

Moron AB

Spain Base Operating Support (SBOS)

Site Visit

15 April 2026

Katey Shaffer, PM BOS Flight Chief
764 ESS/PM
John McLaurin, Lead PCO
764 ESS/PKA

Agenda

- **Welcome**
 - **Briefings**
 - **Overview**
 - **Performance Work Statement**
 - **Acquisition Plan**
 - **Question & Answers**
 - **Facility Tours**
-

DISCLAIMERS

- **This briefing is an overview of proposal requirements**
- **Team projects the S-BOS solicitation will be issued on or about 1 June 2026**
- **Extensive draft versions of the PWS and evaluation criteria are posted on the TS-BOS SAM Link at:**

[Turkey-Spain \(T-S\) Base Operations Support \(BOS\) Acquisitions](#)

- **All communications regarding this acquisition shall be made through the Contracting Officers**
 - **Help us improve and streamline the acquisition by submitting questions or improvement recommendations in writing before 21 April 2026**
-

ANNOUNCEMENTS

- **Points of contact for solicitation information are the Contracting POCs listed below:**
 - **John McLaurin, Email: john.mclaurin.1@us.af.mil**
 - **Ms. Christin Buck, Email: christin.buck.de@us.af.mil**
 - **Additional questions due NLT 1200hrs, Central European Time, 22 Apr 2026**

Nothing is official until put in writing

Draft SBOS Performance Work Statement (PWS)

