Section A - Solicitation/Contract Form

CASCON Casualty Control Systems

Additional Regulation or Supplemental Clauses Incorporated by Full Text

FLCPS SRF 001 FLCPS_SRF_NOTICE_TO_OFFERORS

(Aug 2025)

This Solicitation is a SOLE SOURCE REQUIREMENT for OEM R.B. ALLEN FOR CASCON ASSESMENT, INSPECTION, REPAIR AND TRAINING

1. NOTICE TO ALL OFFERORS: The Government anticipates awarding a firm, fixed price contract in accordance with RFO Part 12 in response to quotes received in response to this solicitation. A firm, fixed price contract places the maximum risk and full responsibility for all costs and resulting profit or loss on the contractor, offerors are advised to consider these risks when pricing their quotes.

2. See block 8 on page 1 of the solicitation for the closing date and time.

3. The deadline for submission of questions regarding the solicitation's terms, conditions, specifications, and/or performance work statement (PWS) is 2 dayS prior to the solicitation's closing date. Submit via email, to the Contracting Official 2 days prior to solicitation closing date:

Name: Adia Roberts
Email: adia.m.roberts.civ@us.navy.mil

4. The Government will evaluate the offeror's price for reasonableness and past performance as part of the responsibility determination.

5. "EXCEPTIONS: All quoters MUST note all exceptions from the solicitation's terms, conditions, specifications, and/or the statement of work / performance work statement, if any. It will be assumed that any quote without mention of any exceptions will take no exception from all specifications, terms and conditions, clauses, or provisions within the solicitation."

6. SINGLE AWARD FOR ALL ITEMS: Due to the interrelationship of supplies and/or services to be provided hereunder, the Government reserves the right to make a single award to the quoter whose quote is considered in the best interest of the government, price and other factors considered. Therefore, quoters who quote less than the entire effort specified herein may be determined to be unacceptable.

7. Submission of invoices will be via WAWF; see Clause 252.232-7006.

YOUR COMPANY MUST BE REGISTERED WITH **SAM** SYSTEM AWARD FOR MANAGEMENT IN ORDER TO RECEIVE A GOVERNMENT AWARD

THIS IS ALWAYS A FREE SITE TO REGISTER; SEE FOLLOWING LINK: [HTTPS://WWW.SAM.GOV](https://www.sam.gov)

FOR SERVICES:

Information for Contractor Employees Seeking to Enter Japan

1. The following is provided for the information of contractors to the U.S. Navy whose employees need to enter Japan to perform contract requirements. The information is current as of February 2023. While the information is believed to be accurate, policies and procedures are continuing to change on a regular basis.

2. See <https://www.japan.travel/en/coronavirus/> for a list of the current restrictions and COVID entry procedures.

3. All contractor personnel arriving in Japan should utilize the process outlined in the USFJ Instruction to ensure they are recognized as members of the civilian component under Article 1.b. of the SOFA. The process requires that a contractor contact the contracting officer for the contract on which its employee will perform in Japan prior to the employee traveling to Japan. Contact is made through the Synchronized Pre-deployment and Operational Tracker (SPOT) system. The contractor will provide information to the contracting officer about the traveling employee. Following review, the contracting officer will issue the contractor a Letter of Authorization (LOA). The incoming contractor employee will hand carry a copy of the LOA and show it to the Japanese immigration authority at the port of entry as evidence of SOFA status. Contractors who do not have current access to SPOT should contact their contracting officer for information about accessing SPOT.

4. This memo is intended to provide current information for contractors whose employees need to enter Japan to perform contract requirements. Nothing in the memo should be understood to change the terms or conditions of an existing contract. Any such changes must be made by an authorized contracting officer per 52.212-4.

The following attachments will be provided upon request:

1. USFJI 64-100, Contract Performance in Japan (25 Oct 2019)

Requirements for contractors to receive CFAY base access:

Documents that are required for contractors that don't have a CAC:

1. Visit request letter *1
2. Installation Access Request Form *2, 5
3. SPOT Letter of Authorization (LOA) *3
4. SECNAV 5512-1 *4
5. Color copy of passport

Notes:

1. Visit request letter should be on company letterhead
2. Dates on the installation access form must match the respective contractors LOA
3. LOA must be signed by contracting officer
4. SECNAV 5512-1 must have SSN listed, and initials/signature must be hand written. Block 24: POC will be provided at time of award.

