

99TH CONTRACTING SQUADRON (ACC)
NELLIS AIR FORCE BASE, NEVADA

Sole Source/Brand Name Request Form

1. Purchase Request Number:	2. Requesting Unit: 99th Security Forces Squadron
3. Requirement Title: CCTV Service Maintenance Agreement	4. Estimated Dollar Value (including Options): [REDACTED]
5. Is this request for a Brand Name or Sole Source Requirement? ☐ Brand Name (Only one brand of item will meet your minimum needs and the brand may be available from multiple sources) List Brand: _____ *If a product equal to this brand name will meet your needs, this form is not required. ☒ Sole Source (Your minimum needs can only be met exclusively by one single source) List Source: <u>Teledata Technologies</u>	
6. Description of the Supplies/Services Required: Teledata Technologies has proven to be an effective company that has supplied proven base defense products with other bases within the United States Air Force. Purchasing a (3) three year Maintenance Agreement with Teledata is imperative to the lifecycle of the \$280k camera system which was installed by them. Device Licensing is also required for proper operation and enables updating firmware capabilities for each camera. Nellis Air Force Base's camera system enhances overall security of the installation and the maintenance contract will enable the system to operate properly and improve its lifespan.	
7. Justification for Sole Source/Brand Name Request: Teledata is the largest installers of Hanwah cameras in the state of Nevada and are a certified gold milestone dealer. They installed a Closed Circuit Television System (CCTVs) throughout the installation to include (8) Installation Entry Control Points (IECP), (3) Flightline Entry Control Points (FECF), and a stand-alone CCTV in Bldg 1110/Security Forces Armory and Confinement. The maintenance contract would cover the IECPs, FECFs, and the SF Armory. Teledata has been maintaining the CCTVs since they were installed and that service must continue due to their work efforts at Nellis AFB. Additionally, Teledata installed monitoring stations at the Emergency Operations Center and Fire Department which are tied into our Milestone Server and currently under warranty with Teledata. Procuring any other company for our maintenance contract could cause irreparable damage between our Milestone Server and other stand-alone CCTVs across the installation that would void the Teledata warranty on their systems and not allow their systems to speak with our Milestone Server. Teledata Technologies has a proven track record at Nellis AFB with their CCTV project installs on past projects for our IACPs and throughout the installation.	
8. Methods used to support conclusion: Teledata Technologies installed Installation Entry Control Point and Entry Control Point Cameras two years ago. They collaborate directly with Hanwah, the manufacture of the cameras and are the largest installers of Hanwah Cameras in the state.	
9. List any pertinent regulatory references: IAW DAFI 31-101, Integrated Defense, Camera systems provide capacity and capability not otherwise available, and may be a significant force multiplier	
10. Certification: I certify that the information listed above is complete and accurate to the best of my knowledge and that only one ☐ brand ☒ source (select one) can meet the minimum needs of my unit. [REDACTED]

APPLICABLE REGULATIONS:

Federal Acquisition Regulation (FAR) Governance for the Approval of Sole Source/Brand Name Requirements:

FAR 6.303-2(c) "Each justification shall include evidence that any supporting data that is the responsibility of technical or requirements personnel and which forms the basis for the justification have been certified as complete and accurate by the technical or requirements personnel."

Simplified Acquisitions under \$150K

FAR 13.106-1(b) *Soliciting from a single source*

Contracting Officers may solicit from one source if the contracting officer determines that the circumstances of the contract action deem only one source reasonably available.

Simplified Acquisitions over \$150K (i.e. commercial items/services up to \$6.5M)

FAR 13.501(a) *Sole Source (including brand name) acquisitions:*

Contracting Officers must:

- Conduct sole source acquisitions only if the need to do so is justified in writing.
- Prepare sole source (including brand name) justification
- Make publicly available the justifications.

Other than Simplified Acquisitions (non-commercial exceeding \$150K and commercial purchases exceeding \$6.5M)

FAR 6.303-1 *Requirements*

A Contracting Officer shall not commence negotiations for a sole source contract without providing for full and open competition unless the contracting officer:

- Justifies the use of such actions in writing
- Certifies the accuracy and completeness of the justification
- Obtains approval

FAR 6.305(d) The justification shall be made publicly available.