15 April 2026

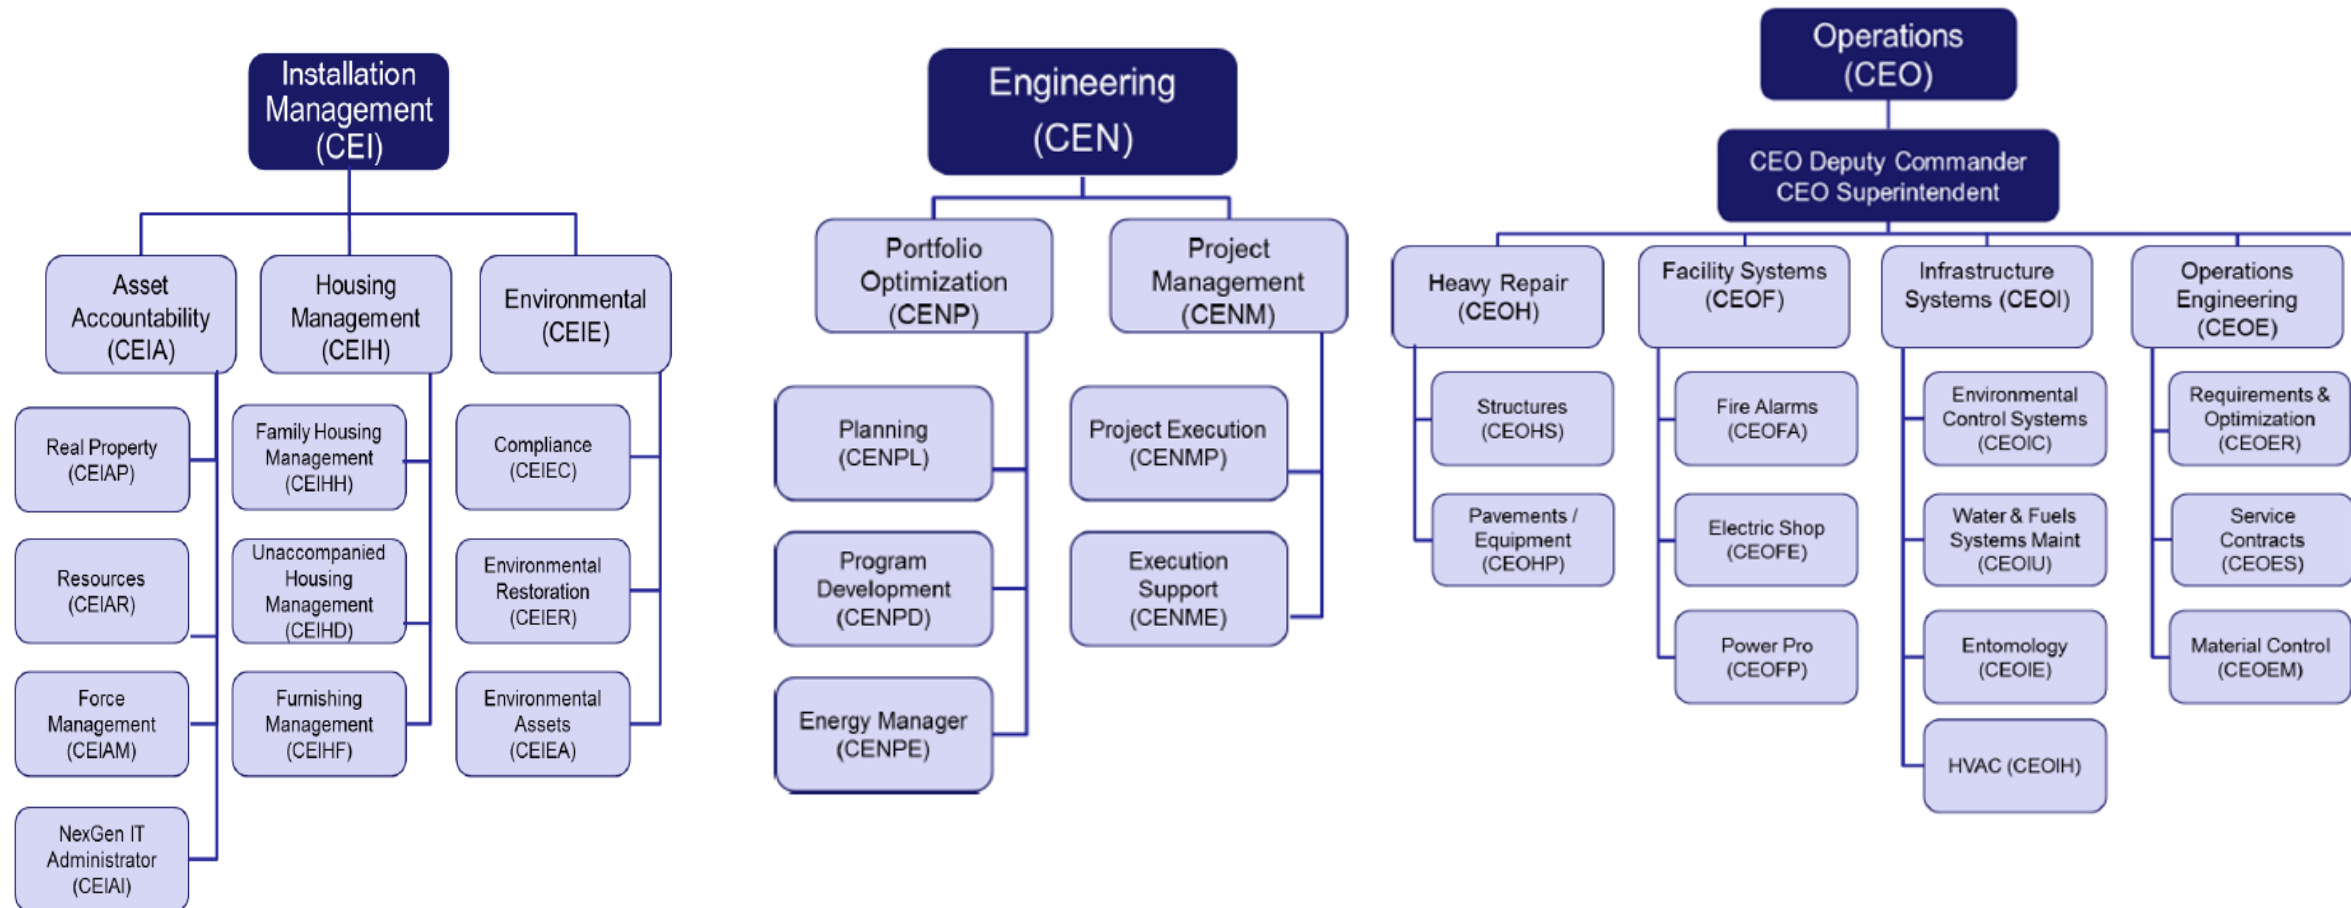

PWS FUNCTIONAL AREAS

- **Civil Engineering**
 - **Installation Management**
 - **Installation Engineering**
 - **Operations Management**
 - **Emergency Services**
 - **Logistics Readiness**
 - **Force Support**
 - **MAJCOM Requirements**
-

