Section H - Special Contract Requirements

H-1. Incorporation of Wage Increases to the Collective Bargaining Agreement

Notwithstanding the pricing stated in Schedule B, in accordance with the Fair Labor Standards Act, should Department of Labor (DOL) adjustments to labor rates exceed the awarded amount in the SLIN pricing the Contractor may be entitled to an equitable adjustment. In that event, the Contractor shall submit substantiation that the DOL standards require increases in excess of the rates established under the contract.

The Government intends to negotiate the rate adjustments to the applicable year and all remaining option years.

H-2. Organizational Conflict of Interest

Offerors are hereby notified that performance under the contract resulting from this solicitation may give rise to a potential Organizational Conflict of Interest (OCI), as described in Federal Acquisition Regulation (FAR) Subpart 9.5. It is the intention of the parties that the successful awardee will not engage in any contractual activities which could cause a conflict of interest with its position under the resultant contract which may impair its ability to render unbiased advice and recommendations or in which it may have an unfair competitive advantage as a result of the knowledge, information, and experience gained during the performance of the resultant contract.

The successful Offeror shall enter into a written agreement with any firm whose proprietary data is used in connection with performance of the resultant contract to protect all proprietary information from unauthorized disclosure or use as long as it remains proprietary, to furnish the Contracting Officer with executed copies of all such agreements, and to refrain from using any proprietary information in supplying to the Government goods or services or for any purpose other than that for which it was furnished. The successful Offeror shall agree that any data furnished by the Government to the Contractor not generally available to other contractors shall be used only for performance under its contract, and all copies of such data shall be returned to the Government upon completion of the effort. Any data furnished by the Government containing trade secrets or commercial or financial data of other contractors shall be treated as proprietary data. Further, the successful Offeror shall agree not to reveal to third parties any data generated and/or reported to the Government in the performance of this effort. These restrictions are not intended to protect information furnished voluntarily without limitations on its use or availability to the U.S. Government or Contractor from other sources without restriction.

For the purpose of this clause, the terms "successful Offeror" and "Contractor" means the Contractor, its subsidiaries and affiliates, any joint venture involving the Contractor, any entity which the successor or assignee of the Contractor acting as a prime Contractor, subcontractor, or consultant to either the prime Contractor or subcontractor.

Furthermore, the parties agree that the successful Offeror shall ensure that this clause, "Organizational Conflict of Interest", is included in all subcontracts (changing identities of the parties as appropriate), at any level necessary to meet the requirements of this clause.

The exclusionary provisions of this clause will be effective for the duration of any contract resulting from this RFP. The Contractor shall include the same exclusion in its subcontract agreements.

H-3. Compliance with Local Post Regulations and Access Requirements

Rules, regulations, directives, and requirements that are issued during the contract term by Department of the Army Military Command Authorities, under their responsibility for law and order, administration, and security on the installation, shall be applicable to all contractor personnel or representatives who enter the installation, or travel on Government transportation. This requirement shall not be construed or interpreted to establish any degree of Government control, which is inconsistent with the intent of a non-personal services contract. Contractor personnel or representatives shall be subject to such checks as may be necessary to ensure that their presence on the installation does not violate these requirements. No employee shall be permitted on the installation when such a check reveals that the employee's presence would be detrimental to the security of the installation or the accomplishment of work. When directed by the Contracting Officer, the Contractor shall remove any employee from an assignment to perform services under this contract for reasons of misconduct or breach of security in connection with his or her employment. Under such circumstances, the Contractor will not receive an equitable adjustment for any costs related to replacing the employee and will not be excused for degraded performance.

Upon completion of their assigned shifts, contractor employees shall depart the work area and shall not loiter elsewhere on the military installation.

LIMITATION OF GOVERNMENT'S OBLIGATION (APR 2014)

(a) Contract line item(s) ____ [Contracting Officer insert after negotiations] is/are incrementally funded. For this/these item(s), the sum of \$ ____ [Contracting Officer insert after negotiations] of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of

this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

On execution of contract	\$ _____
(month) (day), (year) _____	\$ _____

(a)

(1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) ☐ Are ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) ☐ Have ☐ have not , within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation);

(C) ☐ Are ☐ are not presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i) (B) of this provision; and

(D) ☐ Have , ☐ have not , within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied. Federal taxes are considered delinquent if both of the following criteria apply:

(1) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if a pending administrative or judicial challenge remains. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(2) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the Government

will consider the certification in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) This provision does not require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a). The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

52.209-13	Violation of Arms Control Treaties or Agreements- Certification. (Deviation)	2026-02
-----------	--	---------

Violation of Arms Control Treaties or Agreements-Certification (Feb 2026) (Deviation)

(a) This provision does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services as defined in Federal Acquisition Regulation 2.101.

(b) *Certification.* [Offeror shall check either (1) or (2).]

