Ref 10a. Communication Security (COMSEC) Information: NSA/CSS Policy Manual 3-16 Control of Communications Security (COMSEC) Material, Jan 2015, National Industrial Security Program Operating Manual (NISPOM) and AR 380-40 Safeguarding and Controlling Communications Security Material, apply to this contract.

Ref 10j : Controlled Unclassified Information (CUI) generated and/or provided under this contract is identified as CUI and shall be marked, safeguarded and protected in accordance with DoDI 5200.48.

Ref 10k. The Contractor shall comply with AR 25-2 and not release to anyone outside the Contractor's organization any unclassified information, regardless of medium (e.g., film, tape, document), pertaining to any part of this contract or any program related to this contract, unless—

- o The Contracting Officer has given prior written approval; or
- o The information is otherwise in the public domain before the date of release.

Requests for approval shall identify the specific information to be released, the medium to be used, and the purpose for the release. The Contractor shall submit its request to the Contracting Officer at least 45 days before the proposed date for release.

The Contractor agrees to include a similar requirement in each subcontract under this contract. Subcontractors shall submit requests for authorization to release through the prime contractor to the Contracting Officer.

Ref 11a. Access to classified information, classified processing, and/or storage of classified information is not authorized at the Prime contractor location.

Ref 11a. Contract performance is restricted to the locations specified in Item 8. Any classified information generated in the performance of this contract shall be classified according to the markings shown on the source material.

Ref 11e. Equipment Maintenance Services, Reset and MWOs of Military Aircraft. Contract is for equipment maintenance services on equipment which processes classified information. Actual knowledge of, generation, or production of classified information is not required for performance of the contract. Cleared personnel are required to perform this service because access to classified information cannot be precluded by escorting personnel. Any classification guidance needed will be provided by the government.

Ref 11f. Any classified information obtained, generated, or modified outside the United States will be given the same level of protection as stated within this document. See block 8 for Countries included.

Item 11.i The contractor shall have access to Controlled Unclassified Information (CUI). Contractor will comply with the requirements of DoDI 5200.48 for the safeguarding of CUI material. Electronically transmitted CUI shall be sent via: 1) encrypted email, 2) password protected/encrypted document, 3) Safe Access File Exchange at <https://safe/apps.mil>, or 4) an accredited information system with proper security controls.

Ref 11m. Other:

Concurrence of the Contracting Officer and G-2 (Intelligence and Security), will be obtained prior to issue of a Limited Access Authorization to a non-U.S. citizen in compliance with the NISPOM. Controlled Unclassified information as defined in DoDI 5200.48, may be disclosed to U.S. persons who are employed by the prime contractor or subcontractors or to such employees who are foreign persons when requirements of export control and other laws are met. The contractor is responsible for compliance with all applicable laws and regulations governing access to Classified Information or Controlled Unclassified Information.

The contractor is not authorized to release any data to foreign nationals or foreign representatives without an approved export license.

HSPD-12 requires that contractor and all associated subcontractor employees shall provide all information required for background checks to meet installation access requirements of installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements (FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel) as directed by DOD, HQDA and/or local policy.

IAW with DOD 5200.01, Volume 3, at a minimum, all on-site support contractors with access to classified information shall receive annual refresher training that reinforces the policies, principles, and procedures covered in their initial and specialized training. A record of completion shall be provided to the CSA.

Prior to sub-contracting with a foreign industry the U.S. contractor will consult with the Contracting Officer and G-2 (Intelligence and Security). Foreign sub-contractors must agree that only citizens of their country or the U.S. will be allowed to perform on the contract. The U.S. contractor is responsible for complying with the regulations outlined in the International Traffic in Arms Regulations (ITAR).

All Government material used or developed in the contract will be returned to the Government at the end of the contract performance. Contractor's personnel utilizing Information systems on this contract will comply with AR 25-1, AR 25-2, and the NISPOM, and supplements thereto, as is applicable. AR 525-13, Antiterrorism/Force Protection, requirements will be complied with.

The estimated date of completion for this contract is November 2037.