Draft PWS Structure

■ Civil Engineering

Draft PWS Structure

■ Force Support

- Food Service Operations
- Fitness and Sport
- Lifeguard and Pool Operations
- Library and Information Services
- Publicity Support
- Communications Support

■ Emergency Services

- Fire and Emergency Services
- Ambulance Services

■ Logistics Readiness

- Traffic Management
- Vehicle Management
- Ground Transportation
- Air Transportation
- Materiel Management
- Fuel Management

■ MAJCOM Requirements

- Contingency Facilities
- Transient Alert
- War Reserve Materiel

Draft SBOS Acquisition Plan

15 April 2026

ACQUISITION PLAN

■ Competition

- Full and Open Competition**

■ Contract Type

- FFP – Labor and vast majority of CLINs**
 - Known and stable requirements**
- CR – Material, Travel, Gov't Added work, Surge and Emergency Reqt's**

Key Milestones

Event	Projected Date
Moron AB Site Visit	15 Apr 2026
RFP Issuance	01 Jun 2026
Proposal Receipt	01 Aug 2026
Contract Award	Spring/Summer 2027
Transition Start	28 Nov 2027
Full Performance Start	28 Jan 2028

PRICING CONSIDERATIONS

■ **Compliance with the CLA**

- **Mandatory Workforce Inheritance** (Article 44): Under Spanish Labor Law (Article 44), the successful offeror is legally obligated to assume employment of the entire incumbent workforce at their existing salaries, seniority, and benefit levels
 - **No Economic Price Adjustment for Labor:** This will be a Firm-Fixed-Price contract. The Government does not plan to provide a price adjustment mechanism to address Spanish CLA wage escalation. Offerors are required to project and price all forecasted labor cost growth into their FFP for the entire 7-year period of performance
 - **CLA-Mandated Transportation Costs:** The price shall include all costs associated with providing the "to and from work" transportation program as mandated by the CLA
 - **Liquidated Damages for Key Personnel Vacancies:** Will include clause establishing a fixed daily monetary deduction for essential Key Personnel position that remains vacant beyond a contractually defined fill period. Offerors must price their recruitment and retention strategies accordingly
-

DRAFT CLIN STRUCTURE – SBOS IDIQ

Notional CLIN Structure: General

CLIN	Definition	Unit	Type
X001	Program Management & Integration (FFP, Monthly) For all on-site program management and administrative functions required for contract-wide oversight, including leadership, quality control, security, and reporting as detailed in PWS Chapter [TBD]. This CLIN is intended to be priced for the direct costs of the on-site management team. All offeror indirect costs (G&A, Overhead) and profit shall be allocated proportionally across all FFP CLINs	Month	FFP
X002	Reimbursable Travel	Lot	CR
X003	Added Work - Non-Recurring Projects (FFP) For in-scope, one-time projects or non-recurring services where a definitive scope and price can be established. Work under this CLIN will be priced and incorporated via negotiated, bilateral contract modification prior to performance. This CLIN is not pre-priced.	Lot	FFP
X004	Added Work - New Recurring Services (FFP Bridge) This CLIN serves as a temporary bridge to incorporate completely new, in-scope recurring services. Prior to use, the contractor shall provide a proposal for the entire remaining period of performance of the contract. Upon successful negotiation, the Government will execute two actions: 1. A modification against this CLIN to fund performance for the current Task Order period only, and 2. A subsequent modification to formally incorporate the service into the main FFP CLINs for all remaining option years	Lot	CPFF

