

DRAFT

PERFORMANCE WORK STATEMENT (PWS)

FOR

MEDICAL READINESS DETACHMENT ARKANSAS ARMY NATIONAL GUARD
(AR ARNG)
NON-CLINICAL CASE MANAGEMENT SERVICES

1.0 General:

1.1 Scope: The contractor shall provide all personnel, materials, supervision, and quality control necessary, except as specified in Paragraph 3.0 as Government Furnished, to perform Case Management Services, as defined in this PWS. The purpose of this requirement is to provide Medical and Dental Non-clinical Case Management and administrative Care Coordinator staffing in support of Individual Medical Readiness (IMR). This requirement is designed to be flexible, responsive, and meet the ever-evolving needs of the government. DoDI 6025.19 establishes aggressive quarterly and annual metric goals for the separate IMR elements and for the overall IMR category of Fully Medically Ready (FMR) soldiers. The goal is to improve the deployability of units within the Arkansas Army National Guard. The minimum goal for overall medical readiness is more than 85% of Service members FMR, with the ideal goal being 100%. The Arkansas Army National Guard (AR ARNG) Surgeon's Office requires a highly responsive process whereby the government can quickly obtain needed support and services. This PWS reflects existing National Guard Bureau policies and regulations.

1.1.1 Objectives Intentionally left blank

1.2 Background: While Case Management continues to focus on catastrophic illness or injury, Case Management practices are also intensely directed at addressing chronic conditions that are more prevalent in the general patient population. Medical attention for Soldiers is inherently different and much more challenging for part time Army National Guard Soldiers. The Government does not provide a comprehensive full-time medical program for traditional Guard Soldiers, thus they are reliant on civilian mechanisms that the Army National Guard does not control. Case managers, however, must still affect positive patient outcomes, and can, through proactive interventions across multiple healthcare settings. Additionally, case managers are expected to engage community resources and facilitate ongoing and consistent patient education.

The MHS has three primary goals for Case Management:

- Improve the care, management, and transition of recovering Service members.

- Broaden the application of CM to include those with complex and at-risk needs before the Soldier requires complex care.

- Evaluate the impact of case management on the quality of military health care.

1.3 Period of Performance (PoP): The Period of Performance shall be one (1) Base Year of 12 months and four (4) 12-month option periods.

1.4 General Information:

1.4.1 Place and Performance of Services: The contractor shall provide services between the hours of 0800 and 1630 Monday through Friday, unless specified otherwise for a Medical Readiness Event. (MRE). MRE's are typically held on a monthly basis, and could result up to 15-18 events per year depending on the AR ARNG Operational requirements. Contractors shall be expected to work MRE weekends and shall flex the work week before or after the MRE. Contractors primary place of duty will be at the Medical Readiness Detachment, BLDG 15301, on Camp Joseph T. Robinson, North Little Rock, Arkansas. The Contract employees may be required to travel to execute any missions to support and augment the ARNG consistent with all services described within the PWS as shown below. Specifically, in the event of a mobilization event, the Contractor shall ensure adequate non-clinical case management support is available for travel to locations to best support these activities (i.e. work at armories) as directed by the Contracting Officer. Additional work locations include but are not limited to Fort Chaffee and any armory in the state. If changes to the original work in this PWS arise during the performance of the contract, the COR will be notified. If determined to be within the scope of the contract the Contracting Officer will provide 30 calendar day notice to the contractor with full description of the need and request a proposal. The contracting officer will negotiate a modification to the contract to provide this in-scope work effort. Travel to and from the primary worksite will not be reimbursed.

1.4.1.1 Telework: Telework is authorized in circumstances where sensitive PII/PHI hardcopy documents are not handled, stored, or managed outside of the government workplace. In furtherance of Continuity of Operations Planning (COOP), a telework program may be enacted to ensure that the Government's mission-critical operations stay operational during times of national emergency or incidents of national significance. Telework shall be at no additional cost to the Government.

1.4.1.2 Unscheduled gate closures by the Security Police may occur at any time causing all personnel entering or exiting a closed installation to experience a delay. This cannot be predicted or prevented. Contractors are not compensated for unexpected closures or delays. Vehicles operated by contractor personnel are subject to search pursuant to applicable regulations. Any moving violation of any applicable motor vehicle regulation may result in the termination of the contractor employee's installation driving privileges.

