

LTC Synopsis

Last Updated: April 2015

NOTICE TYPE: Pre-Solicitation

TITLE: Multiple National Stock Numbers (NSNs) / UH-60 Blackhawk Weapon System, for a Sole Source Long Term Contract (LTC) Strategic Contract / OEM Parker-Hannifin

This agency proposes to issue a solicitation for a long-term strategic/sole source contract which will include multiple NSNs to support the UH-60 weapon system. A total of 2 NSN's are targeted to be added for this contract effort. The proposed sole source action will be issued to Parker-Hannifin Corporation, Contractor and Government Entity (CAGE): 59211 and is intended to be on a sole source basis as supported by a J&A IAW FAR 6.302-1 "Only One Responsible Source and No Other Supplies or Services Will Satisfy Agency Requirements". Items provided by the following Parker-Hannifin Corporation CAGE codes covered by this acquisition: 33269, 82106, 49695, 3H889, 26055, 26433, 99321, 86329, 09523, 2Y939, 60R61, 1QTD9, and 93835.

The proposed requirement will be for a total of five (5) years period of performance as follows, year one 12 March 2026 through 11 March 2027, year two 12 March 2027 through 11 March 2028, year three 12 March 2028 through 11 March 2029, year four 12 March 2029 through 11 March 2030, and year five 12 March 2030 through 11 March 2031. Letters expressing interest in subcontracting provided to the contracting officer will be forwarded to the identified OEM. This is proposed to be a FAR 15 effort. The attached lists of NSNs are the items that have been identified for this current action. If other NSNs are subsequently added, as defined by the terms of the contract, they will be synopsized separately.

These items are being added to contract SPE4AX-21-D-9403, a firm fixed price with price redetermination Indefinite Quantity Contract, awarded to Parker-Hannifin Corporation CAGE Code: 59211 in accordance with the originally approved J&A.

NOTE: Attached list of NSNs