AAT/OPSEC Requirements:

AT LEVEL 1 TRAINING. All contractor employees, to include subcontractor employees, requiring access to government installations, facilities and controlled access areas shall complete AT Level 1 awareness training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever is applicable. The contractor shall submit certificates of completion for each affected contractor employee and subcontractor employee, to the COR or to the contracting officer, if a COR is not assigned, within 30 calendar days after completion of training by all employees and subcontractor personnel. AT level 1 awareness training is available at the following website: <https://jkodirect.jten.mil>.

AT AWARENESS TRAINING FOR CONTRACTOR PERSONNEL TRAVELING OVERSEAS.

US based contractor employees and associated sub-contractor employees to make available and to receive government provided area of responsibility (AOR) specific AT awareness training as directed by AR 525-13. Specific AOR training content is directed by the combatant commander with the unit ATO being the local point of contact.

iWATCH TRAINING.

The contractor and all associated subcontractors shall brief all employees on the local iWATCH program (training standards provided by the requiring activity ATO). This locally developed training will be used to inform employees of the types of behavior to watch for and instruct employees to report suspicious activity to the COR. This training shall be completed within 30 calendar days of contract award and within 30 calendar days of new employees commencing performance with the results reported to the COR NLT 30 calendar days after contract award. Training can be found at: If You See Something, Say Something General Awareness Video Homeland Security ([dhs.gov](https://www.dhs.gov)) <https://www.dhs.gov/medialibrary/assets/video/37054>.

ARMY TRAINING CERTIFICATION TRACKING SYSTEM (ATCTS) REGISTRATION FOR CONTRACTOR EMPLOYEES WHO REQUIRE ACCESS TO GOVERNMENT INFORMATION SYSTEMS.

All contractor employees with access to a government info system must be registered in the ATCTS (Army Training Certification Tracking System) at commencement of services, and must successfully complete the DOD Information Assurance Awareness prior to access to the IS and then annually.

For information assurance (IA)/information technology (IT) training. All contractor employees and associated subcontractor employees must complete the DoD IA awareness training before issuance of network access and annually thereafter. All contractor employees working IA/IT functions must comply with DoD and Army training requirements in DoDD 8570.01, DoD 8570.01-M and AR 25-2 within 6 months of appointment to IA/IT functions.

Per AR 530-1 Operations Security, the co-located contractor employees must complete Level I OPSEC Awareness training. New employees must be trained within 30 calendar days of their reporting for duty and annually thereafter.

DFARS Clause 252.225-7040, Contractor Personnel Authorized to Accompany U.S. Armed Forces Deployed Outside the United States, shall use solicitations and contracts that authorize contractor personnel to accompany US Armed Forces outside the US in contingency operations; humanitarian or peacekeeping operations; or other military operations or exercises, when designated by the combatant commander. The clause discusses the following AT/OPSEC related topics: required compliance with laws and regulations, pre-deployment requirements, required training (per combatant command guidance), and personnel data required.

For Contract Requiring Performance of Delivery in a Foreign Country. DFARS Clause 252.225-7043, Anti-terrorism/Force Protection for Defense Contractors Outside the US. The clause shall be used in solicitations and contracts that require performance or delivery in a foreign country. This clause applies to both contingencies and non-contingency support. The key AT requirement is for non-local national contractor personnel to comply with theater clearance requirements and allows the combatant commander to exercise oversight to ensure the contractor's compliance with combatant commander and subordinate task force commander policies and directives.

Access and general protection/security policy and procedures. Contractor and all associated subcontractors employees shall provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements (FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel) as directed by DoD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the Force Protection Condition (FPCON) at any individual facility or installation change, the Government may require changes in contract.

FOR CONTRACTORS REQUIRING COMMON ACCESS CARD (CAC). Before CAC issuance, the contractor employee shall obtain, at a minimum, a favorably adjudicated National Agency Check with Inquiries (NACI) or an equivalent or higher investigation in accordance with Army Directive 2014-05. The contractor employee will be issued a CAC only if duties involve one of the following: (1) Both physical access to a DoD facility and access, via logon, to DoD networks on-site or remotely; (2) Remote access, via logon, to a DoD network using DoD-approved remote access procedures; or (3) Physical access to multiple DoD facilities or multiple non-DoD federally controlled facilities on behalf of the DoD on a recurring basis for a period of 6 months or more. At the discretion of the sponsoring activity, an initial CAC may be issued based on a favorable review of the FBI fingerprint check and a successfully scheduled NACI at the Office of Personnel Management.

