Notice Type: Pre-Solicitation

NAICS Code: 336320 - Motor Vehicle Electrical and Electronic Equipment Manufacturing

PSC: 4910

Delivery: 180 days after award

Set-Aside Status: Small-business

Place of Performance: United States

Posting Description

The United States Department of Commerce, Office of Acquisition Management, Bureau of Industry and Security intends to issue a solicitation for commercial vehicle outfitting equipment and related commercial products in support of agency operational requirements.

The anticipated requirement includes vehicle-specific outfitting components and associated accessories for Government vehicles, including lighting and siren equipment, control systems, speakers, LED warning light equipment, bed storage systems, locking hardware, tonneau covers, and related commercial components necessary for complete outfitting.

The requirement is expected to support the following vehicle platforms: 2026 Chevrolet Silverado, 2023 Chevrolet Silverado, 2025 Honda Odyssey, 2025 Mazda CX-90, and 2024 Nissan Pathfinder.

This is a pre-solicitation notice only. It is issued solely for informational and planning purposes and shall not be construed as a solicitation, request for quotation, or request for proposal. The Government is not obligated to issue a solicitation or make an award on the basis of this notice.

All responsible sources may submit capability information for Government consideration to the point of contact identified in this notice.
