**SPECIAL USE PERMIT FOR
CAMPGROUND AND RELATED GRANGER-THYE CONCESSIONS**

**APPENDIX B
ANNUAL GRANGER THYE FEE OFFSET AGREEMENT**

**AUTHORITY: Section 7 of the Granger-Thye Act, 16 U.S.C. 580d
<Reference FSH 2709.11 chapter 50>**

This Annual Granger-Thye (GT) Fee Offset Agreement (agreement) is made by [name] (the holder) and the U.S. Department of Agriculture, Forest Service, [name] National Forest (the Forest Service), under section 7 of the G-T Act, 16 U.S.C. 580d, and clause IV.E of the special use permit issued to the holder on [date] (the permit). The total estimated annual land use fee is [amount]. [] percent of that land use fee may be offset by the cost incurred by the holder for the Government maintenance, reconditioning, renovation, or improvement (MRR) projects listed below in accordance with this agreement. Additionally, [] percent of that fee may be offset by the cost incurred by the Forest Service for the Government MRR projects under a separate collection agreement. Projects to be performed by the holder shall be completed by the date specified and within the holder's fiscal year for the year the fee is due. The Forest Service may modify the projects and dates as necessary, after consultation with the holder.

1. Amount of Land Use Fee Subject to Offset. The actual cost of each project that is satisfactorily completed as determined by the Forest Service may be offset against the holder's land use fee. Due dates and cost estimates for completion of each project are enumerated below. Examples of allowable costs include salaries and wages, materials and supplies, and subcontracts that are direct costs of a G-T fee offset project and indirect costs based on an approved indirect cost rate. The total cost for Government MRR projects to be performed under this agreement shall not exceed the holder's annual land use fee.

2. Projects and Project Costs Covered by This Agreement. Upon a determination by the Forest Service that a project has been satisfactorily completed by the holder, the holder shall submit documentation of its actual cost to the Forest Service and shall certify that the representations in that documentation are accurate and complete. The certification shall be signed and dated, and shall state that failure to sign the certification shall vitiate the fee offset claim. The Forest Service shall verify that documentation before giving any credit against the holder's land use fee, and reserves the right not to grant any fee offset if any representations in the documentation are inaccurate or incomplete.

The holder shall perform the work itemized below under this agreement.

Description of Project	Due Date	Estimated Cost	Completion Date	Actual Cost
[itemize projects]				

The Forest Service or Forest Service contractor shall perform the work itemized below under this agreement.

Description of Project	Due Date	Estimated Cost	Completion Date	Actual Cost
[itemize projects]				

<USER NOTES FOR PARAGRAPH 3>

<Include paragraph 3 if the total estimated cost of Government MRRI projects to be performed under this agreement exceeds \$2,000 and the holder is a private entity or a state or governmental entity that is contracting with a private entity to perform the Government MRRI projects. Otherwise delete paragraph 3, and re-number the remaining paragraph.>

3. Davis-Bacon Act Requirements. This agreement is subject to the Davis-Bacon Act, 40 U.S.C. 3141 *et seq.*, and its implementing regulations at 29 CFR 5.5. These regulatory requirements are incorporated by reference into this agreement as if fully set forth in this agreement.

4. Documentation of Project Costs. Upon a determination by the Forest Service that a project has been satisfactorily completed by the holder, the holder shall submit documentation of its actual cost to the Forest Service and shall certify, using form FS-2700-4h, Appendix G, that the representations in that documentation are accurate and complete. The certification shall be signed and dated and shall state that failure to sign the certification shall vitiate the fee offset claim. The Forest Service shall verify that documentation before giving any credit against the holder's land use fee and reserves the right not to grant any land use fee offset if any representations in the documentation are inaccurate or incomplete.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond, to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0082. Response to this collection of information is mandatory. The authority to collect the information is the Organic Administration Act, 16 U.S.C. 551. The time required to complete this information collection is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact the State or local Agency or contact USDA through the Telecommunications Relay Service at 711(voice and TTY). Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at How to File a Program Discrimination and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Mail Stop 9410, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

The Privacy Act of 1974 (5 U.S.C. 552a) and the Freedom of Information Act (5 U.S.C. 552) govern the confidentiality to be provided for information received by the Forest Service.

Appendix 12: Potential Government Maintenance, Reconditioning, Renovation, and Improvement Projects

Potential Government Maintenance, Reconditioning, Renovation or Improvement (MRRI) Projects

Included below are anticipated government maintenance, reconditioning, renovation or improvement projects. Items on this list could be changed, depending on use and condition of facilities, at the discretion of the Authorizing Officer.

Many of the future projects consist of bringing the sites into compliance with the National Quality Standards for Recreation Site Management, as described in Appendix 19. Projects may be derived from Appendix 3 – Inventory of Government Furnished Property. In addition, anticipate annual replacement of features that become irreparable or damaged. Items on this list could be changed, depending on use and condition of facilities, at the discretion of the Authorizing Officer. Note that costs are estimates and actual costs may vary.

NOTE: This table represents a sample list of potential Granger-Thye Fee Offset projects for facilities in this prospectus. The Forest Service may find a need for higher priority projects and revise this list at any time.

Table 1. Potential MRRI Project List

Item/Project	Quantity	Estimated Cost	Completion Date
Saddle Campground – install double trash cans at each of restrooms in the campground.	2	\$10,932 (\$5,466 each)	CY27
Apache Campground – install double trash cans at each of restrooms in the campground.	2	\$10,932 (\$5,466 each)	CY27
Silver Campground – install double trash cans at each of restrooms in the campground.	3	\$16,400 (\$5,466 each)	CY28
Pines Campground – install double trash cans at each of restrooms in the campground.	3	\$16,400 (\$5,466 each)	CY28

Subject: Indirect Cost Reimbursement in Granger-Thye Permits

To: Regional Foresters

Issue. At the request of the National Forest Recreation Association (NFRA) we have evaluated how the Forest Service reimburses the indirect costs of permit holders who perform Granger-Thye (GT) fee offset work. Holders are concerned that forests are inconsistent on whether and how indirect costs are allowed and what documentation is necessary to support a claim for indirect costs.

Background. Under Section 7 of the GT Act, and when authorized by a permit and GT fee offset agreement (GT agreement), the Forest Service offsets all or part of the permit fee paid by campground concessionaires with the cost of Government renovation, reconditioning, improvement, and maintenance performed at the concessionaire's expense on facilities covered by the permit. When the holder performs the work, it is authorized by an attachment to the permit called a GT fee offset agreement. Alternatively, the Forest Service may enter into a collection agreement as authorized by Section 5 of the GT Act to perform work eligible for fee offset under Section 7.