Contractors who have received a Common Access Card (CAC) to access to government installations and systems pursuant to the requirements of the contract are required to notify the Trusted Agent (TA) when an individual is no longer supporting the contract for which they obtained the CAC. All CACs must be returned to the TA at this time.

For contracts that require handling or access to classified information. Contractor shall comply with FAR 52.204-2, Security Requirements. This clause involves access to information classified "Confidential," "Secret," or "Top Secret" and requires contractors to comply with: (1) The Security Agreement (DD Form 441), including the National Industrial Security Program Operating Manual (DoD 5220.22-M) and, (2) any revisions to DoD 5220.22-M, notice of which has been furnished to the contractor (The National Industrial Security Program Operating Manual (NISPOM) is now Part 117 of Title 32, Code of Federal Regulations).

Controlled Unclassified Information (CUI). Include DFARS clause 252.204-7012, which requires the contractor to comply with NIST 800-171. Also include DFARS provision 252.204-2019 into solicitations. Acquisition officials should follow procedures outlined in DFARS 204.73 and verify vendors have an adequate NIST SP 800-171 summary assessment score within Supplier Performance Risk System (within PIEE). If the score doesn't show a medium- or high-level assessment with a score of 110 or better (as described in the "NIST SP 800-171 DoD Assessment Methodology"), include clause 252.204-7020 and obtain the vendor's "system security plan" and the "plan of action" for NIST SP 800-171 verification and assurance by Army security officials.

Counterintelligence Awareness and Reporting (CIAR formerly Threat Awareness Reporting Program (TARP)). For all contractors with security clearances. Per AR 381-12, Threat Awareness and Reporting Program (TARP), contractor employees must receive annual TARP training by a Counter Intelligence (CI) agent or other trainer as specified in 2-4b.

Ref 10a. Communication Security (COMSEC) Information: NSA/CSS Policy Manual 3-16 Control of Communications Security (COMSEC) Material, Jan 2015, National Industrial Security Program Operating Manual (NISPOM) and AR 380-40 Safeguarding and Controlling Communications Security Material, apply to this contract.

Ref 10j : Controlled Unclassified Information (CUI) generated and/or provided under this contract is identified as CUI and shall be marked, safeguarded and protected in accordance with DoDI 5200.48.

Ref 10k. The Contractor shall comply with AR 25-2 and not release to anyone outside the Contractor's organization any unclassified information, regardless of medium (e.g., film, tape, document), pertaining to any part of this contract or any program related to this contract, unless—

- o The Contracting Officer has given prior written approval; or
- o The information is otherwise in the public domain before the date of release.

Requests for approval shall identify the specific information to be released, the medium to be used, and the purpose for the release. The Contractor shall submit its request to the Contracting Officer at least 45 days before the proposed date for release.

The Contractor agrees to include a similar requirement in each subcontract under this contract. Subcontractors shall submit requests for authorization to release through the prime contractor to the Contracting Officer.

Ref 11a. Access to classified information, classified processing, and/or storage of classified information is not authorized at the Prime contractor location.

Ref 11a. Contract performance is restricted to the locations specified in Item 8. Any classified information generated in the performance of this contract shall be classified according to the markings shown on the source material.

Ref. 11e. Equipment Maintenance Services, Reset and MWOs of Military Aircraft. Contract is for equipment maintenance services on equipment which processes classified information. Actual knowledge of, generation, or production of classified information is not required for performance of the contract. Cleared personnel are required to perform this service because access to classified information cannot be precluded by escorting personnel. Any classification guidance needed will be provided by the government.

Ref 11f. Any classified information obtained, generated, or modified outside the United States will be given the same level of protection as stated within this document. See block 8 for Countries included.