Documents that are required for contractors that have a CAC:

1. Visit request letter *1
2. SPOT Letter of Authorization (LOA) *2

Notes: Visit request letter should be on company letterhead

All forms must be electronically filled out (except SECNAV Form page-2, blocks 28-29 for Initials and block-30 for Wet Signature and date).

- Ensure visit dates (DBIDS and Visit Request Letter) are the same
- Home address on DBIDS and SECNAV Forms must be the same
- DBIDS form, ID TYPE: Passport and provide passport number
- SECNAV Form, block-13, ensure FULL SSN, state ID/Drivers License and Passport Number and information are provided on block-14-18
- Forms not filled out correctly will be returned

NOTES:

1. These documents must be sent through DOD SAFE or ENCRYPTED email (due to PII) 14 days prior to scheduled visit.
2. Contractors will not enter Japan without a SPOT LOA, which shall present copy of SPOT LOA to the Japanese immigration official upon entry into Japan and keep a copy of the LOA in their possession while present in Japan. A copy does not need to be kept on the employee's person but should be in the employee's possession so they may produce the copy within a reasonable time as required for administrative processing and renewal purposes as per USEJINST 64-100.

Section C - Description/Specifications/Statement of Work

PERFORMANCE WORK STATEMENT

Ship Repair Facility and Japan Regional Maintenance Center Yokosuka, Japan Maintenance and Technical Requirements for CASCON Casualty Control System

SECTION 1 BACKGROUND AND GENERAL INFORMATION

Section 1-1 Scope

This Performance Work Statement (PWS) describes the requirements for an assessment, inspection, repair and training for the CASCON casualty control system required for Shipboard 8010 Compliance which is utilized by Ship Repair Facility - Japan Regional Maintenance Center Yokosuka (Facilities Department).

The Contractor, R.B. Allen Co Ltd., as the equipment CASCON Casualty Control System OEM and not as an agent of the U.S. Government, shall furnish labor, test equipment, technical representatives and repair parts necessary for the accomplishment of the work identified in this PWS and its corresponding attachments. Schedule changes may occur and the contractor shall be expected to accommodate them within the scope and terms of this contract. All communications (written and verbal) shall be conducted in the English language.

Section 1-2 Period of Performance

The Period of Performance (POP) associated with this PWS will be conducted within a two (2) week timeframe between 15 April 2026 and 15 May 2026 and all equipment operational status must be confirmed by the Government no later than 30 May 2026. This POP provides the Government ample time to set up and install on board the US Navy Vessel prior to the start of their extended Docking Maintenance Availability and allows for follow up rework and necessary repairs per the maintenance manual.

Section 1-3 Place of Performance

Contractor is required to perform the work within Offices and Shops at SRF-JRMC facilities. The SRF-JRMC Facilities Management Department will facilitate access to the Contractor representatives onto Commander, U.S. Fleet Activities, Yokosuka, Japan.

SECTION 2 PLANNING AND EXECUTION

The contractor is required to accomplish a full assessment, inspection, repair and follow on training of CASCON casualty control system in accordance with CASCON manual (to incorporate 8010 requirements).

Provision

- Visual assessment - Whole system check of equipment, wirings, fittings, components, etc.
- Functional inspection - Manual and Automatic mechanism and confirm equipment functionality

- Repair any damaged or missing equipment and Provide space and Miscellaneous Repair Parts
- Conduct retraining with SRF Personnel upon completion of system restoration

Completion of Inspection

- Upon completion of inspection if any part of the system fails and requires material, request contractor to submit written quote to the Program Manager for procurement and any additional funding shall be obtained prior to work being performed. This PWS is for a one time system repair of currently equipment which is inoperable.

Requirements

Assessment, inspection, repair and training for the CASCON casualty control system required for Shipboard 8010 Compliance.

