I. INTRODUCTION:

THIS IS A PRE-SOLICITATION NON-COMPETITIVE (NOTICE OF INTENT) SYNOPSIS TO AWARD A CONTRACT WITHOUT PROVIDING FOR FULL OR OPEN COMPETITION (INCLUDING BRAND-NAME).

The Murine Phenotyping Core at the National Heart, Lung, and Blood Institute (NHLBI), National Institutes of Health (NIH), requires a one-year OEM Service Level Agreement (SLA) renewal for the FUJIFILM VisualSonics Vevo F2 high-resolution in vivo imaging system. The Vevo F2 system is used to conduct preclinical imaging in support of rodent cardiovascular research studies, serving both NHLBI and NIH-wide investigators. Continuous manufacturer-certified maintenance is required to ensure research continuity, system calibration, and operational reliability.

**II. NORTH AMERICAN INDUSTRY CLASSIFICATION SYSTEM (NAICS)
CODE and SET ASIDE STATUS**

NAICS Code: 811210 – Electronic and Precision Equipment Repair and Maintenance
Size Standard: \$34.0 Million This acquisition is **NOT** set aside for small businesses.
Market research confirmed no small businesses are authorized providers of OEM-certified maintenance services for the Vevo F2 system.

III. REGULATORY AUTHORITY

The resultant contract will include all applicable provisions and clauses in effect through the Federal Acquisition Circular (FAC) 2024-07 dated 08-29-2024. This acquisition is conducted under the procedures prescribed in FAR Part 13 – Simplified Acquisition Procedures and FAR Part 12 – Acquisition of Commercial Products and Commercial Services, at an amount below the Simplified Acquisition Threshold (SAT).

IV. STATUTORY AUTHORITY

This acquisition is for a commercial service and is conducted under the authority of FAR 13.106-1(b)(1) – Soliciting from one source, and the statutory authority of FAR 6.302-1 – Only one responsible source and no other supplies or services will satisfy agency requirements (41 U.S.C. 3304(a)(1)).

V. DESCRIPTION OF REQUIREMENT:

A. PURPOSE AND OBJECTIVES:

Purchase Description:

One (1) year OEM Service Level Agreement for the FUJIFILM VisualSonics Vevo F2 High-Resolution Imaging System, to include:

- One (1) annual preventive maintenance visit
- Unlimited corrective maintenance during the coverage period
- OEM-certified replacement parts
- Labor and travel associated with service visits
- Access to proprietary software updates and firmware upgrades
- Telephone and/or remote technical support (Mon–Fri, 9:00 AM – 5:00 PM)
- Service coverage for serial-numbered system components and transducers

Salient Characteristics:

The required services must meet the following minimum technical characteristics:

- Services must be performed by OEM-authorized technicians using manufacturer-approved parts and diagnostic tools
- Proprietary software updates and firmware patches exclusive to the FUJIFILM VisualSonics platform
- Calibration and diagnostic tools specific to the Vevo F2 system
- Initial response time via telephone or email guaranteed within 24 hours
- Coverage includes travel and overtime labor, if required
- Third-party or non-OEM service providers are not acceptable due to proprietary software, hardware configuration, and calibration requirements

Quantity: One (1) Base Year SLA

Period of Performance: 12 Months After Date of Award

Place of Performance: National Institutes of Health National Heart, Lung, and Blood Institute Bethesda, MD 20892

VI. CONTRACTING WITHOUT PROVIDING FOR FULL OR OPEN COMPETITION (INCLUDING BRAND-NAME) DETERMINATION

The determination by the Government to award a contract without providing for full and open competition is based upon market research conducted in accordance with FAR Part 10. FUJIFILM VisualSonics Corporation is the only company with the proprietary software, OEM-certified parts, ultrasound probes, and technical expertise to service, maintain, repair, and replace all components of the Vevo F2 Imaging System. All parts, software, ultrasound probes, and machine components are unique and specific to the FUJIFILM VisualSonics Vevo F2 system. No other vendor can service this equipment without voiding the manufacturer warranty.

Market research included review of SAM.gov under NAICS 811210, review of GSA Advantage, Dynamic Small Business Search, and previous government acquisitions. No authorized third-party service providers were identified. Review of available product literature and contacts with knowledgeable individuals in both industry and Government confirmed no other sources capable of meeting the requirement.

The intended source is:

FUJIFILM VisualSonics Corporation Toronto, Canada / U.S. Service Locations

Estimated Value: \$19,385.00

VII. CLOSING STATEMENT

THIS SYNOPSIS IS NOT A REQUEST FOR COMPETITIVE PROPOSALS. However, interested parties may identify their interest and capability to respond to this notice.

A determination by the Government not to compete this proposed contract based upon responses to this notice is solely within the discretion of the Government. All responsible sources may submit a capability statement, proposal, or quotation which shall be considered by the agency. The information received will normally be considered solely for the purposes of determining whether to proceed on a non-competitive basis or to conduct a competitive procurement. This notice does not obligate the Government to award a contract or otherwise pay for the information provided in response.

Responses to this notice shall contain sufficient information to establish the interested parties' bona-fide capabilities for fulfilling the requirement and include: unit price, list price, the delivery period after contract award, the prompt payment discount terms, the F.O.B. Point (Destination or Origin), the Taxpayer Identification Number (TIN), and the certification of business size. All offerors must have an active registration in the System for Award Management (SAM) at www.sam.gov.

All responses must be received by the closing date and time of this announcement and must reference solicitation number **75N98026Q00210**. Responses must be submitted electronically to Nicholas Capobianco at nicholas.capobianco@nih.gov.