1.4.1.3 The contractor's employees shall become familiar with and obey the regulations of the installation; including fire, traffic, safety and security regulations while on the installation. Contractor employees should only enter restricted areas when required to do so and only upon prior approval. All contractor employees shall carry proper identification with them at all times, and shall be subject to such checks as may be deemed necessary. The contractor shall ensure compliance with all regulations and orders of the installation, which may affect performance. The Government reserves the right to direct the removal of an employee from Government property or revoke access to Government systems for misconduct, security reasons, or any overt evidence of communicable disease. Removal of contractor employees for reasons stated above does not relieve the Contractor from responsibility for total performance of this contract.

1.4.2 Recognized Holidays: The following are recognized United States (US) holidays. The contractor shall not perform services on these days:

1.4.2.1 New Year's Day: January 1st

1.4.2.2 Martin Luther King, Jr.'s Birthday

1.4.2.3 President's Day

1.4.2.4 Memorial Day

1.4.2.5 Juneteenth

1.4.2.6 Independence Day: July 4th

1.4.2.7 Labor Day

1.4.2.8 Columbus Day

1.4.2.9 Veteran's Day: November 11th

1.4.2.10 Thanksgiving Day

1.4.2.11 Christmas Day: December 25th

1.4.3 Quality Control (QC): No requirement

1.4.4 Quality Assurance (QA): The Government will evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government will do to ensure that the contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and acceptable quality level(s) or defect rate(s).

1.4.5 Installation Access and Security Requirements. The contractor shall comply with all applicable installation/facility access and local security policies and procedures, which may be obtained from the COR. The contractor and all associated subcontractor employees shall provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services, or Security Office. The contractor shall ensure compliance with all personal identity verification requirements as directed by Department of Defense (DoD), Headquarters Department of Army (HQDA) and/or local policy (see PWS 6.0). Should the Force Protection Condition (FPCON) change, the Government may require changes in contractor security matters or processes.

1.4.5.1 For contractors requiring Common Access Card (CAC): The CAC is the DoD Federal Personal Identity Verification (PIV) credential. Before CAC issuance, the contractor employee requires, at a minimum, a favorably adjudicated Tier 1 or an equivalent or higher investigation in accordance with Army Directive 2014-05. The contractor employee will be issued a CAC only if duties involve one of the following: (1) both physical access to a DoD facility and access, via logon, to DoD networks on-site or remotely; (2) remote access, via logon, to a DoD network using DoD-approved remote access procedures; or (3) physical access to multiple DoD facilities or multiple nonDoD federally controlled facilities on behalf of the DoD on a recurring basis for a period of 6 months or more. At the discretion of the sponsoring activity, an initial CAC may be issued based on a favorable review of the FBI fingerprint check and a successfully scheduled Tier 1 investigation at the Office of Personnel Management.

Sponsorship and enrollment information about each applicant must be registered in the Defense Enrollment Eligibility Reporting System (DEERS) through either the Real-Time Automated Personnel ID System (RAPIDS) using the DD Form 1172-2 or the Trusted Associate Sponsorship System (TASS).

1.4.5.1.1 Homeland Security Presidential Directive (HSPD)-12 Background Investigation Requirements: The contractor shall ensure that all contractor and subcontractor personnel whose duties require CAC card issuance obtain them, and shall process all CAC card applications. The contractor shall ensure that all employees requiring an initial background investigation complete a Personnel Security Investigation Portal (PSIP) form at Attachment ***"TBD"***, at the earliest possible date and that this form is forwarded to the COR immediately. The COR will review the form for completeness and accuracy and forward it to the National Guard Bureau (NGB) Personnel Security manager who will initiate the investigation process via the PSIP. Contractor personnel will then receive two e-mail messages; the first will confirm that the investigative service provider has received the request, and the second will provide instructions for the completion of the appropriate form via the Electronic Questionnaires for Investigations Processing (e-QIP) system. Upon completion of the e-QIP questionnaire and submittal of all required documents, including fingerprint card to the security manager, the background investigation (BI) will be initiated. The contractor shall ensure immediate compliance with all instructions regarding background investigation processing, including those provided verbally, by e-mail or via a Government system. The contractor is cautioned that the entire process from submittal of the PSIP form to return of the FBI fingerprint check may routinely take from two to six weeks and shall factor this lead time into its hiring/placement process. The contractor shall make all reasonable efforts to ensure that contractor employees meet CAC eligibility standards upon assignment to the contract and shall be held responsible for delays, failure to meet performance requirements or decreases in efficiency in accordance with the applicable inspection clause.