Historical Practice. Typically the field has offset the holder's direct costs for approved offset work, but reimbursement for the holder's indirect costs has varied. Approaches have included limiting indirect costs to a maximum of 5 percent or 10 percent of the fee to be offset, limiting the type of indirect costs to be reimbursed, or reimbursement of a flat overhead rate without documentation. Review of this issue has shown that these methods are not appropriate, because holders should be reimbursed actual costs. There is a misconception among employees and holders that the Forest Service can reimburse a flat indirect cost rate without documentation. There is often disagreement between forests and holders about what costs may be reimbursed.

Comparison. The Office of Management and Budget (OMB) has issued circulars to guide cost reimbursement for several types of business entities, including Circular A-87 for State and Local Governments and Circular A-122 for Non-Profit Organizations. The Federal Acquisition Regulation (FAR) Part 31 guides cost reimbursement for Commercial (For-Profit) Entities. We evaluated how cost reimbursement is conducted in other agency programs. Regulations at 7 CFR 3019.27 were updated in August 2000 to address the determination of allowable costs for grants and agreements in conformance with applicable OMB circulars. FSH 1509.11, Chapter 70, provides that administration of costs in grants and agreements for commercial entities is subject to FAR Part 31, Contract Cost Principles and Procedures. Adopting these cost standards for GT offset will create consistency among the program areas of special uses, contracting, and grants and agreements and conform to OMB guidance.

Conclusion. Offset of indirect costs is appropriate. Indirect costs are a customary charge in contracting and grants and agreements and should be eligible for offset under GT agreements. The following guidance applies to reimbursement of actual costs to commercial entities holding GT permits. The guidance (enclosed) is excerpted from FAR Part 31 and 48 CFR Part 9904 but has been tailored to address GT agreements. A simplified process for small concessions is included at the end of the document. Cost principles for non-profit entities and state or local governmental entities are not addressed. The guidance does not address the reimbursement of agency indirect costs. When the Forest Service performs the work, agency indirect costs will be assessed in accordance with FSH 1509.11, Chapter 33 and indirect cost rates established nationally (e.g., the FY2002 rate is 18 percent).

Implementation.

Before the holder's indirect costs may be offset under a GT agreement, the holder must submit its indirect cost rate and supporting documentation for approval. Determination of an indirect cost rate should comply with the Cost Accounting Standards (CAS) and this guidance. When claiming cost reimbursement, the holder must certify that costs claimed comply with this guidance. Indirect costs based on approved Indirect Cost Allocation Rates (ICAR) should be reimbursed starting with 2002 permit fees. This advice for reimbursement of indirect costs is not retroactive to prior year permit fees.

For New Permits: Applicants must disclose accounting procedures and historic indirect cost allocation rates in response to a prospectus.

For Existing Permits: Holders must submit their ICAR to the authorized officer. Because the ICAR will be the same for all permits held by a specific company, it is recommended that the regional external auditor review and approve the rate. Regional auditors should coordinate the review for companies operating in more than one region.

NATIONAL FOREST
RANGER DISTRICT
PERMIT ID NUMBER

Project Name _____

Holder's Fiscal Year (FY)

Total allowable costs may be offset under a Granger-Thye (GT) fee offset agreement to the extent they do not exceed the total annual fee for this permit. Total allowable costs of a GT project included in this GT claim are the sum of the direct GT project costs and indirect costs allocable to this GT project. Costs submitted under this GT claim shall be documented and determined by the Forest Service to be reasonable, allocable, and determined to be allowable, in accordance with the terms of this permit, the applicable GT fee offset agreement, and applicable Forest Service directives.

Direct GT Costs: Provide claimed GT costs by cost element and attach schedules to show the cost breakdown by cost element. Provide supporting documentation for the cost claim.

Indirect Costs: Indirect costs must be computed based on Forest Service-approved indirect cost rate and may be added to the total direct GT costs. Attach the approved indirect cost rate for FY [].

Approval of the fee offset claim is subject to all provisions in the Annual Granger-Thye Fee Offset Agreement (FS-2700-4h, Appendix B) executed by the U.S. Department of Agriculture, Forest Service, [name] National Forest, and [holder name] on [date of GT fee offset agreement].

Materials and Supplies	\$	
Subcontracts	\$	
Other (specify)	\$	
Sum of Direct GT Costs	\$	

INDIRECT COSTS ([]% x Direct GT costs) \$

TOTAL GT COST CLAIM FOR PROJECT \$

Subject to the penalties prescribed in the False Statements Act, 18 U.S.C. 1001, the holder certifies to the best of its knowledge that the representations in the documents supporting its claim for fee offset are accurate and complete. The Forest Service reserves the right not to grant the fee offset claim if any of

these representations is inaccurate or incomplete. Failure to sign the certification shall vitiate the fee offset claim.

Appendix 15: Sample Collection Agreement for Granger-Thye Fee Offset Work

Collection Agreement
between
<Name of Holder>
and
<Name> National Forest

Agreement Number: _____

Cooperator Tax ID #: _____

THIS COLLECTION AGREEMENT is made by (name of holder) and the U.S. Department of Agriculture, Forest Service, _____ National Forest (the FS), under Section 5 of the Granger-Thye Act, 16 U.S.C. 572.

WHEREAS, the holder operates a FS campground (or campgrounds) under a special-use permit dated ____;

WHEREAS (SELECT EITHER #1 OR #2) 1) THE HOLDER HAS A REQUESTED THE FS TO PERFORM AND THE FS IS WILLING TO PERFORM UNDER A COLLECTION AGREEMENT OR 2) THE FS IS REQUIRING THAT IT PERFORM UNDER A COLLECTION AGREEMENT, the following projects listed in the fee offset agreement: (List all agreed to and approved projects);

WHEREAS, the cost of those projects may be used to offset the permit fee in accordance with the fee offset agreement;

THEREFORE, in consideration of the above, the parties agree as follows:

A. The holder shall:

1. Make advance payments, in accordance with the permit, in amounts sufficient to cover the total cost of performing the Government maintenance and reconditioning work listed in this agreement, including overhead as determined by the FS up to ____ percent of project costs.
2. Pursuant to the Debt Collection Improvement Act of 1996, as amended by P.L. 104-134, furnish their tax identification number upon execution of this instrument. Cooperator also agrees that notice of the FS's intent to use such number for purposes of collecting and reporting on any delinquent amounts arising out of such person's relationship with the Government, has hereby been given.

B. The FS shall:

1. Deposit payments received from the holder under this agreement into the FS cooperative work fund.
2. Upon receipt of payment from the holder, perform the Government maintenance and reconditioning projects listed in this agreement.
3. Contributions authorized for use by the FS, which are not spent or obligated for project(s) approved under this instrument, will be refunded to the cooperator authorized for use for new projects by the cooperative.

C. It is mutually agreed that:

1. No member of or delegate to Congress or resident commissioner shall receive any benefit that may arise from this agreement; provided, that this provision shall not apply to this agreement if it is made with a corporation for its general benefit.