Item 11.1 The contractor shall have access to Controlled Unclassified Information (CUI). Contractor will comply with the requirements of DoDI 5200.48 for the safeguarding of CUI material. Electronically transmitted CUI shall be sent via: 1) encrypted email, 2) password protected/encrypted document, 3) Safe Access File Exchange at <https://safe/apps.mil>, or 4) an accredited information system with proper security controls.

Ref 11m. Other:

Concurrence of the Contracting Officer and G-2 (Intelligence and Security), will be obtained prior to issue of a Limited Access Authorization to a non-U.S. citizen in compliance with the NISPOM. Controlled Unclassified information as defined in DoDI 5200.48, may be disclosed to U.S. persons who are employed by the prime contractor or subcontractors or to such employees who are foreign persons when requirements of export control and other laws are met. The contractor is responsible for compliance with all applicable laws and regulations governing access to Classified Information or Controlled Unclassified Information.

The contractor is not authorized to release any data to foreign nationals or foreign representatives without an approved export license.

HSPD-12 requires that contractor and all associated subcontractor employees shall provide all information required for background checks to meet installation access requirements of installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements (FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel) as directed by DOD, HQDA and/or local policy.

IAW with DOD 5200.01, Volume 3, at a minimum, all on-site support contractors with access to classified information shall receive annual refresher training that reinforces the policies, principles, and procedures covered in their initial and specialized training. A record of completion shall be provided to the CSA.

Prior to sub-contracting with a foreign industry the U.S. contractor will consult with the Contracting Officer and G-2 (Intelligence and Security). Foreign sub-contractors must agree that only citizens of their country or the U.S. will be allowed to perform on the contract. The U.S. contractor is responsible for complying with the regulations outlined in the International Traffic in Arms Regulations (ITAR).

All Government material used or developed in the contract will be returned to the Government at the end of the contract performance. Contractor's personnel utilizing Information systems on this contract will comply with AR 25-1, AR 25-2, and the NISPOM, and supplements thereto, as is applicable. AR 525-13, Antiterrorism/Force Protection, requirements will be complied with.

The estimated date of completion for this contract is November 2037.

AAT/OPSEC Requirements:

AT LEVEL 1 TRAINING. All contractor employees, to include subcontractor employees, requiring access to government installations, facilities and controlled access areas shall complete AT Level I awareness training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever is applicable. The contractor shall submit certificates of completion for each affected contractor employee and subcontractor employee, to the COR or to the contracting officer, if a COR is not assigned, within 30 calendar days after completion of training by all employees and subcontractor personnel. AT level I awareness training is available at the following website: <https://jkodirect.jten.mil>.

AT AWARENESS TRAINING FOR CONTRACTOR PERSONNEL TRAVELING OVERSEAS.

US based contractor employees and associated sub-contractor employees to make available and to receive government provided area of responsibility (AOR) specific AT awareness training as directed by AR 525-13. Specific AOR training content is directed by the combatant commander with the unit ATO being the local point of contact.

iWATCH TRAINING.

The contractor and all associated subcontractors shall brief all employees on the local iWATCH program (training standards provided by the requiring activity ATO). This locally developed training will be used to inform employees of the types of behavior to watch for and instruct employees to report suspicious activity to the COR. This training shall be completed within 30 calendar days of contract award and within 30 calendar days of new employees commencing performance with the results reported to the COR NLT 30 calendar days after contract award. Training can be found at: If You See Something, Say Something General Awareness Video Homeland Security ([dhs.gov](https://www.dhs.gov)) <https://www.dhs.gov/medialibrary/assets/video/37054>.

ARMY TRAINING CERTIFICATION TRACKING SYSTEM (ATCTS) REGISTRATION FOR CONTRACTOR EMPLOYEES WHO REQUIRE ACCESS TO GOVERNMENT INFORMATION SYSTEMS.

All contractor employees with access to a government info system must be registered in the ATCTS (Army Training Certification Tracking System) at commencement of services, and must successfully complete the DOD Information Assurance Awareness prior to access to the IS and then annually.

For information assurance (IA)/information technology (IT) training. All contractor employees and associated subcontractor employees must complete the DoD IA awareness training before issuance of network access and annually thereafter. All contractor employees working IA/IT functions must comply with DoD and Army training requirements in DoDD 8570.01, DoD 8570.01-M and AR 25-2 within 6 months of appointment to IA/IT functions.