DRAFT CLIN STRUCTURE – SBOS IDIQ

Notional CLIN Structure: General

CLIN	Definition	Unit	Type
X005	Surge & Emergency Support - Time & Materials (T&M)	Month	CR
X006	Directed Overtime - Cost Reimbursable (No Fee) For the reimbursement of the premium portion only of overtime wages for work on existing FFP requirements, when such overtime is explicitly ordered in writing by the Contracting Officer. This CLIN is cost-reimbursable with no fee or indirect cost markup.	Lot	CR
X007	Host Nation Employee Severance Liability (Cost Reimbursable, No Fee) -For the direct reimbursement, with no fee or profit, of severance payments required under specific conditions, such as a Government-directed Reduction in Force, and only with the express written direction of the Contracting Officer.	Lot	CR
X008	Employee Transportation Program Management (FFP, Monthly) For the firm-fixed-price management of the "to and from work" transportation program for the host nation workforce, as mandated by the controlling Collective Labor Agreement (CLA). This price includes all contractor supervision, administration, and scheduling required to execute the program		
X009	Employee Transportation Operating Costs (CR, No Fee) For the direct, at-cost reimbursement of pre-approved variable costs associated with operating the employee transportation services . Reimbursable costs are limited to fuel, vehicle leases, driver salaries, and/or employee stipends for public transportation. This CLIN will be priced with a not-to-exceed plug number for evaluation purposes		

DRAFT CLIN STRUCTURE – SBOS IDIQ

Civil Engineering

CLIN	Definition	Unit	Type
X301	CE Installation Management (FFP, Monthly) For all personnel, equipment, tools, materials, supervision, and other items necessary to perform all Civil Engineering (CE) Installation Management services as defined in PWS Chapter [TBD]. This includes management of CE operations, real property, and overall program oversight.	Month	FFP
X302	Unaccompanied & Family Housing Management (FFP, Monthly)	Month	FFP
X303	Furnishing Management	Month	FFP
X304	CE Operations - Infrastructure Systems (FFP, Monthly) -For all personnel, equipment, tools, materials, and supervision necessary for the Operations & Maintenance (O&M) of all horizontal 'outside plant' infrastructure as defined in PWS Chapter [TBD]. This function is primarily focused on the sustainment of all installation pavements, including roads, parking areas, and airfield surfaces, as well as any associated storm water drainage systems.	Month	FFP
X305	CE Operations - Facility Systems (FFP, Monthly) For all personnel, equipment, etc., necessary for all recurring preventative and corrective maintenance of all vertical facilities and structures, as defined in PWS Chapter [TBD]. This includes the central management of service requests and all direct maintenance tasks.	Month	FFP
X306	Engineering & Project Management Services (FFP, Monthly) -For all personnel, equipment, etc., necessary to perform all Engineering, Construction, and Project Management support services, including design and construction management, as defined in PWS Chapter [TBD].	Month	FFP
X307	CE Operations - Utilities & Power Production (FFP, Monthly) Personnel, equipment, tools, materials, and supervision necessary for the complete operation and maintenance of all installation utility and power production systems as defined in PWS]. This function includes the O&M of the Potable Water Production and Distribution System; the Wastewater Collection and Treatment System; management of the commercial electrical grid interface; the sustainment of backup power generation assets; the full operational sustainment of the installation's solar power generation farm, including all associated electrical components and grounds maintenance within the farm's perimeter; and the execution of the comprehensive Energy Management program		

DRAFT CLIN STRUCTURE – SBOS IDIQ

Civil Engineering

CLIN	Definition	Unit	Type
X308	CE Environmental Management (FFP, Monthly) For all personnel, equipment, etc., necessary to execute all Environmental Management programs in accordance with applicable guidance. This includes environmental conservation, pollution prevention, and natural and cultural resource protection, as defined in PWS Chapter [TBD].	Month	FFP
X309	CE Services - Custodial (FFP, Monthly) For all personnel, equipment, and materials necessary to perform all custodial and janitorial services for designated facilities in accordance with the standards defined in PWS Chapter [TBD].	Month	FFP
X310	CE Services - Grounds Maintenance (FFP, Monthly) For all personnel, equipment, and materials necessary to perform all grounds maintenance and landscaping services for the installation, as defined in PWS Chapter [TBD]	Month	FFP
X311	Refuse and Recycling Services (FFP, Monthly) For all personnel, equipment, vehicles, materials, and supervision necessary to execute the complete management of the installation's solid waste program, as defined in PWS Chapter [TBD]. This function includes, but is not limited to, the collection and disposal of all municipal solid waste (refuse), as well as the management and operation of the installation's comprehensive Recycling Program	Month	FFP
0312	Integrated Pest Management (FFP, Monthly) For all personnel, equipment, and materials necessary to execute the installation's Integrated Pest Management (IPM) program, as defined in PWS Chapter [TBD]	Month	FFP
X31	Fire and Emergency Services (FFP, Monthly) For all personnel, equipment, etc., necessary to perform all Fire and Emergency Services functions, including emergency response, fire prevention, and training, as detailed in PWS Chapter [TBD]	Month	FFP
X375	Reimbursable Material and Supplies For the direct, at-cost reimbursement of all pre-approved materials, supplies, and consumables required for the performance of all Civil Engineer services defined in PWS Chapter 3. This includes, but is not limited to, materials for facility maintenance, custodial supplies, groundskeeping materials, and other items not considered contractor-furnished equipment.	LOT	CR

