5.0 CONTRACTOR QUALIFICATIONS/REQUIREMENTS

5.1 Performance: All work under this contract is restricted to US citizens and US nationals only and shall be performed in accordance with Federal, State, local, and NDW, regulations and procedures.

5.2 Security Requirements: This contract does not require a security clearance level or security clearance granted by the Defense Security Service (DSS).

5.3 Environmental: All waste oil, fuel spills and any hazardous materials generated as a result of Contractor activities will be cleaned immediately, and all residues will be transported away for proper disposal in accordance with applicable laws and regulations at the Contractors expense. This project site has no known pre-existing hazardous waste sites and presents no risk of exposure to environmental hazards.

5.4 Safety: Contractor shall ensure employees are trained in accordance with any applicable Occupational Safety and Health Administration (OSHA) standards and wear Personal Protective Equipment (PPE), as applicable, at all time during performance of work.

6.0 CONTRACTOR PERSONNEL

6.1 When performing work associated with this PWS, the Contractor shall make clear to all individuals they deal with that they are Contractor employees and not DOD personnel when working in any situation where their contractor status is not obvious to third parties. Contractor employees shall clearly identify themselves as a Contractor (i.e. company shirt, pin, visible company identification, etc.) in a visible location as to who their employer is, to avoid creating an impression that they are government personnel.

6.1.1 Contractor personnel shall not manage, supervise, direct, or task US military, DOD civilians or other personnel not associated with the Contractor while performing the tasks within this PWS.

6.1.2 Contractor personnel shall not make any commitment which commits the expenditure of US Government resources.

6.1.3 The Contractor performing services shall be required to comply with all US Navy rules, regulations, and training that is applicable to conduct, safety, security, and procedures governing site entry and exit.

6.1.4 The Contractor shall not provide personal services. If Contractor employees are directed by any government employee at any time to perform services not covered under this contract, the Contractor shall immediately notify the Contracting Officer and TPOC.
