Summary	2
1. Shop Stock	3
2. Bench Stock	8
3. Non-Stock	132

Summary

This document includes a list of Rotating Stock List. This list is for reference only. It may not include all the items that are currently at each site. There may also be duplicate information because of how each site keeps inventory of these items. This list is for reference only and the Contractor will have to inventory, identify, and manage the actual stock for each site beginning at Transition-In.

Rotating Stock List(East)

Summary

This document includes a list of Rotating Stock List. This list is for reference only. It may not include all the items that are currently at each site. There may also be duplicate information because of how each site keeps inventory of these items. This list is for reference only and the Contractor will have to inventory, identify, and manage the actual stock for each site beginning at Transition-In.