DRAFT CLIN STRUCTURE – SBOS IDIQ

Logistics Readiness

CLIN	Definition	Unit	Type
X401	Logistics - Materiel Management Services (FFP, Monthly) For all personnel, equipment, etc., necessary to perform all Materiel Management functions, including the operation of the installation supply warehouse, stock control, inventory, receiving, and issue functions, as defined in PWS Chapter	Month	FFP
X420	Logistics - Vehicle Management & Maintenance (FFP, Monthly) For all personnel, equipment, etc., necessary to perform all Vehicle Management and Maintenance functions for the assigned Government vehicle fleet, as defined in PWS Chapter	Month	FFP
X403	Logistics - Traffic Management Operations (TMO) (FFP, Monthly) For all personnel, equipment, etc., necessary to perform all Traffic Management functions for official Government cargo. This includes, but is not limited to, ground transportation, cargo packing, crating, and freight movement coordination, as defined in PWS Chapter	Month	FFP
X404	Logistics - Personal Property & HHG Support (FFP, Monthly) For all personnel and administrative support necessary to manage the shipping, receiving, and local distribution of personal property and household goods (HHG) for DoD personnel, as defined in PWS Chapter	Month	FFP
X405	Logistics - Passenger Movement Services (PAX) (FFP, Monthly) For all personnel and support necessary to manage the processing of passengers for official air travel through the installation's passenger terminal, as defined in PWS Chapter	Month	FFP
X406	Logistics - Customs & Border Clearance Support (FFP, Monthly) For all personnel and administrative support necessary to act as the liaison with host nation customs authorities for all Government cargo and personnel, as defined in PWS Chapter	Month	FFP
X475	Reimbursable Material and Supplies		

DRAFT CLIN STRUCTURE – SBOS IDIQ

Communications

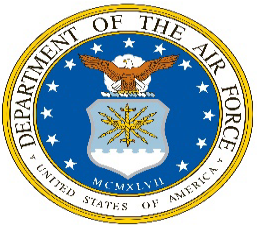

CLIN	Definition	Unit	Type
X501	Communications and Information Technology Support	Month	FFP
X502	Reimbursable Material & Equipment	Lot	CR

Force Support Services

CLIN	Definition	Unit	Type
X601	Food Services	Month	FFP
X602	Sports / Recreation / Intramural / Library / Publicity Support	Month	FFP
X603	Reimbursable Material & Equipment	Lot	CR

Ambulance and Medical Support Services

CLIN	Definition	Unit	Type
X701	Ambulance and Emergency Medical Services	Month	FFP

DRAFT CLIN STRUCTURE – SBOS IDIQ

USAFE Operations (WRM & Transient Alert)

CLIN	Definition	Unit	Type
X801	Flight Line Support Services -For all personnel, certified technicians, equipment, and supervision necessary to perform all flight line support services funded by USAFE, as defined in PWS Chapter [TBD]. This function includes, but is not limited to, Transient Aircraft Maintenance (Transient Alert), Aerospace Ground Equipment (AGE) Maintenance, and the management and servicing of Cryogenic Products	Month	FFP
X901	War Reserve Materiel (WRM) Asset Maintenance	Month	FFP
X975	Reimbursable Material & Equipment	Lot	CR

CONTRACT DURATION

- Spain BOS: Maximum 7.5-Year Contract Duration *(including 52.217-8 “6-month extension”)*

60-day Mob	Base 1	Base 2	Base 3	Option 1	Option 2	Option 3	Option 4	6-mos
Dec 27 – Jan 28	Jan 28 – Jan 29	Jan 29 – Jan 30	Jan 30 – Jan 31	Jan 31-Jan 32	Jan 32 – Jan 33	Jan 33– Jan 34	Jan 34– Jan 35	52.217-8

