.

Failure to provide a complete Technical Quote may result in the quote being considered incomplete and ineligible for award.

4. Offers shall submit two (2) to three (3) recent (within 3 years) and relevant past performance references for work similar in size, scope, and complexity. For each reference, provide:

Customer name

Contract or order number

Description of work performed

Period of performance

Dollar value

Point of contact name, phone, and email

The Government may use this information and any other available sources (e.g., SPRS, internal records) during evaluation.

Important: Offerors with no relevant past performance will not be evaluated unfavorably, the absence of past performance will result in a neutral assessment.

5. Itemized Price Breakdown - Provide an itemized price breakdown of the quote that clearly and concisely describes and defines the Offeror's response to the requirements contained in the solicitation. Failure to provide the required price breakdown will result in the quote being considered incomplete and may render the quote ineligible for award. At a minimum, the price breakdown shall include separate line-items pricing for the following:

- Labor (hours and labor category/rate)
- Equipment rental (if any)
- Supplies
- Any other direct costs

The Government will use the price breakdown to assess price reasonableness and to compare quotes under the price evaluation factor. Prices that are unreasonably high or unrealistically low, such that they indicate a lack of understanding of the requirement or create performance risk, may be removed from further consideration.

6. The resulting contract award requires a CMMC Level 1 self-certification for handling Federal Contract Information (FCI). Therefore, this solicitation includes DFARS provision 252.204-7025. Offerors must possess a valid CMMC Level 1 (Self-Assessment) certification at the time of offer submission and for the duration of any resulting contract. Government will verify Offeror's CMMC certification at the time of offer submission. Offerors failing to meet this requirement at the time of offer submission will be considered ineligible for award and their offers will not be evaluated.

7. All firms or individuals responding must be registered with the System for Award Management (SAM)(<https://sam.gov>) by the award date.

Offer Delivery - Offerors shall deliver their offer via email only to the Government Points of Contact (POC's) colby.m.teruya.civ@us.navy.mil and lyndon.g.paloma.civ@us.navy.mil. No other means of delivery will be accepted. Offerors are hereby advised that the size limit including attachments are 35 MB per email. Emails that exceed this size limit will not be received by the Government. It is the Offeror's sole responsibility to ensure their offer is received by the Government POC's no later than the specified closing date and time. When necessary to comply with this size limit, the Offeror may deliver their offer through multiple emails, with each email clearly marked in the Subject line indicating its sequence order within the total number of emails being transmitted (for example, email 1 of 3). Offers received after the due date may not be considered unless the Contracting Officer determines that the delay was caused solely by the Government and accepting the offer is in the best interest of the Government.