Per AR 530-1 Operations Security, the co-located contractor employees must complete Level I OPSEC Awareness training. New employees must be trained within 30 calendar days of their reporting for duty and annually thereafter.

DFARS Clause 252.225-7040, Contractor Personnel Authorized to Accompany U.S. Armed Forces Deployed Outside the United States, shall use solicitations and contracts that authorize contractor personnel to accompany US Armed Forces outside the US in contingency operations; humanitarian or peacekeeping operations; or other military operations or exercises, when designated by the combatant commander. The clause discusses the following AT/OPSEC related topics: required compliance with laws and regulations, pre-deployment requirements, required training (per combatant command guidance), and personnel data required.

For Contract Requiring Performance of Delivery in a Foreign Country. DFARS Clause 252.225-7043, Anti-terrorism/Force Protection for Defense Contractors Outside the US. The clause shall be used in solicitations and contracts that require performance or delivery in a foreign country. This clause applies to both contingencies and non-contingency support. The key AT requirement is for non-local national contractor personnel to comply with theater clearance requirements and allows the combatant commander to exercise oversight to ensure the contractor's compliance with combatant commander and subordinate task force commander policies and directives.

Access and general protection/security policy and procedures. Contractor and all associated subcontractors employees shall provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements (FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel) as directed by DoD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the Force Protection Condition (FPCON) at any individual facility or installation change, the Government may require changes in contract.

FOR CONTRACTORS REQUIRING COMMON ACCESS CARD (CAC). Before CAC issuance, the contractor employee shall obtain, at a minimum, a favorably adjudicated National Agency Check with Inquiries (NACI) or an equivalent or higher investigation in accordance with Army Directive 2014-05. The contractor employee will be issued a CAC only if duties involve one of the following: (1) Both physical access to a DoD facility and access, via logon, to DoD networks on-site or remotely; (2) Remote access, via logon, to a DoD network using DoD-approved remote access procedures; or (3) Physical access to multiple DoD facilities or multiple non-DoD federally controlled facilities on behalf of the DoD on a recurring basis for a period of 6 months or more.

At the discretion of the sponsoring activity, an initial CAC may be issued based on a favorable review of the FBI fingerprint check and a successfully scheduled NACI at the Office of Personnel Management.

Contractors who have received a Common Access Card (CAC) to access to government installations and systems pursuant to the requirements of the contract are required to notify the Trusted Agent (TA) when an individual is no longer supporting the contract for which they obtained the CAC. All CACs must be returned to the TA at this time.

For contracts that require handling or access to classified information. Contractor shall comply with FAR 52.204-2, Security Requirements. This clause involves access to information classified "Confidential," "Secret," or "Top Secret" and requires contractors to comply with: (1) The Security Agreement (DD Form 441), including the National Industrial Security Program Operating Manual (DoD 5220.22-M) and, (2) any revisions to DoD 5220.22-M, notice of which has been furnished to the contractor (The National Industrial Security Program Operating Manual (NISPOM) is now Part 117 of Title 32, Code of Federal Regulations).

Controlled Unclassified Information (CUI). Include DFARS clause 252.204-7012, which requires the contractor to comply with NIST 800-171. Also include DFARS provision 252.204-2019 into solicitations. Acquisition officials should follow procedures outlined in DFARS 204.73 and verify vendors have an adequate NIST SP 800-171 summary assessment score within Supplier Performance Risk System (within PIEE). If the score doesn't show a medium- or high-level assessment with a score of 110 or better (as described in the "NIST SP 800-171 DoD Assessment Methodology"), include clause 252.204-7020 and obtain the vendor's "system security plan" and the "plan of action" for NIST SP 800-171 verification and assurance by Army security officials.

Counterintelligence Awareness and Reporting (CIAR formerly Threat Awareness Reporting Program (TARP)). For all contractors with security clearances. Per AR 381-12, Threat Awareness and Reporting Program (TARP), contractor employees must receive annual TARP training by a Counter Intelligence (CI) agent or other trainer as specified

in 2-4b.