2. This agreement in no way restricts the FS or the holder from participating in similar activities with other public or private agencies, organizations, or individuals.
3. Any holder contributions made under this agreement do not directly or indirectly convey FS endorsement of the holder's products or activities.
4. Modification of this agreement shall be made by in writing mutual consent of the parties and shall be signed and dated by both parties. The FS is not obligated to fund any modifications that are not made in accordance with this clause.
5. Either party(s), in writing, may terminate the instrument in whole, or in part, at any time before the date of expiration. The FS shall not incur any new obligations for the terminated portion of the instrument after the effective date and shall cancel as many obligations as in possible. Full credit shall be allowed for FS expenses and all non-cancelable obligations properly incurred up to the effective date of termination.
6. Unless terminated by written notice, this agreement shall remain in effect until the end of the initial permit term. If the permit term is extended, this agreement may be extended in writing for the same period as the permit term.
7. Per 16 U.S.C. 572, the United States shall not be liable to the holder or the holder's heirs, assigns, agents, employees, contractors, or lessees for any loss, personal injury, or death occurring in connection with performance of work under this agreement, and the holder on behalf of itself and its heirs, assigns, agents, employees, contractors, and lessees hereby waives any and all claims against the United States for compensation for any loss, personal injury, or death occurring in connection with performance of work under this agreement.

In witness where IN WITNESS WHEREOF, the parties have executed this agreement as of the last date written below.

I: The Business and Experience

1. Purpose and Goals:

- A. What is your purpose in pursuing this business?
- B. Define your business goals for the next year and what you foresee five years from now:

2. Description of the Business:

This section should describe the nature and purpose of the company, background on your industry, and what opportunities you see for your services.

- A. Brief description of the business:
- B. Briefly describe your knowledge of this industry:
- C. List the products and services you will provide:

3. Legal Structure:

There are several ways in which your business can be legally organized.

- A. How your company is legally organized? (Check appropriate box).

Sole Proprietorship

General Partnership

Corporation "C" Corp or "S" Corp Limited Partnership

Limited Liability Company (LLC)

Other

- B. Why is this legal organization most appropriate for your business?

- C. Does your operation require a state registration number? YES NO

(If "Yes", include a copy of the registration in the Supporting Documents.)

Include any appropriate information, including shareholder or partnership agreements, in the Supporting Documents, and complete the following list of owners:

Table 1. List of owners

Name	Address	Social Security Number (SSN)	Percent Ownership

4. Location of Your Business:

Describe the planned geographical location of the business and discuss the advantages and disadvantages of the site location in terms of wage rates, labor availability, closeness to customers or suppliers, access to transportation, state and local taxes, laws, and utilities.

Describe your approach to overcoming any problems associated with the location.

- A. Planned geographical location:
- B. Discuss advantages or disadvantages of the site location:
- C. Describe your approach to overcoming any problems:

5. Market and Customers:

The purpose of this section is to present sufficient facts to convince the evaluation team that your service has a substantial market and can achieve success in the face of competition. Discuss who the customers are for your service. Where are the major purchasers for the service?

- A. Describe your anticipated target market (e.g., age, income, hobbies, regional, national, international):
- B. Describe the size of the current total market and potential annual growth:
- C. Discuss your advertising campaign in terms of how, when, and where you will advertise, and estimated annual cost:

6. Competitive Analysis:

Make a realistic assessment of the strengths and weaknesses of your competitors. Compare the competing services on the basis of image, location, price, advertising, and other pertinent features. Discuss your key competitors and explain why you think that you can capture a share of their business. Discuss what makes you think it will be easy or difficult to compete with them.

- A. Identify your key competitors:
- B. Discuss their strengths and weaknesses.
- C. Compare your product or service on key areas. For each area of comparison rank yourself and your selected competitors on a scale of 1 (high) to 5 (low). Remember: no ties.

Table 2. Competitive Analysis

Area of Comparison	You	Competitor A	Competitor B	Competitor C	Competitor D
Image					
Location					
Price					
Advertising					
Service					
Uniqueness					
Other					

D. Why do you think you can compete with your competitors and capture a share of the market?

7. Management:

The evaluation team is looking for a committed management team with the proper balance of technical, managerial, and business skills and experience which supports your proposal. Be sure to include complete resumes for each key management member in the Supporting Documents section.

(Use additional pages and attach as necessary)

- A. List owners and key management personnel and their primary duties. If any key individuals will not be onboard at the start of the venture, indicate when they will join the staff.
- B. Discuss any experience when the above people have worked together that indicates how their skills complement each other and result in an effective management team.
- C. List the advisors and consultants that you have selected for your venture. Capable, reputable, and well-known supporting organizations can not only provide significant direct and professional assistance, but also can add to the credibility of your venture.

Accountant _____

Attorney _____

Banker _____

Insurance Broker _____

Advertising _____

Others _____

8. Personnel:

Explain how you plan to recruit, develop, and maintain your workers. List the number of employees you will have, as well as their job titles and required skills. (Use additional pages as necessary)

- A. Identify essential employees, their job titles, and required skills:
- B. Identify the source and your plan to recruit essential employees:
- C. Discuss any training or retraining that you plan for your employees. Also, discuss any necessary first-aid certification or recertification, etc.:

9. Supporting Documents:

Each applicant is required to submit the items listed below.

- Personal resumes of business owners, officers, and partners
- Copies of all pertinent existing permits or licenses applicable to this business (Submit only the face pages of all current concession permits)

II: Financial Resources

1. Capital-Equipment List:

Capital equipment is defined as assets which have useful lives of more than one year. Examples include machines, equipment, vehicles, livestock, tack, gear, and computers. Describe the equipment, the quantity, whether the equipment is new or used (N/U), the expected useful life, and the cost. This includes equipment purchased from existing businesses.

Table 3. Capital Equipment List

Equipment	Quantity	New/Used	Life	Cost
Total Cost of Capital Equipment				\$0.00

2. Start-Up Expenses:

Start-up expenses are the various costs it takes to open your doors for business:

Table 4. Start-Up Expenses

Item	Cost
Total cost of capital equipment	
Beginning inventory of operating supplies	
Legal fees	
Accounting fees	
Other professional fees	
Licenses and permits	
Remodeling and repair work	
Deposits (public utilities, etc.)	
Advertising	
Insurance	
Bonds	
Advance permit fees	
Other expenses:	

Item	Cost
Total Start-Up Expenses	\$

3. Sources and Uses of Financing:

A. Sources of Financing:

Table 5. Sources of Financing

Item	Cost
Investment of cash by owners	
Investment of cash by shareholders	
Investment of non-cash assets by owners	
Investment of non-cash assets by shareholders	
Bank loans to business: short term (one year or less)	
Bank loans to business: long term (more than one year)	
Bank loans secured by personal assets	
Small Business Administration loans	
Other sources of financing (specify)	
Total Sources of Financing	\$

B. Uses of Financing

Table 6. Uses of Financing

Item	Cost
Buildings	
Equipment	
Initial inventory	
Working capital to pay operation expenses	
Noncash assets contributed by owners (use same amount as in Sources, above)	
Other assets (specify)	

Item	Cost
Total Uses of Financing	\$

C. Monthly Cash Flow Projection:

The cash flow projection is the most important financial planning tool available to you. The cash flow projection attempts to budget the cash needs of a business and shows how cash will flow in and out of the business over a stated period of time. A cash flow deals only with actual cash transactions. Depreciation, a noncash expense, does not appear on a cash flow. Loan repayments (including interest), on the other hand, do, since they represent a cash disbursement.