1.4.5.1.2 Trusted Associate Sponsorship System (TASS): The contractor shall process CAC applications through the TASS, the procedures for which are described below.

Although there is no requirement for the contractor to designate a "Corporate Facility Security Officer" (FSO) to serve as its single point of contact for the BI, the TASS application process and other CAC and security-related matters, such designation facilitates these processes. If a Corporate FSO is not established, all contractor employees requiring a CAC will be required to process their own applications. The submission process for CAC applications is as follows:

1. The contractor's FSO or contractor employee shall submit requests for a CAC via email to the designated TASS Trusted Agent (TA). The TASS TA for this requirement will be: COL Clint Miller (501) 212-4257.
 2. The Government will establish a TASS application account for each CAC Request and will provide each contractor employee a user ID and password, via email, to the contractor's FSO or contractor employee. The FSO or contractor employee shall access the TASS account and complete the CAC application (entering/editing contractor information as applicable) at: <https://tass.dmdc.osd.mil/tass/>. The contractor's FSO or contractor employee shall follow up to ensure that the TA is processing the request.
 3. The Government will inform the contractor's applicant, via email, of one of the following:
 - a. Approval.* Upon approval, the information is transferred to the DEERS database and an email notification is sent to the contractor with instructions on obtaining their CAC. The contractor proceeds to a RAPIDS station (RAPIDS Site Locator: <http://www.dmdc.osd.mil/rsl/>).
 - b. Rejection.* The Government, in separate correspondence, will provide reason(s) for rejection.
 - c. Return. Additional information or correction to the application required by the contractor employee.
- *The contractor shall maintain records of all approved and rejected applications.

1.4.5.1.3 At the RAPIDS station, the RAPIDS Verification Officer will verify the contractor employee by Social Security Number (SSN) and two forms of identification. Identity source documents must come from the list of acceptable documents included in Form I-9, OMB No. 1615-0047, "Employment Eligibility Verification". Consistent with applicable law, at least one document from the Form I-9 list shall be a valid (unexpired) State or Federal Government-issued picture ID. The Identity documents will be inspected for authenticity and scanned and stored in the DEERS upon issuance of an ID. The photo ID requirement cannot be waived, consistent with applicable statutory requirements. The Verification Officer will capture primary and alternate fingerprints, picture, and updates to DEERS, and will then issue a CAC. Issued CACs will be valid for no longer than three years, or until the individual's contract end date (inclusive of any options), whichever is earlier.

1.4.5.1.4 The contractor shall manage requests for new or renewal CAC cards in sufficient time to ensure that all contractor employees have them when needed to perform work under this contract. The contractor shall provide at least 10 calendar days advance notice to the TA, unless there are extenuating circumstances approved by the COR or KO.

1.4.5.1.5 The contractor shall return issued CACs to the DEERS office upon departure or dismissal of each contractor employee, and shall obtain a receipt for each card and provide it to the TA/COR.

1.4.5.1.5.1 Failure to comply with these requirements may result in withholding of final payment.

1.4.5.1.6 The contractor shall obtain an Army Knowledge Online (AKO) email address for each applicant, including subcontractors, who may be deployed or require logical access to a Government computer network. Note: If employees of a contractor lose the privilege to access AKO, they lose the ability to renew their CAC. Therefore, it is critical that contractor employees maintain their AKO accounts.

1.4.5.2 Intentionally left blank

1.4.5.3 Awareness Training (AT) Level 1: All contractor employees, including subcontractor employees, requiring access to Army installations, facilities, and controlled access areas shall complete AT Level 1 training within 30 calendar days after contract start date and within 30 calendar days of new employees commencing performance. The contractor shall submit certificates of completion for each affected contractor and subcontractor employee to the within 15 calendar days after completion of training by each employee or subcontractor personnel. AT Level 1 awareness training is available at the following website: <https://jko.jten.mil/courses/at11/launch.html>.