252.232-7003	Electronic Submission of Payment Requests and Receiving Reports.	Dec 2018		

DFARS Clauses Incorporated by Full Text

252.232-7006 Wide Area WorkFlow Payment Instructions. (Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

=====

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

=====

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table* **WILL BE PROVIDED AT TIME OF AWARD**

<i>Field Name in WAWF</i>	<i>Data to be entered in WAWF</i>

DCAA Auditor DoDAAC	==
Other DoDAAC(s)	==

(4) *Payment request.* The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

== WILL BE PROVIDED AT TIME OF AWARD

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

252.211-7003 Item Unique Identification and Valuation. (Jan 2023)

ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

(a) *Definitions.* As used in this clause-

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means-

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

"Enterprise" means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

"Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means-

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

"Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) *Unique item identifier.*

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line, Subline, or

Exhibit Line Item Number	Item Description
=====	=====
=====	=====
=====	=====

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or

Exhibit Line Item Number	Item Description
=====	=====
=====	=====
=====	=====

(If items are identified in the Schedule, insert "See Schedule in this table.")

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparables and DoD serially managed nonreparables as specified in Attachment Number ____.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number ____.

(v) Any item not included in (i), (ii), (iii), or (iv) for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology - International symbology specification - Data matrix; ECC200 data matrix specification.

(4) *Data syntax and semantics of unique item identifiers.* The Contractor shall ensure that-

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology - Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) *Unique item identifier.*

(i) The Contractor shall-

(A) Determine whether to-

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code-

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

- (1) Unique item identifier.
- (2) Unique item identifier type.
- (3) Issuing agency code (if concatenated unique item identifier is used).
- (4) Enterprise identifier (if concatenated unique item identifier is used).
- (5) Original part number (if there is serialization within the original part number).
- (6) Lot or batch number (if there is serialization within the lot or batch number).
- (7) Current part number (optional and only if not the same as the original part number).
- (8) Current part number effective date (optional and only if current part number is used).
- (9) Serial number (if concatenated unique item identifier is used).
- (10) Government's unit acquisition cost.
- (11) Unit of measure.
- (12) Type designation of the item as specified in the contract schedule, if any.
- (13) Whether the item is an item of Special Tooling or Special Test Equipment.
- (14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

- (1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.
- (2) Unique item identifier of the embedded subassembly, component, or part.
- (3) Unique item identifier type.**
- (4) Issuing agency code (if concatenated unique item identifier is used).**
- (5) Enterprise identifier (if concatenated unique item identifier is used).**

- (6) Original part number (if there is serialization within the original part number).**
- (7) Lot or batch number (if there is serialization within the lot or batch number).**
- (8) Current part number (optional and only if not the same as the original part number).**
- (9) Current part number effective date (optional and only if current part number is used).**
- (10) Serial number (if concatenated unique item identifier is used).**
- (11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.

(2) Embedded items shall be reported by one of the following methods-

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number (fill in) _____, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) *Subcontracts*. If the Contractor acquires by subcontract, any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

(End of clause)

SUPTXT 203.1106-1 NAVY USE OF ABILITY ONE

(Jan 2025)

SUPTXT 203.1106-1 (3-18) NAVY USE OF ABILITYONE SUPPORT CONTRACTOR - RELEASE OF OFFEROR INFORMATION

NAVSUP Fleet Logistics Center Puget Sound may utilize contractor support through the AbilityOne Program, as needed, to perform contract closeout functions for this acquisition. Information, including business sensitive/confidential or proprietary data, that the offeror provides to the government or information already in the possession of the government may be viewed and utilized by the AbilityOne Program support contractor personnel during the course of its contract performance. The information that may be made available to the support contractor may include, for example, pricing and technical proposals, historical contract, pricing and performance information, Commercial Asset Visibility (CAV) reporting information and similar data/information.

By submission of a proposal in response to this solicitation, the offeror and its subcontractors consent to a release of their business sensitive /confidential or proprietary data to the government's AbilityOne Program support contractor personnel. AbilityOne will have a Non-Disclosure/Non-Use Agreement in place with the Government in order to comply with DFARS 252-227-7025. The offeror retains the right to engage AbilityOne in a non-disclosure agreement pursuant to DFARS 252.227-7025(b)(5)(iv)