NOTE: The Cash Flow Projection chart on the following page is required to be completed and submitted in the existing format (date range can be modified).

Table 7. Cash Flow Projection (or Cash Flow Budget) by Month: Year One

D. Start-Up Balance Sheet:

Balance sheets are designed to show how the assets, liabilities, and net worth of a company are distributed at a given point in time.

NOTE: The following Start-up Balance Sheet is required to be completed and submitted in the existing format.

Table 8. Start-Up Balance Sheet

E. Start-Up Income Statement Projection:

Income Statements (also called Profit and Loss Statements) complement balance sheets. The income statement provides a moving picture of the company during a particular period of time. For most businesses (and for most bankers), income projections covering one to three years are more than adequate.

If you are in a start-up situation, look for financial-statement information and income ratios for businesses similar to yours. The Robert Morris Associates' Annual Statement Studies and trade association publications are two possible sources.

NOTE: The following Income Projection Statement is required to be completed and submitted in the existing format (date range can be modified).

4. Historical Financial Reports for Existing Business

Each applicant is required to submit all items listed below.

- FS-6500-24
- Tax returns (past three years)
- Current credit report from major credit bureau

5. Supporting Information

Each applicant is required to submit the items listed below, if applicable.

- Financial statements of business owners, officers, and partners
- Bank or investor letters of intent to finance project

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0082. Response to this collection of information is mandatory. The authority to collect the information is the Organic Administration Act, 16 U.S.C. 551. The time required to complete this information collection is estimated to average 8 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the State or local Agency or contact USDA through the Telecommunications Relay Service at 711(voice and TTY). Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at [How to File a Program Discrimination](#) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Mail Stop 9410, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

The Privacy Act of 1974 (5 U.S.C. 552a) and the Freedom of Information Act (5 U.S.C. 552) govern the confidentiality to be provided for information received by the Forest Service.

Appendix 19: National Quality Standards for Recreation Site Management (formerly Meaningful Measures)

National Quality Standards for Recreation Site Management and Best Management Practices (Formerly known as Meaningful Measures Standards)

National Quality Standards for developed sites have been established for the Key Measures: Health and Cleanliness, Safety and Security, Condition of Facilities, Responsiveness, Resource Setting. Critical National Standards are identified with an asterisk (*). If not met, the resulting conditions pose a high probability of immediate or permanent loss to people or property.

Key Measure: HEALTH AND CLEANLINESS

- *Visitors are not exposed to human waste.
- *Water, wastewater, and sewage treatment systems meet federal, state and local water quality regulations.
- Garbage does not exceed the capacity of garbage containers.
- Individual units and common areas are free of litter including domestic animal waste.
- Facilities are free of graffiti.
- Restrooms and garbage locations are free of objectionable odor.
- Constructed features are clean.

Key Measure: RESOURCE SETTING

- *Effects from recreation use do not conflict with environmental laws (such as ESA, NHPA, Clean Water, TES, etc).
- Recreation opportunities, site development, and site management are consistent with Recreation management system (ROS, SMS, BBM) objectives, development scale, and the Forest land management plan.
- Landscape character at the developed recreation site is consistent with the Forest scenic integrity objectives.
- Visitors and vehicles do not exceed site capacity.

Key Measure: SAFETY AND SECURITY

- *High-risk conditions do not exist in developed recreation sites.
- *Utility inspections meet federal, state, and local requirements.
- Laws, regulations and special orders are enforced.
- Visitors are provided a sense of security

Key Measure: RESPONSIVENESS

- *When signed as accessible, constructed features meet current accessibility guidelines.

- Visitors feel welcome.
- Information boards are posted in a user-friendly and professional manner.
- Visitors are provided opportunities to communicate satisfactions (needs, expectations).
- Visitor information facilities are staffed appropriately during seasons of use and current information is available.
- Recreation site information is accurate and available from a variety of sources and outlets.

Key Measure: CONDITIONS OF FACILITIES

- Constructed features are serviceable and in good repair throughout the designed service life.
- Constructed features in disrepair due to lack of scheduled maintenance, or in non-compliance with safety codes (e.g. life safety, OSHA, environmental, etc.) or other regulatory requirements (ABA/ADA, etc.), or beyond the designed service life, are repaired, rehabilitated, replaced, or decommissioned.
- New, altered, or expanded constructed features meet FS design standards and are consistent with an approved site development plan, including an accessibility transition plan.

Public Service Maintenance Standards

The following standards should be met in sites offering services to the public. These standards are necessary to ensure a pleasant recreation experience for the visitor.

Toilets, showers, and dressing areas

- Toilet bowls, risers, seats, seat covers, and urinals free of deposits on surfaces
- Building interiors free of dirt, trash, graffiti, insects (dead and alive), and spider webs
- Floors free of standing water
- Chromeware clean and bright
- Toilet paper, towels, and seat covers (where provided), stocked to last until next day and/or cleaning
- Unpleasant odors (both sewage and chemical) minimized
- All restroom buildings and individual toilet units will be fully open and accessible during the entire operating season to accommodate public service needs.

Toilets and other buildings (exterior)

- Walkways and trails clean and clear of obstructions for public safety and accommodating people with disabilities
- Floor mats clean
- Exterior walls free of graffiti
- Roof generally free of leaves and branches
- Eaves free of wasp nests, bird nests, and spider webs

Toilet vaults

- Vaults not more than three-fourths full
- During pumping, the vaults should be cleaned as thoroughly as possible to help prevent the production of odors.

Tables and benches

- Tops and seats free of dirt, grease, and large carvings
- Under portion free of spider webs, etc.
- Tops, seats, and legs secure and functional

Fireplaces, char-grills, fire rings, and stoves

- No more than half-full of ashes
- All ashes and partially burned wood confined to fireplace or grill
- Grill surface free of grease and food particles at time of ash removal Pedestals and bases straight and secure, and components functional Leftover firewood stacked beside unit.

Garbage cans and depositories

- Plastic liner half-full or less
- Cans clean on the outside; all litter and debris picked up around cans or container

Hand-pumps, fountains, and hydrants

- All units free of grease or residue
- All units secure and drip-free
- Catch basins (drains) free of food particles, soaps, grease, debris, standing water, and functioning properly

The following appendix provides descriptions for each developed recreation site included in this prospectus.