1.4.5.4 iWATCH Training: The contractor and all associated subcontractors with an area of performance within an Army-controlled installation, facilities or area shall brief all employees on the local iWATCH program (training standards provided by the requiring activity Antiterrorism Officer (ATO)). This local developed training shall be used to inform employees of the types of behavior to watch for and instruct employees to report suspicious activity to the COR or the KO. This training shall be completed within 30 calendar days of contract award and within 30 calendar days of new employees commencing performance. The contractor shall report completion for each contractor employee and subcontractor employee to the COR within 15 calendar days after completion of training.

1.4.5.5 Communications Security/Information Technology (COMSEC/IT) Security. All communications with DoD organizations are subject to COMSEC review. All telephone communications networks are continually subject to intercept by unfriendly intelligence organizations. DoD has authorized the military departments to conduct COMSEC

monitoring and recording of telephone calls originating from, or terminating at, DoD organizations. Therefore, the contractor is advised that any time contractor personnel place or receive a call they are subject to COMSEC procedures. The contractor shall ensure wide and frequent dissemination of the above information to all employees dealing with DoD information. The contractor shall abide by all Government regulations concerning the authorized use of the Government's computer network, including the restriction against using the network to recruit Government personnel or advertise job openings.

1.4.5.6 Use of Government Information Systems (IS) and access to Government networks is a revocable privilege, not a right. Users are the foundation of the DoD strategy and their actions affect the most vulnerable portion of the Army Enterprise Infostructure (AEI). Contractor employees shall have a favorable background investigation or hold a security clearance and access approvals commensurate with the level of information processed or available on the system. Contractor employees shall:

1.4.5.6.1 Comply with the command's Acceptable Use Policy (AUP) for Government owned IS and sign an AUP prior to or upon account activation.

1.4.5.6.2 Complete initial and/or annual Information Assurance (IA) training as defined in the IA Best Business Practices (BBP) training (https://atc.us.army.mil/iastar/docs/Training_BBp.pdf).

1.4.5.6.3 Mark and safeguard files, output products, and storage media per classification level and disseminate them only to individuals authorized to receive them with a valid need to know.

1.4.5.6.4 Protect IS and IS peripherals located in their respective areas in accordance with physical security and data protection requirements.

1.4.5.6.5 Practice safe network and Internet operating principles and take no actions that threatens the integrity of the system or network.

1.4.5.7 Army Training Certification Tracking System (ATCTS): All contractor employees with access to a Government information system shall be registered in ATCTS (<https://atc.us.army.mil/iastar/index.php>) at commencement of services, and shall successfully complete the DoD Information Assurance awareness training prior to access to the IS and then annually thereafter. (<https://iatraining.us.army.mil/>).

1.4.5.8 Information Assurance (IA) Training. All contractor employees and associated subcontractor employees shall complete the DoD IA Awareness Training before issuance of network access and annually thereafter.

1.4.5.9 Intentionally left blank

1.4.5.10 Protection of Personally Identifiable Information (PII). The contractor shall protect all PII encountered in the performance of services in accordance with Defense Federal Acquisition Regulation Supplement (DFARS) 224.103 Personally Identifiable Information and Department of Defense Directive (DoDD) 5400.11, Department of Defense Privacy Program, and DoD 5400.11-R. If a PII breach results from the contractor's violation of the aforementioned policies, the contractor shall bear all notification costs, call-center support costs, and credit monitoring service costs for all individuals whose PII has been compromised.

1.4.5.11 OPSEC Training: In accordance with AR 530-1, Operations Security, new contractor employees shall complete Level I OPSEC training within 30 calendar days of their reporting for duty and annually thereafter. The contractor shall submit certificates of completion for each contractor employee to the COR within 15 calendar days after completion of training. Level 1 OPSEC training is available at <https://securityawareness.usalearning.gov/opsec/index.htm>.

1.4.6 Physical Security. The contractor shall safeguard all Government property provided for contractor use. At the close of each work period, Government facilities, equipment and materials shall be secured.

1.4.6.1 Key Control. NOTE: All references to keys include key cards. The contractor shall establish and implement methods of ensuring that no keys/key cards issued by the Government are lost or misplaced or are used by unauthorized persons. No keys issued by the Government shall be duplicated. Such procedures shall include turn-in of any issued keys by personnel who no longer require access to locked areas.

