

QUESTIONS AND ANSWERS

Solicitation #19FR6326Q0063 – Logistical Support Services

US Embassy, France

1. Can we store your items in our warehouse?

No, this is not permitted for security reasons.

2. Are the moving of artworks included in this contract?

No, the moving of artworks is not included in this contract, as it requires special handling conditions similar to heavy-duty moving services which are not part of the scope of work.

3. Does the requested service include the installation of electric or electronic equipment?

No, you will only be required to move and place the electric or electronic equipment in or out of the apartments; de-intallation / installation or disconnection / connection are not included in the scope of work.

4. In case of a very urgent request, are we allowed to use subcontractors?

Yes, this is permitted. However, you must demonstrate that the subcontractor can perform the same type of service, and you must declare their use in your offer including at least a three-year sub-contract.

5. Does the requested service include the moving of new equipment directly from the suppliers' shops?

No, you will not be required to deliver new furniture or equipment from suppliers' shops; only items stored in our warehouse with an Embassy inventory code are concerned.