Each description includes the number and type of sites available at each facility, current fees, minimum operating season, status in the Recreation.gov reservation system, maximum occupancy if group use site, the number of parking spaces if day use or group use site, if host is required to be on site during minimum operating season, general type of host utilities and other useful facility information. Unless otherwise specified, capacity information listed in this prospectus is based on the legal number of persons and vehicles allowed in each camp site. Refer to Appendix 4 - Applicable Forest Orders for information on capacity limits.

Maps for each of these locations can be found in Appendix 2 - Maps of Developed Recreation Sites. Appendix 3 - Inventory of Government Furnished Property provides more detailed and complete site information pertaining to each of these facilities. Use all descriptions, maps, and tables together for the most comprehensive overview of the area and specific site properties. Prospective bidders are also strongly encouraged to visit sites listed in this document to further their understanding of each setting.

Every attempt has been made to make this information and that found in the Appendices as accurate as possible. However, it is possible that some errors exist. If any errors are discovered, a correction will be made available.

Guadalupe Ranger District

Sitting Bull Falls Recreation Area

Location Description

Sitting Bull Falls Recreation Area is 42 miles (67.6 km) west of Carlsbad, New Mexico, and can be reached via two routes. From north of Carlsbad, take Highway 137 from US 285, and then follow Forest Road 276. From south of Carlsbad, take Dark Canyon Road/County Road 408 from US 62/180, and then follow Forest Road 276. This desert oasis features a series of spring-fed waterfalls that fall 150 feet (45.7 m) to a large pool of water below.

Site Characteristics and Amenities

The recreation area has an ADA accessible path to the falls viewing area a short distance from the parking lot, along with several hiking trails. Sheltered picnic sites with tables and grills are available, along with fresh water, trash cans, and restrooms.

Host Sites

There are two host sites at the recreation area. The host sites have septic and electricity. Water is available at one of the host sites.

Water / Wastewater Systems

There is one restroom building that offers five flush toilets. Potable water is available in the recreation area.

Trash

There are three large bins, and two garbage cans located throughout the recreation site for garbage collection and disposal.

Minimum Operating Season

The operating season for Sitting Bull Falls Recreation Area is year-round.

Additional Details

The site is open seven days a week, from 8:30 a.m. – 4:00 p.m., the entry gate is closed at 3:30 p.m.

Sacramento Ranger District

Apache Campground

Location Description

Apache Campground is located in a mixed conifer/aspen forest. It sits at 8,900 feet and provides southern New Mexico an escape from the summer heat on the desert floor. Travel east on US82 from Cloudcroft, turn left onto NM244. Approximately 4 miles turn right at the Silver-Saddle-Apache Campground Complex sign (Forest Road 24C).

Site Characteristics and Amenities

The campground contains 24 sites. Tables, fire rings, parking, toilets, central garbage depository, plus interpretive trails are available. Tents and RVs up to 30 feet in length are permitted. No hookups available.

Host Sites

There is one host site at the campground. The host site has water and propane hookups.

Water / Wastewater Systems

There are two vault toilets with two risers each. Potable water is available at the campground.

Trash

There is no trash service at this site.

Minimum Operating Season

The average operating season for the Apache Campground is May 9 through September 2. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May to September.

Additional Details

Sites are available on a first come, first serve basis.

Aspen Group Area

Location Description

Aspen Group Area is surrounded by mixed pine, fir, and plenty of white-trunked aspen trees, with a high likelihood of blue skies above. At an elevation of almost 9,000 ft., campers can expect cool, crisp mountain breezes coming off the steep Sacramento Mountains - perfect for an escape from the scorching valley below. From Cloudcroft, turn south onto NM130. Continue for 1 mile and turn left (east) onto Forest Road 24B (just across the road from the Deerhead Campground entrance. The entrance will be on your left-hand side.

The Sacramento Mountains overlook the Dog Canyon and the Tularosa Basin. Take advantage of the campground's high elevation and revel in the breathtaking beauty of the region's unspoiled vistas stretching out over the Tularosa Basin. Wildlife in the area includes elk, deer, and bears. With some luck, you could even spot a roadrunner.

Site Characteristics and Amenities

The campground has 1 site. The site is available as a group site only, so groups of anywhere from 4 to 70 can reserve the whole space. This area is a nonelectric group standard recreation site.

Host Sites

This site does not have a host site at the campground.

Water / Wastewater Systems

There is one vault toilet with two risers. Potable water can be obtained from Sleepy Grass Campground during peak season, which is Memorial Day to Labor Day.

Trash

There is one bear box, one dumpster, and one double bear trash can.

Minimum Operating Season

The average operating season for Aspen Group Area has been May 15 through September 6. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May to September.

Additional Details

Reservation can be made at [recreation.gov](https://www.recreation.gov)

(<https://www.recreation.gov/camping/campgrounds/231887?tab=seasons>) from May 15 through September 6. Visitors may stay up to 14 nights during a visit to this campground.

Black Bear Group Area

Location Description

Black Bear Group Area is perched atop the scenic Sacramento Mountains of south-central New Mexico, near Alamogordo and Cloudcroft. The site is surrounded by the aromatic pine trees and aspen groves of the Lincoln National Forest. The group area is conveniently connected to a network of hiking and biking trails. Bring your camera and binoculars for the chance to spot elk, deer, birds, and even black bears.

From Cloudcroft, turn south onto NM130. Continue for 1 mile and turn left (east) onto Forest Road 24B (just across the road from the Deerhead Campground entrance). The entrance will be on your right-hand side.

The black bears are arguably the most celebrated wildlife in the area due to the fact that the original Smokey Bear was found here. While battling a fire in 1950, firefighters rescued a burned bear cub clinging to a scorched tree in the Lincoln National Forest. The bear was adopted by the US Forest Service and became the real-life mascot for forest fire prevention.

Site Characteristics and Amenities

The campground has 1 site and can accommodate up to 70 people. There is a covered pavilion, vault toilets, campfire pits, grills and picnic tables at the campground. No RVs over 26 feet.

Host Sites

This area does not have a host site.

Water / Wastewater Systems

There is one vault toilet with two risers. Water is available at Sleepy Grass Campground from Memorial Day to Labor Day.

Trash

There are two garbage cans and a bear box.

Minimum Operating Season

The average operating season for Black Bear Group Area is May 15 through September 6. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May through September.

Additional Details

Reservation can be made at [recreation.gov](https://www.recreation.gov)

(<https://www.recreation.gov/camping/campgrounds/231888?tab=info>) from May 15 through September 6.

Visitors may stay up to 14 nights during a visit to this campground.