1.4.6.1.1 The contractor shall immediately report any occurrences of lost or duplicated keys/key cards to the COR.

1.4.6.1.2 In the event keys, other than master keys, are lost or duplicated, the contractor shall, upon direction by the KO, re-key or replace the affected lock or locks; however, the Government, at its option, may replace the affected lock or locks or perform re-keying. When the Government replaces or re-keys the locks, the Government will deduct the total cost of lock replacement or re-keying from the monthly payment due the contractor. In the event a master key is lost or duplicated, the Government will replace all locks and keys for that system, and will deduct the total cost from the monthly payment due the contractor.

1.4.6.1.3 The contractor shall prohibit the use of the Government issued keys/key cards by any persons other than the contractor's employees. The contractor shall prohibit the opening of locked areas by contractor employees to permit entrance of persons other than contractor employees engaged in the performance of services in those areas, or personnel authorized entrance by the KO.

1.4.7 Special Qualifications: The contractor shall ensure all employees possess all required licenses, education, and experience necessary for the performance of this

contract. This does not include education or other qualifications for the position in which the contractor employee is performing, dress codes, or other information. (NOTE: The Government does not provide training to contractors. Contractors must ensure that any personnel performing under a contract are fully trained, licensed, certified and qualified to provide services.)

Required education, experience and licensure for non-clinical nurse case manager:

The non-clinical registered nurse case manager (RN) requires the expertise as dictated by the “practice of nursing” - the systematic application of substantial specialized knowledge and skills derived from the biological, physical, and behavioral sciences, to the care, treatment, counsel, and health teaching of individuals who are experiencing changes in the normal health processes or who require assistance in the maintenance of health and the prevention or management of illness, injury, or disability. RN’s will possess necessary educational credentials (Associates degree in Nursing (ADN); or Bachelor’s of Nursing (BSN)).

1.4.8 Post Award Conference/Periodic Progress Meetings: The contractor agrees to attend any post award conference convened by the KO in accordance with FAR 42.5. The KO, COR and other Government personnel, as appropriate, may meet periodically with the contractor to review the contractor’s performance. At these meetings, the KO will apprise the contractor of how the Government views the contractor’s performance and the contractor shall apprise the Government of problems, if any, being experienced. The contractor shall resolve outstanding issues raised by the Government. Contractor attendance at these meetings shall be at no additional cost to the Government.

1.4.9 Contract Manager (CM): The contractor shall designate a CM who shall ensure performance under this contract. The name of this person, and an alternate who shall act for the contractor when the CM is absent, shall be designated in writing to the KO. The CM or alternate shall have full authority to act for the contractor on all contract matters relating to daily operation of this contract. The CM shall work through the COR to resolve issues, receive technical instructions, and ensure adequate performance of services. The CM shall ensure that contractor employees do not perform any services outside the scope of the contract without an official modification issued by the KO. The CM shall ensure contractor employees understand that services performed outside the scope of the contract are performed wholly at the expense of the contractor.

1.4.10 Identification of Contractor Employees: All contractor personnel attending meetings, answering Government telephones and working in other situations where their contractor status is not obvious to third parties are required to identify themselves as such to avoid creating an impression that they are Government employees. The contractor shall ensure that all documents or reports produced by contractor personnel are suitably marked as contractor products or that contractor participation is appropriately disclosed. The contractor’s status as a “contractor” shall be predominantly displayed in all correspondence types (to include signature blocks on e- mail) and dealings with Government or non-Government entities. Contractor personnel are not required to wear identification badges distinguishing themselves as such.

1.4.10.1 The contractor shall retrieve all identification media (including vehicle passes) from its employees who depart employment for any reason. The contractor shall return all identification media (i.e., badges and vehicles passes) to the KO within 14 days of an employee's departure.

1.4.11. Combating Trafficking in Persons: The United States Government has adopted a zero tolerance policy regarding trafficking in persons. Contractors and contractor employees shall not engage in severe forms of trafficking in persons during the period of performance of the contract; procure commercial sex acts during the period of performance of the contract; or use forced labor in the performance of the contract. The Contractor shall notify its employees of the United States Government's zero tolerance policy, the actions that will be taken against employees for violations of this policy. The contractor shall take appropriate action, up to and including termination, against employees or subcontractors that violate the US Government policy as described at FAR 22.17.

