

SOURCES SOUGHT NOTICE

Cincinnati Vertical Boring Mill Refurbishment – Hoover Dam

NAICS 811310 | PSC J034

THIS IS A SOURCES SOUGHT ONLY. This Sources Sought notice is solely for information and planning purposes and does not constitute a Request for Proposal (RFP) or a promise to issue an RFP in the future. No formal solicitation for this work exists at this time. All qualified Contractors may submit capability statements for consideration. Capability statements received will be reviewed to determine the technical, administrative, and management capability to perform this type of work. The capability statements will be used to determine appropriate procurement strategy, in particular whether a set-aside or an alternate procurement strategy is warranted. We encourage all Small Business' to respond. The Government will not award a contract based upon Contractor responses to this announcement. The Government does not intend to award a contract and will not pay for any information or administrative costs incurred in response to this notice.

The Bureau of Reclamation has a requirement to perform a full refurbishment of the Cincinnati vertical boring mill at Hoover Dam. The machine exhibits significant wear, severe gearbox leakage, and inability to hold tolerances, requiring complete overhaul. The following tasks will need to be completed:

- Dismantling and shipment of boring mill.
- Overhaul of gearboxes, cutting heads, lead screws, table bearings, feed systems, traverse mechanisms, rail mechanisms, structural components, and lubrication systems.
- Refurbishment or replacement of motors, controls, and machine ways.
- Reassembly and commissioning at Hoover Dam.
- Test cut validation witnessed by Government personnel.
- Compliance with all Reclamation safety standards.

The North American Industry Classification System (NAICS) Code for this acquisition is: 811310 - Commercial and Industrial Machinery and Equipment (except Automotive and Electronic) Repair and Maintenance. The small business size standard for NAICS Code 811310 is \$12.5 million.

Submission Requirements for Responses to this Source Sought Notice:
Interested contractors, at the minimum, shall provide following information:

- Company name, address, POC, UEI

- Small business status under NAICS 811310
- Relevant experience with heavy machine tool refurbishment
- Technical capability to receive, disassemble, rebuild, and return a large boring mill

Submit a capability statement on or before April 16, 2026, 10:00 AM MT via email to Bryan Williamson, Contract Specialist, at bwilliamson@ios.doi.gov.

The information provided in this announcement is the only information the Government has available at this time. There is no RFP package or source lists available. Questions concerning the sources sought should reference project title “Cincinnati Boring Mill Refurb” and be directed to Bryan Williamson by email at bwilliamson@ios.doi.gov

System for Award Management (SAM), as required by FAR 4.1102, will apply to any resulting procurement. Prospective contractors must be registered in SAM at the time an offer or quotation is submitted. Lack of registration in the SAM database may make an offeror ineligible for award. Information on SAM registration can be obtained at the following web address:

<https://www.sam.gov>.