Deerhead Campground

Location Description

Deerhead Campground is located in the Lincoln National Forest in Cloudcroft, New Mexico at an elevation of 8700 feet. This is a heavily forested campground with large pine trees which provide plenty of shade. Wildlife viewing is a great opportunity here as this forest is home to a large population of Elk. Roads within the campground are paved.

To get to Deerhead Campground, travel from the west side of Cloudcroft, turn south onto NM130 and travel 1 mile. The campground entrance will be on your right just past the turnoff to the Ranger Station.

Site Characteristics and Amenities

The campground offers 19 standard sites accommodating both tent and RV camping. Amenities include picnic tables, grills, fire rings, water spigots, vault toilets, and paved parking spurs. A central garbage depository is available at this campground.

Host Sites

There are two host sites at the campground, both have electricity, sewer, and water. One site has a phone.

Water / Wastewater Systems

There are three vault toilets with two risers each. Potable water is available at the campground.

Trash

There are two large bins, seven garbage cans and garbage pads located throughout the campground for garbage collection and disposal.

Minimum Operating Season

The average operation season for Deerhead Campground has been April 17 through October 11. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from April to October.

Additional Details

Reservation can be made at [recreation.gov](https://www.recreation.gov)

(<https://www.recreation.gov/camping/campgrounds/10303036?tab=info>) from May 15 through September 26, Peak Season. Starting April 17 to May 15 and September 27 to October 11 the sites are available on a first come, first service basis outside the reservation season. Visitors may stay up to 14 nights during a visit to this campground.

James Canyon Campground (Optional)

Location Description

James Canyon Campground is located 2 miles before Mayhill. Take US 82 16.5 miles east towards Mayhill, NM. There will be a pull off on US 82 to access the campground. James Canyon's lower elevation of 6,800' means this small site is usable longer than most Sacramento Mountain area campgrounds when the snow begins.

Site Characteristics and Amenities

The campground offers six sites along US 82 just west of Mayhill, NM. Picnic tables, grills, and one group shade covering are available. There is a 16' RV limit.

Host Sites

There are no host sites at the campground.

Water / Wastewater Systems

There is one vault toilet and no potable water.

Trash

There are four garbage cans and two garbage pads.

Minimum Operating Season

The operating season for James Canyon Campground is year-round. At a minimum, the Forest Service will expect the permit holder to operate the campground to operate the campground fully year-round.

Additional Details

James Canyon Campground is currently operated as a no fee site. The sites are available on a first come, first serve basis.

Karr Canyon Picnic Area (*Optional*)

Location Description

Karr Canyon Picnic Area is on Forest Road 63, which is gravel and can be rough. Fire rings are available and there are a variety of dispersed picnic spots to choose from. From the Village of High Rolls along US82, turn south onto Forest Road 63 (Karr Canyon Road). Continue for approximately 5 miles, the site will be on the right side of the road. The last 1 mile is a dirt road. This road is closed during the winter months to protect the public and mitigate resource damage due to heavy snow.

Site Characteristics and Amenities

The picnic area has 3 picnic sites to choose from, all of which are accessible by walking into the site from the parking area. Surrounding the picnic area are dispersed campsites that are scattered along Forest Road 63. During the fall season the area is heavily used by forest visitors, leaf-peepers and hunters.

Host Sites

There are no host sites.

Water / Wastewater Systems

There is one vault toilet and no potable water.

Trash

There are two double bear bins and two garbage pads.

Minimum Operating Season

The average operating season for Karr Canyon Picnic Area has been May through September. At a minimum, the Forest Service will expect the permit holder to operate picnic area from May to September.

Additional Details

Karr Canyon Picnic Area is currently operated as a no fee site. Currently the area has free dispersed campsites. Sites are available on a first come, first serve basis. See Section O of the Prospectus for

Campground and Related Granger-Thye Concessions and Appendix 9 Section 19 for additional information.

Lower Fir Group Area

Location Description

Lower Fir Group Area is east on US82 from Cloudcroft, turn left onto NM244. Less than 1 mile later on your right you will find the entrance to Upper and Lower Fir Campgrounds (across the street from the Pines Campground). The Lower Fir area is the first one on your left, the Upper Fir is further up the road at the end.

The area is a high-energy and highly popular group campground in the Sacramento Mountain area. The site is set away from public roads, so that outside noise is non-existent, leaving only the sweet sounds of rustling aspen leaves.

The campground sits within the Lincoln National Forest, which spans 1.1 million acres of undisturbed landscape. Spend your days exploring the mountain trails or head west for a day trip to White Sands National Monument, the world's largest dune field of pure, white gypsum sand.

Site Characteristics and Amenities

The campground contains 1 site that can accommodate groups up to 70 people. A covered pavilion, eight picnic tables, two fire rings, bathrooms, drinking water faucet, and garbage amenities are provided. RVs are limited to 30 feet.

Host Sites

There are no host sites at the campground.

Water / Wastewater Systems

There is one building with two vaults and two risers. Potable water is available at this site.

Trash

There is one dumpster, two double bear garbage cans, and one bear box.

Minimum Operating Season

The average operating season for Lower Fir Group Area has been May 15 through September 26. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May to September.

Additional Details

Reservation can be made at [recreation.gov](https://www.recreation.gov)

(<https://www.recreation.gov/camping/campgrounds/232918?tab=info>) from May 15 through September 26. Visitors may stay up to 14 nights during a visit to this campground.

Pines Campground

Location Description

Pines Campground is located in the Lincoln National Forest in Cloudcroft, New Mexico at an elevation of 8,700 feet. This is a heavily forested campground with large pine trees which provide plenty of shade. Wildlife viewing is a great opportunity here as this forest is home to a large population of Elk. Roads within the campground are paved.

Travel east on US82 from Cloudcroft, turn left onto NM244. Less than 1 mile later on your left you will find the entrance to Pines Campground (across the street from the Fir Campgrounds).

Site Characteristics and Amenities

The campground lies just NE of Cloudcroft and has 24 sites. Out of these 24 sites, 21 are single units, two are double units and one is a triple unit site. Available at the site are tables, fire rings, parking spurs, gray water sumps, toilets, and a central garbage depository are all available here. Tents are allowed and RV's are limited to a maximum length of 35 feet.

Host Sites

There is one host site at the campground, and it has septic.

Water / Wastewater Systems

There are three buildings with each building having two vaults and two risers. Potable water is available at the campground.

Trash

There is one large dumpster.

Minimum Operating Season

The average operating season for Pines Campground has been May 15 through September 26. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May through September.

Additional Details

Reservation can be made at [recreation.gov](https://www.recreation.gov)

(<https://www.recreation.gov/camping/campgrounds/10303056?tab=info>) from May 15 through September 26. Visitors may stay up to 14 nights during a visit to this campground.