1.4.12 Contractor Travel. The contractor shall travel to execute missions to support and augment the AR ARNG consistent with all services described within the PWS. Specifically, in the event of a mobilization event or MRE, the Contractor shall ensure adequate support for travel to locations throughout AR state to support these activities (i.e. work at armories) as directed by the KO. The contractor will be authorized travel expenses consistent with the substantive provisions of the Joint Travel Regulation (JTR) and the limitation of funds specified in this contract. All travel requires COR recommendation for approval and/or authorization by the KO prior to travel arrangements being made. The contractor may be required to travel to off-site training locations and to ship training aids to these locations in the performance of this contract. The cost of shipping training aids shall be borne by the Government. The contractor will be reimbursed for the costs of shipping training aids in accordance with the JTR and limitation of funds in this contract. The contractor will be authorized travel expenses consistent with the substantive provisions of the Joint Travel Regulation (JTR) and the limitation of funds specified in this contract. All travel requires COR recommendation for approval and/or authorization by the KO *prior* to travel arrangements being made.

1.4.13 The Government has unlimited rights to all documents/materials produced under this contract. All documents and materials, to include the source codes of any software, produced under this contract shall be Government owned and are the property of the Government with all rights and privileges of ownership/copyright belonging exclusively to the Government. These documents and materials may not be used or sold by the contractor without written permission from the KO. All materials supplied to the Government shall be the sole property of the Government and may not be used for any other purpose. This right does not abrogate any other Government rights.

1.4.14 Organizational Conflicts of Interest (OCI): The contractor and subcontractor personnel performing services under this contract may receive, have access to or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work

statements, etc.) or perform evaluation services which may create a current or subsequent OCIs, as defined in FAR Subpart 9.5. The contractor shall notify the KO immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the KO to avoid or mitigate any such OCI. The contractor's mitigation plan will be determined to be acceptable solely at the discretion of the KO. In the event the KO unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the KO may impose other remedies as he or she deems necessary, including prohibiting the contractor from participation in subsequent contracted requirements which may be affected by the OCI.

1.4.11. Combating Trafficking in Persons: The United States Government has adopted a zero tolerance policy regarding trafficking in persons. Contractors and contractor employees shall not engage in severe forms of trafficking in persons during the period of performance of the contract; procure commercial sex acts during the period of performance of the contract; or use forced labor in the performance of the contract. The Contractor shall notify its employees of the United States Government's zero tolerance policy, the actions that will be taken against employees for violations of this policy. The contractor shall take appropriate action, up to and including termination, against employees or subcontractors that violate the US Government policy as described at FAR 22.17.

2.0 Definitions and Acronyms:

2.1 Definitions:

2.1.1 Contractor: A supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

2.1.2 Defective Service: A service output that does not meet the standard of performance associated with the PWS.

2.1.3 Deliverable: Anything that can be physically delivered and includes non-manufactured things such as meeting minutes or reports.

2.1.4 Key Personnel: Contractor personnel that are evaluated in a source selection process and that may be required to be used in the performance of a contract by the PWS. When key personnel are used as an evaluation factor in best value procurement, an offer can be rejected if it does not have a firm commitment from the persons that are listed in the proposal.

2.1.5 Physical Security: Actions that prevent the loss or damage of Government property.

2.1.6 Quality Assurance: The Government procedures to verify that services being performed by the Contractor are performed according to acceptable standards.

2.1.7 Quality Assurance Surveillance Plan (QASP): An organized written document specifying the surveillance methodology to be used for surveillance of contractor performance.

2.1.8 Quality Control: All necessary measures taken by the Contractor to ensure that the quality of an end product or service shall meet contract requirements.

2.1.9 Subcontractor: One that enters into a contract with a prime contractor. The Government does not have privity of contract with the subcontractor.

SCR	Service Contract Reporting
SSN	Social Security Number

3.0 Government Furnished Property, Material, Equipment and Services (GFP/M/E/S): The Government will provide the property, material, equipment, and/or services listed below solely for the purpose of performance under this contract:

3.1 Property: The Government will furnish the necessary workspace for the contractor to perform services outlined in this PWS to include desk space, telephones, computers and other items necessary to maintain an office environment. These facilities shall only be used in the performance of this contract.

