NOTICE OF INTENT TO AWARD A SOLE-SOURCE CONTRACT

1. Introduction

The 39th Contracting Squadron intends to award a sole-source contract to Action Target Inc. (0N2W7) for Combat Arms Training and Maintenance (CATM) Range Refurbishment. The requirement is categorized as code 811310 under the North American Industry Classification System (NAICS) and number J013 under the Product Service Code.

2. Description of Requirement

The contractor shall provide all labor, tools, equipment, and expertise necessary to refurbish the Total Containment Trap (TCT) 4 Boom Trap systems and restore full operational safety to the range.

Requirement Category	Description of Work / Deliverables
Materials	Supply and install government-approved Original Equipment Manufacturer (OEM) parts, specifically: 20 new rear shells, 40 high-power mouths, and 46 center smooth plates.
Site Preparation	Dismantle and remove unserviceable components. Conduct comprehensive lead waste cleanup and disposal.
Installation	Professional installation of all new materials to restore the TCT 4 Boom Trap systems to full functionality.
Compliance	Ensure strict adherence to all applicable U.S. and Turkish environmental and safety regulations throughout the lifecycle of the project.

3. Sole Source Justification

This acquisition is being pursued on a sole-source basis because the TCT 4 Boom Trap system is a proprietary design of Action Target. Action Target is the only vendor possessing the requisite technical knowledge and access to the government-approved OEM parts necessary to restore the range to operational safety.

Furthermore, Action Target is the sole entity authorized to perform maintenance on the equipment they originally installed in 2008 from Contract No. W912L7-06-F-0119. The use of non-OEM parts or the employment of unauthorized contractors to perform labor on the range will result in the voiding of critical system safety certifications.

4. Notice Details

The proposed contract action is for services for which the Government intends to solicit and

**39th Contracting Squadron
U.S. Air Force
Incirlik Air Base Turkey**

negotiate with only one source, Action Target, under the authority of RFO 6.103-1, 12.2, and 15.506(b).

This notice does not constitute a commitment by the Government! This Notice of Intent is neither a request for competitive quotes or a solicitation; however, all capability statements or responses received by the closing date and time of this notice will be considered by the Government.

A determination by the Government not to compete against this requirement based upon responses to this notice is solely within the discretion of the Government. Information received will be considered solely for the purpose of determining whether to conduct a competitive procurement.