Saddle Campground

Location Description

Saddle Campground is located in a mixed conifer/aspen forest. The site provides southern New Mexico an escape from the summer heat on the desert floor. Travel east on US82 from Cloudcroft, turn left onto NM244. Approximately 4 miles turn right at the Silver-Saddle-Apache Campground Complex sign (Forest Road 24C).

Site Characteristics and Amenities

The campground offers 16 single units for tents or RVs. Tables, fire rings, parking spurs, gray water sumps, toilets, showers, central garbage depository, plus interpretive trails are available.

Host Sites

There is one host site at the campground.

Water / Wastewater Systems

There are two buildings with each having two vaults and two risers. Potable water is available at this campground.

Trash

There are no garbage facilities at Saddle Campground.

Minimum Operating Season

The average operating season for Saddle Campground has been May 9 through September 2. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May through September.

Additional Details

Saddle Campground is currently available on a first come, first serve basis.

Silver Campground and Amphitheater

Location Description

Silver Campground and Amphitheater are east on US82 from Cloudcroft, turn left onto NM244. Approximately 4 miles turn right at the Silver-Saddle-Apache Campground Complex sign (Forest Road 24C).

Site Characteristics and Amenities

The Silver Campground has 30 single units spaced closely together. Tables, fire rings, parking spurs, gray water sumps, toilets, showers, plus interpretive trails. RVs are limited to 30 feet.

Host Sites

There is one host site at the campground with propane hookup.

Water / Wastewater Systems

There are three vault toilets and two risers each. Potable water is available at this campground.

Trash

There are no trash facilities at Silver Campground. Trash services are available at Silver Overflow.

Minimum Operating Season

The average operating season for Silver Campground and Amphitheater has been May 9 through September 2. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May through October, weather dependent.

Additional Details

Silver Campground and Amphitheater is currently available on a first come, first serve basis.

On many Saturday nights music, presentations and more are put on at the adjacent Silver Amphitheater during summer months. The amphitheater can hold 100 people.

Silver Overflow Campground

Location Description

The Silver Overflow Campground is located near Cloudcroft, NM, surrounded by forested terrain. The area experiences temperatures ranging from the 30s in winter to the 80s in summer. Travel east on US82 from Cloudcroft, turn left onto NM244. Approximately 4 miles turn right at the Silver-Saddle-Apache Campground Complex sign (Forest Road 24C).

Site Characteristics and Amenities

The Silver Overflow Campground has space for 52 trailers and is perfect for RV groups as the camping distribution is centralized, not in individual camping spurs. Rangers, musicians and many other presenters do Saturday night presentations at the adjacent Silver Amphitheater during summer months. Tables, fire rings, parking spurs, gray water sumps for the dump station, toilets, showers, plus interpretive trails. RVs - no length limit.

Host Sites

There are two host sites with electricity, propane and water.

Water / Wastewater Systems

There is one toilet building with two risers and four showers. There is one dump station. Potable water is available at this campground.

Trash

There are three large dumpsters.

Minimum Operating Season

The average operating season for Silver Overflow Campground has been May 9 through September 2. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from April through September, whether dependent.

Additional Details

Silver Overflow Campground is currently available on a first come, first serve basis.

Sleepy Grass Campground

Location Description

Sleepy Grass Campground is located off NM130, 1.4 miles south of the Village of Cloudcroft. Turn left onto FR24B, which is just across the road from the Deerhead campground. The campground is a popular spot for hiking, including the La Pasada Encantada Trail, and wildlife viewing.

Site Characteristics and Amenities

The campground contains 20 sites. This campground offers many sites for RVs up to 30 feet, tents and campers.

Host Sites

There is one host site at the campground. The site has electricity, propane, and water hookups.

Water / Wastewater Systems

There are four vault toilets with each of the restrooms having two risers. The campground offers potable water.

Trash

There are two dumpsters and three double bear garbage trashcans located throughout the campground for garbage collection and disposal.

Minimum Operating Season

The average operating season for Sleepy Grass Campground has been April 18 through September 7. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May through September.

Additional Details

Sleepy Grass Campground is currently available on a first come, first serve basis.

Sleepy Grass Picnic Area

Location Description

Sleepy Grass Picnic Area is located near Cloudcroft, NM. The area is approximately 1 mile east of Cloudcroft on US82, turn south at the sign for Sleepy Grass.

Site Characteristics and Amenities

The picnic area has 4 picnic sites and 1 restroom available for use. Each site has a picnic table and fire ring grill available to use. One of the sites is covered by a pavilion. There is a wooden fence that surrounds the picnic area.

Host Sites

There are no host sites for this picnic area.

Water / Wastewater Systems

There is 1 vault toilet with 2 risers. There is no running water available at this area.

Trash

There are no trash receptacles. The public is expected to pack it in and pack it out.

Minimum Operating Season

The average operating season for Sleepy Grass Picnic Area is year-round. At a minimum, the Forest Service will expect the permit holder to operate the area fully year-round.

Additional Details

Sites are available on a first come, first service basis. This is a day use area only.

Slide Group Area

Location Description

The campground is located on the rim of the Sacramento Mountains with a view of the Tularosa Basin. Mixed evergreen and aspens surround the 9,000 ft. elevation site. Just two miles from the village of Cloudcroft is this idyllic campground accommodating groups up to 90 visitors with views of the Tularosa Basin and a wildflower-dusted mountain meadow. To get to the campground from Cloudcroft, NM, turn south from US82 onto NM130. Continue on NM130 for approximately 2 miles where you will turn right onto NM6563 (Sunspot Scenic By-Way). Less than a 1000' onto NM6563 you will see the turn off for the Slide Group Campground on the right.

Slide Group Area backs into the Rim Trail, offering epic views, rocky hills, and switchbacks. Head north on the trail for mountain biking, hiking, and horseback riding. An open meadow, perfect for sports like volleyball, corn hole, or football, is connected to the campsite.

Site Characteristics and Amenities

Slide Group Campground has a 90-person capacity. Parking is limited to approximately 12 trailers or 50 automobiles. The site also has a pavilion with tables, fire rings, toilets. These units are available by reservation only. RVs are limited to 35 feet.

Host Sites

There are no host sites for this campground.

Water / Wastewater Systems

There is one vault toilet with two risers. Potable water is available at the campground.

Trash

There are three garbage bins and one bear proof box.

Minimum Operating Season

The average operating season for Slide Group Area has been May 16 through September 27. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May through September, weather dependent.

Additional Details

Reservation can be made at [recreation.gov](https://www.recreation.gov)

(<https://www.recreation.gov/camping/campgrounds/231890?tab=campsites>). Visitors may stay up to 14 nights during a visit at this campground.

Upper Fir Group Area

Location Description

Upper Fir Group Area is one of the most popular campsites in the Sacramento Mountain area. Unique to its neighboring campgrounds, it's set far back from public roads, allowing for true peace and quiet. To get to the area travel east on US82 from Cloudcroft, turn left onto NM244. Less than 1 mile later on your right you will find the entrance to Upper and Lower Fir Campgrounds (across the street from the Pines Campground). The Lower Fir area is the first one on your right, the Upper Fir is further up the road at the end.