3.2 Materials: Plain Paper, Copier. Both the Government and contractor share this unit. The Government shall provide all service and supplies, including paper, which is mutually used by all parties. Contractor use of the copier shall be limited to that work which is generated in the performance of this contract.

3.3 Equipment: Network/LAN access. Access to the LAN shall be provided for official Government business only. Transmission of information over the Internet shall be restricted in accordance with governing directives.

3.4 Services. The Government shall provide distribution and metering of official inter-office and Government official first class mail. First class mail handled and metered by the Government mail service shall contain the senders' identification. The contractor shall provide for receipt and mailing of all unofficial first class mail. The contractor shall comply with guidance when preparing official mail.

3.5 Utilities: All utilities in the facility will be available for the contractor's use in the performance of this contract. The contractor shall instruct employees in utilities conservation practices. The contractor shall operate under conditions that preclude the waste of utilities, which include turning off the water faucets or valves after using the required amount.

4.0 Contractor Furnished Property, Materials, and Equipment (CFP/M/E):

4.1 General: Except for those items specifically stated to be Government-Furnished in Paragraph 3.0, the contractor shall furnish everything required to perform these services as indicated in Paragraph 1.1.

5.0 Requirements: The contractor shall:

5.1 Provide a fully trained and qualified workforce to perform non-clinical Case Management Services. Records of training, qualification, and certification shall be maintained by the contractor and made available for Government review upon request. Contractor shall provide the KO and COR a copy of the contractor's employee training

records not later than the Post Award Orientation Conference. This plan shall define responsibilities of personnel involved in the training process to include initial, recurring and proficiency training.

5.1.1 Plan, assess, identify, implement, coordinate, monitor, and evaluate medical options and treatment services to individuals across the care continuum required and outlined by Arkansas State Law and applicable military regulations.

5.1.1.1 Provide assessments of individuals or groups health care needs to include promotion of health and prevent illness.

5.1.1.2 Provide assistance with physical and psychological aspects of illness or injuries by teaching, counseling, case findings, and skilled supportive care.

5.1.1.3 Perform autonomously in coordination with other health team members to make medical services decisions and recommendations.

5.1.1.4 Collect and evaluate data concerning categories of patients and their illness or injuries.

5.1.1.5 Forecast and plan for patient treatment plans in terms of money, materials, and personnel resources.

5.1.1.6 Conduct case intake, assessments, and case reviews during case management services for acute and long-term care, initiating limited duty categories and assign profiles based on recorded diagnoses or injuries.

5.1.1.7 Serve as custodian of medical or dental records.

5.1.1.8 Serve as MEDCOM official medical consultant to brigades and battalion surgeons with timely and accurate information to the units decision making process pertaining to Soldiers health risks, medical fitness and medical readiness for deployability.

5.1.1.9 The non-clinical case management personnel will be experienced in all aspects and qualified in their respective functional areas. Contactor personnel shall not perform inherently governmental functions (i.e., representation of government, decision authority, etc.)

5.1.1.10 Responsible for tracking medical status of ALL assigned Soldiers.

5.1.1.11 Responsible for medical charting in eCase.

5.1.1.12 Request profile exams/evaluations and audiology exams at physical exam center.

- 5.1.1.13 Coordinate Soldier treatment plans with appropriate medical facilities.
- 5.1.1.14 Maintain automated referrals indicated in MEDCHART.
- 5.1.1.15 Submit case processing, medical documentation, and profile concerns to military/contacted provider.
- 5.1.1.16 Attend PHA events as determined by the needs of the state and the individual units. This will include weekend activity as determined by the COR.
- 5.1.1.17 Ensure those Soldiers referred by a provider are followed by the case management team.
- 5.1.1.18 Manage Soldier's care from the identification of the condition to when the Soldier is either:
- Considered medically ready.
 - Administratively separated from the military.
- 5.1.1.19 Follow the regulations and policies applicable to Individual Medical Readiness (IMR) and deployment, to include the AR 40-501 and other applicable guidance.
- 5.1.1.20 Ensure all medical documentation received from the Soldier and/or their medical team is received and placed in appropriate electronic record, as well as the Soldier's hard copy record.
- 5.1.1.21 Maintain Soldier medical records in accordance with Army Regulation (AR) 40-66.
- 5.1.1.22 Provide Records Custodian or delegate with all relevant medical/dental documentation.
- 5.1.1.23 Obtain release of information from Soldier.
- 5.1.1.24 Educate Soldiers on resources available to improve medical and dental readiness.
- 5.1.1.25 Maintain Health Insurance Portability and Accountability Act of 1996 (HIPAA) standards and guidelines.
- 5.1.1.26 identify a dedicated "site lead" to address contractor related human resource issues to include attendance, discipline, and pay issues among the other contract employees.
- 5.1.1.27 Provide data analytics. Reviews, compiles and monitors medical readiness reports for the Deputy State Surgeon. Gathers medical readiness data from