Source Selection Strategy & Tradeoff Approach

■ Source Selection Strategy & Tradeoff Approach

- **BLUF: Best-Value Tradeoff.** Select the offerors that provide the best overall solution. Past Performance with "Pass/Fail" to ensure only experienced firms are considered for award

■ Evaluation Factors & Relative Importance

Factor	Rating Method	Relative Importance
Factor I: Past Performance	Acceptable / Unacceptable	Must be "Acceptable" to be considered
Factor II: Technical	Subjective (Adjectival/Color)	Significantly More Important than Price
Factor III: Price	Fair & Reasonable, Balanced	When combined, all non-price factors are significantly more important than price

Draft Source Selection Strategy & Tradeoff Approach

- **Factor I: Past Performance Spain**-will be evaluated on a pass/fail basis. Offerors must receive an "Acceptable" rating to be eligible for award.
- **Offerors must submit 2 to 5 recent and relevant contract references**
- **Full Details on SAM.gov:** This is a summary only. The complete draft Section M, with all definitions and requirements, has been posted to the SAM.gov notice.

Recency/Relevancy Threshold		Minimum Requirement)
Recency	• Within the last 5 years • At least one reference must be an on-going contract	
Relevancy	• Size: > \$20M average annual value • OCONUS: At least one reference must be OCONUS • Scope: Experience as a prime on a multi-function BOS or similar facilities/logistics spt contract • Complexity: Demonstrate experience managing a unionized workforce of at least 200 ppl • Joint Ventures: Newly formed JVs are permitted, provided the Managing Partner demonstrates relevant OCONUS experience	

Draft Source Selection Strategy & Tradeoff Approach

- **Technical Evaluation: Subjective (Adjective/Color Rating) for Technical Factors**
 - Full Section M verbiage see SAM.gov, Attachment 8

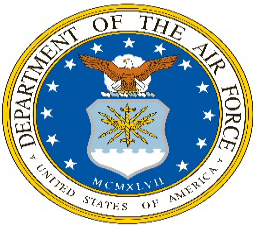

Eval Area	Evaluation Factors
1. Program Leadership/Staffing & Continuity	• Staffing Plan (Adjectival Rating): Realism & Efficiency of the proposed FTEs based on the offeror's BOE which must include their Planning Factors and Productive Hour calculations • Phase-In Plan (Pass/Fail): Offeror's plan to achieve a seamless transition within the Government's mandated 60-day period. Must address all key activities, from business registration to workforce capture. • Key Personnel Continuity Plan (Pass/Fail): Offeror's plan to recruit, retain, and backfill key personnel. A higher rating will be given for proactive "talent pipelining" strategies and a reasonable proposed "Vacancy Fill Period." • Union Labor Management Plan (Pass/Fail): Evaluate the acceptability of the offeror's plan for managing the union workforce. The plan must demonstrate a practical understanding of the CLA and key host nation labor laws. • Draft of this Elements with all definitions and requirements, has been posted to the SAM.gov
2. Performance Oversight & Technology	• Proposed Key Performance Indicators & dashboard mock-ups that will be delivered post-award • Technical Innovations that provide verifiable savings or efficiencies

Source Selection Strategy & Tradeoff Approach

- **Factor III: Price Reasonableness**
- **BLUF:** This is a best-value tradeoff. Price eval will have two objectives: 1) Price reasonableness through competition. 2) Assess for unbalanced pricing.

Evaluation Area	Evaluation Factor
Fair & Reasonable	Established primarily by comparing the offerors' total proposed prices against each other and the Independent Government Estimate (IGE), in accordance with FAR 15.404-1
Balanced Pricing	IAW FAR 15.404-1(g), all proposals will be analyzed for materially unbalanced pricing. The Government reserves the right to determine that a proposal is unacceptable if the offer is found to be materially unbalanced

SITE VISIT – RULES OF ENGAGEMENT

- **Moron AB and worksites familiarization**
 - **Please -- Do not disturb or talk to workers**
 - **Please -- Stay with the group (must ride the bus)**
 - **Pictures will be allowed in designated enclosed areas as instructed by the Contracting Officer. No pictures of the flight line or open areas.**
