All contractors, suppliers, and vendors who wish to have base access to Marine Corps Base Hawaii must have a Defense Bio-metric Identification System (DBIDS) credential after Aug. 14, 2017.

Periodic background screenings are conducted to verify continued DBIDS participation and installation access privileges. DBIDS access privileges will be immediately suspended or revoked if at any time a Contractor employee becomes ineligible.

Contractors will follow the below procedures to obtain a Vendor/Contractor Passes from PMO:

8.3.1 The Contractor will submit a roster of employees via a MCB Hawaii Base Access Request Form (MCBH Form 5532) that their contract ultimately supports to the sponsoring activity's Contracting Officer's Representative (COR). The roster will identify the company name, contract number, period of performance of the contract, location of performance, the full name, date of birth, and the Defense Biometric Identification System (DBIDS) pre-enrollment code for each of the Contractor's and subcontractor's employees, and the point of contact information for the Contractor. 8.3.1.9 Contractors must present themselves to the Visitors Center, building 1637, MCB Hawaii or the Camp Smith Pass and Registration Office, building 601, and present the two forms of identification they used to pre-enroll in DBIDS along with the QR code or alpha-numeric pre-enrollment code to complete the DBIDS enrollment. Enrollment includes providing full name, date of birth, social security number and other biographical information as well as capturing the applicant's electronic fingerprints and photograph. Personnel who decline to provide this information will be denied access to MCB Hawaii.

8.3.1.10 Non-CAC Contractor employees will be provided a base credential that will allow them unescorted access from the main gate of Marine Corps Base Hawaii to place of employment. If contractor's employees are found at any other location other than place of employment, they will be prohibited from working aboard the installation. Vendor/Contractor access passes must be returned to Pass and Registration, building 1637, MCB Hawaii upon expiration of the pass or termination of employment under the contract. Personnel denied an access pass might appeal in writing to the Commanding Officer, Marine Corps Base Hawaii (Attn: Provost Marshal). Denial or revocation of an access pass may be made if the applicant meets one or more of the disqualifying criminal history standards set forth in the current version of MCB Hawaii Base Order 5532, Base Security and Access Control.

8.4 DBIDS Credentials

Contractor employees shall furnish a completed copy of the SECNAV 5512/1 form to obtain the required background check and visit the local Navy Installation Visitor Control Center to obtain a DBIDS credential once approved. The SECNAV 5512/1 form and additional information about DBIDS can be found at: <https://www.cnic.navy.mil/om/dbids.html>. The Contractor may initiate the adjudication process when a background screen failure results in disqualification from participation in DBIDS and the Contractor employees do not agree with the reason for disqualification. The Contractor may also apply for a waiver when a background screening failure results in disqualification from participation in DBIDS. The Commanding Officer will be the final waiver determination authority. The Contractor shall immediately collect employee DBIDS credentials and notify the KO in writing:

- (1) That an employee has departed the company without having properly returned or surrendered their DBIDS credentials.
- (2) That there is a reasonable basis to conclude that an employee, or former employee, might pose a risk, compromise, or threat to the safety or security of the installation or anyone therein.

The time standard for the validity of a pass to access an installation will be not more than thirty (30) days and may be further restricted based on local policy or by Federal, DOD, Navy, and CNIC guidance. The Government will not be responsible for any cost or lost time associated with obtaining paper passes or added vetting or inspections incurred by non-participants in the DBIDS credentialing process.

The Prime Contractor will follow the procedures above to request base access for new employees supporting the contract.