MODS/MEDPROs, organizational management and other activities; reviews and analyzes data and prepares recommendations for leadership. Assists in the development and analysis medical readiness reports to assist the DSS in the preparation of the annual operating budget to execute the Medical Readiness support plan.

5.2 Service Contract Reporting:

5.2.1 The contractor shall report ALL contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract for the National Guard Bureau via a secure data collection site.

5.2.2 The contractor shall completely fill in all required data fields using the following web address: <https://sam.gov>. Log in and select Entity Registrations and then select Service Contract Reporting. The Contractor shall report the required information annually by October 31, for services performed under this contract during the preceding Government fiscal year (October 1- September 30).

The DoD Guidebook for Service Contract Reporting in SAM, available on the DoD Procurement Toolbox at <https://dodprocurementtoolbox.com/site-pages/service-contract-reporting-scr>. The General Services Administration (GSA) has also posted additional guidance such as quick start guides, informational videos, and frequently asked questions, that can be accessed by going to <https://sam.gov> and searching the “HELP” section. The SAM Federal User Guide is also available in the “HELP” section for comprehensive instructions on navigating SAM. Contractors requiring assistance using SAM should contact the Federal Service Desk at <https://www.fsd.gov>.

TECHNICAL EXHIBIT 1

Performance Requirements Summary (PRS)

This PRS includes performance objectives the Government will use to determine contractor performance and will compare contractor performance to the Acceptable Quality Level (AQL).

Performance Objective	Performance Standard	Acceptable Quality Levels (AQL)	Surveillance Method / By Whom
5.1 Provide a fully trained and qualified staff	The contractor shall maintain a fully staffed and trained workforce throughout the duration of the contract.	Vacant position filled within 60 Days	Random monitoring / COR
5.1.1.10 Track Medical Status of all assigned soldiers	Case managers will track medical status of assigned soldiers through the voucher process	Case managers will report status of Soldiers every 30 days until a disposition is reached	Random monitoring / COR
5.1.1.16 Attend PHA events as determined by the State	Contract personnel will attend PHA related events outside of the normal schedule	Personnel will attend PHA events and SRP events on drill weekend and AT periods as well as unforeseen events	Random monitoring / COR
5.1.1.20 Maintain Soldier Documentation Record	Contract personnel will maintain accurate soldier records	Records are maintained at a level of 95% accessible during normal business hours	Random monitoring / COR

TECHNICAL EXHIBIT 2

Deliverables Schedule

PWS Reference / Deliverable Title	Frequency	Number of Copies	Medium/Format	Submit To
1.4.5.3 AT Level 1 Awareness Training Certificates	Provide within 15 calendar days after employee completes training.	1	Electronic Submission	COR
1.4.5.4 iWATCH Training Certificates	Provide within 15 calendar days after employee completes training.	1	Electronic Submission	COR
1.4.5.11 OPSEC Training Certificates	Provide within 15 calendar days after employee completes training.	1	Electronic Submission	COR
1.4.10 Identification Media	Return within 14 days of employee's departure from contract performance.	Original	Hard Copy	KO

TECHNICAL EXHIBIT 3

Estimated Workload Data

This information is provided for historical background only. It is not a guarantee of workload quantities.

ITEM	NAME	ANNUAL ESTIMATED QUANTITY
Medical Case Management	Medical Case Management	425 Soldiers
Dental Case Management	Dental Case Management / Voucher Management	250 Soldiers
Medical Records Management	Medical Records Section PHA/SRP, Records Request, STR Validation	8400 records
Care Coordination	PHA/SRP Administration Vaccination Administration	6,600 Soldiers