Set 9,000 feet above sea level in the Sacramento Mountains, it is close to breathtaking scenic overlooks, spanning the far-reaching desert valley of the Tularosa Basin. The high-elevation region offers a mixture of pine, fir, aspen, and oak trees, with high mountain meadows full of wildflowers and blossoming plants. An open meadow, perfect for sports like ultimate Frisbee or horseshoes, is connected to the campground. The Rim Trail is a short hike or drive away, offering epic views, rocky inclines, and switchbacks for adventurous mountain bikers, hikers, and horse-back riders. Further down, the same trail opens to motorcyclists as well.

Site Characteristics and Amenities

This is one of the only group sites with water access. Upper Fir comfortably fits groups as large as 120, and it's connected to Lower Fir Group if your party has a need for an additional group of up to 70 campers. Upper Fir provides a covered pavilion, tables, fire rings, toilet, and drinking hydrant. These units are available by reservation only. RV limited to 30 feet.

Host Sites

There are no host sites available at this campground.

Water / Wastewater Systems

There are two vault toilets with two risers each. Potable water is available at this campground.

Trash

There are 2 double bear safe garbage cans and 1 dumpster.

Minimum Operating Season

The average operating season for Upper Fir Group Area has been May 15 through September 26. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May through September.

Additional Details

Reservation can be made at [recreation.gov](https://www.recreation.gov)

(<https://www.recreation.gov/camping/campgrounds/231889?tab=campsites>). Visitors may stay up to 14 nights during a visit at this campground.

Upper Karr Canyon Dispersed Campground (*Optional*)

Location Description

Upper Karr Canyon Campground is located off NM6563 (the Sunspot Scenic Byway) and has a 200-person capacity. It is surrounded by pine trees and a scenic meadow with opportunities for hiking and wildlife viewing. To get to the area from Cloudcroft, NM, take NM130 south and turn right onto NM6563 (Sunspot Scenic Byway). Continue along the Sunspot Highway for around 6 miles and to your left, just over the ridge you'll see a sign for the Upper Karr Recreation Area. This road can be difficult to spot.

Site Characteristics and Amenities

This dispersed area includes approximately six fire rings, and six picnic tables. RVs are limited to 16'. The campground contains approximately 6 sites with additional space for camping use. This site is a popular winter recreation area, activities include sledding, tubing, snowshoeing, and cross country skiing; the most popular being sledding and tubing.

Host Sites

There are no host sites at the campground.

Water / Wastewater Systems

There is one vault toilet with two risers. No potable water is available at this campground.

Trash

There is no trash service at this site. Visitors must pack out what they pack in.

Minimum Operating Season

The average operating season for Upper Karr Canyon Dispersed Campground has been May through September. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May through September, but the site will need to be opened year-round for winter recreation activities during the winter months. Peak camping season is May – September and Peak winter recreation season is December – February.

Additional Details

Upper Karr Canyon Dispersed Campground is currently as a no fee site. Sites are available on a first come, first service basis. See Section O of the Prospectus for Campground and Related Granger-Thye Concessions and Appendix 9 section 19 for additional information.

Smokey Bear Ranger District

Oak Grove Campground**

Location Description

Oak Grove Campground is located near Ruidoso, NM about four miles north via NM 48 and then west on NM 532 for roughly 5 miles to the entrance. Oak Grove forest surroundings are close to mountain vistas of Sierra Blanca and sits at approximately 8,400 feet elevation, providing crisp mountain air and scenic views of the Sierra Blanca range. To get to the campground follow NM 48 north out of Ruidoso for 4 miles, turn west (left) on NM 532 for 5 miles.

Site Characteristics and Amenities

The campground has 30 campsites with vault toilets, a parking area, fireplaces, tables, and trash cans.

Host Sites

There is one host site at the campground.

Water / Wastewater Systems

There are three vault toilets with two risers each. Potable water is not available at this site.

Trash

There are six garbage bins located throughout the campground for garbage collection and disposal.

Minimum Operating Season

The average operating season for Oak Grove Campground has been May 8 through September 15. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May through September.

Additional Details

The campground is currently closed due to the South Fork Fire. When operating, sites are available on a first come, first service basis.

** See Section O of the Prospectus for Campground and Related Granger-Thye Concessions for additional information.

Skyline Campground (*Optional*)

Location Description

The Skyline Campground is located just south of the famous Monjeau Lookout tower along Forest Road 117 at a little over 9,000' elevation. Access to it is via a well-kept but steep gravel road but with inclement weather, this road can become rough and difficult to use. Breathtaking mountain views abound and access to the White Mountain Wilderness can be found at the site via the Crest (T25) Trailhead. To get to the campground follow NM 48 north out of Ruidoso 4 miles and turn west (left) on NM 532 for 1 mile. Turn north (right) onto Forest Road 117 for 4 miles. It is gravel and the last 2 miles can be rough.

Site Characteristics and Amenities

The campground contains 17 tent only sites. Each site has a picnic table.

Host Sites

There is no host site at the campground.

Water / Wastewater Systems

There are two vault toilets with two risers each. Potable water is not available at this campground.

Trash

There is no trash service at this site. Visitors must pack out what they pack in.

Minimum Operating Season

The operating season for Skyline Campground has been year-round. At a minimum, the Forest Service will expect the permit holder to operate the campground fully from May through September.

Additional Details

Sites are available on a first come, first service basis.

Three Rivers Campground

Location Description

Three Rivers Campground is a great place to go to get away from the crowds and is located at a much lower elevation than our other campgrounds (around 5000'). From here you can access the Three Rivers trailhead (T44) into the White Mountain Wilderness. Access to the site and the roads throughout the site are all well-maintained dirt roads.

To get to the Campground from US 54, 24 miles south of Carrizozo or 18 miles north of Tularosa, turn east onto Forest Road 579 at the sign that says Three Rivers Petroglyph Site and Campground for 13 miles (the last 7 miles are unpaved). The road is well marked to the campground.

Site Characteristics and Amenities

This rustic style campground has 12 sites set at the base of southern New Mexico's tallest mountain. A portion of the site is designed for Group Camping on a first come first serve basis. Horse corrals are located on site.

Host Sites

There is 1 host site at the campground.

Water / Wastewater Systems

There are three vault toilets with two risers each. There is potable water and a well system at the site.

Trash

There are 12 garbage bins at the campground.

Minimum Operating Season

The operating season for Three Rivers Campground has been year-round. At a minimum the Forest Service will expect the permit holder to operate the campground fully year-round.

Additional Details

Sites are available on a first come, first serve basis. Stay limit is 14 days. RV's are limited to 25' in length.