☐ (1) The Offeror certifies that-

(i) It does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at <https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/>; and

(ii) No entity owned or controlled by the Offeror has engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at <https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/>; or

[] (2) The Offeror is providing separate information with its offer in accordance with paragraph (d)(2) of this provision.

(c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report.

(1) Check the table of contents of the annual unclassified report and the country section headings of the reports incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries.

(2) If such activity might have occurred, review all findings in the report associated with those foreign countries to determine whether or not each such foreign country was determined to be in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following statements in the annual report are not equivalent to a determination of violation:

(i) An inability to certify compliance.

(ii) An inability to conclude compliance.

(iii) A statement about compliance concerns.

(3) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any activity that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. Review the narrative for any such findings reflecting a determination of violation or non-adherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve compliance or adherence concerns.

(4) The Offeror may submit any questions with regard to this report by email to NDAA1290Cert@state.gov. To the extent feasible, the Department of State will respond to such email inquiries within 3 business days.

(d) Do not submit an offer unless-

(1) A certification is provided in paragraph (b)(1) of this provision and submitted with the offer; or

(2) In accordance with paragraph (b)(2) of this provision, the Offeror provides with its offer information that the President of the United States has

(i) Waived application under 22 U.S.C. 2593e(d) or (e); or

(ii) Determined under 22 U.S.C. 2593e(g)(2) that the entity has ceased all activities for which measures were imposed under 22 U.S.C. 2593e(b).

(e) *Remedies*. The certification in paragraph (b)(1) of this provision is a material representation of fact upon which reliance was placed when making award. If the Government later determines that the Offeror knowingly submitted a false certification, in addition to other remedies available to the Government, such as suspension or debarment, the Contracting Officer may terminate any contract resulting from the false certification.

52.229-11	Tax on Certain Foreign Procurements-Notice and Representation.	2020-06
-----------	--	---------

Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020)

(a) *Definitions.* As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

- (1) A citizen or resident of the United States;
 - (2) A domestic partnership;
 - (3) A domestic corporation;
 - (4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

- (c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.
- (d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that
- (1) It ☐ is ☐ is not a foreign person; and
 - (2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 a ☐ full exemption, or ☐ partial or ☐ no exemption from the excise tax.
- (e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-
- (1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and
 - (2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the IRS as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

(b) Any offeror submitting a proposal which, if accepted, will result in a contract subject to the requirements of 48 CFR chapter 99 must, as a condition of contracting, submit a Disclosure Statement as required by 48 CFR 9903.202. When required, the Disclosure Statement must be submitted as a part of the offeror's proposal under this solicitation unless the offeror has already submitted a Disclosure Statement disclosing the practices used in connection with the pricing of

this proposal. If an applicable Disclosure Statement has already been submitted, the offeror may satisfy the requirement for submission by providing the information requested in paragraph (c) of part I of this provision.

Caution: In the absence of specific regulations or agreement, a practice disclosed in a Disclosure Statement shall not, by virtue of such disclosure, be deemed to be a proper, approved, or agreed-to practice for pricing proposals or accumulating and reporting contract performance cost data.

(c) Check the appropriate box below:

Section M - Evaluation Factors for Award

M.1. Basis of Award

The award will be made to the Offeror whose proposal represents the best value to the Government with appropriate consideration given to the three evaluation factors: Technical, Price, and Small Business Participation. M.3. Factor Evaluation Approach

The following evaluation criteria will be used to evaluate each proposal:

M.3.1. Volume II - Technical Factor Evaluation Approach: This factor is designed to assess the Offeror's understanding of the complexities inherent in this requirement and its proactive approach to problem-solving and risk management. During evaluation of each proposal, the Government will assign the Technical factor an overall adjectival rating of one of the following: Outstanding, Good, Acceptable, Marginal, and Unacceptable.

M.3.1.1. Part 1: Program Execution and Optimization: The Government will evaluate the Offeror's understanding of the requirement and the soundness of its approach to program execution and optimization.

M.3.1.1.1. Program-Specific Risks and Mitigation: The Government will evaluate the extent to which the Offeror identifies the top three most significant, program-specific risks. For each identified risk, the evaluation will assess the soundness of the selection rationale, the detail and feasibility of the proposed mitigation plan, and the clarity and appropriateness of the identified methods for measuring the effectiveness of the mitigation efforts.

M.3.1.1.2. Continuous Performance Improvement: The Government will evaluate the Offeror's plan for its potential to deliver increasing quality and efficiency over the life of the contract. M.3.1.2.2. Staffing Rationale and Basis of Estimate: The Government will evaluate the Offeror's staffing rationale for a clear and achievable approach to meeting PWS requirements. The evaluation will focus on the Offeror's staffing matrix to assess the direct mapping of PWS tasks to the proposed labor categories, number of personnel, and labor hours per location, shift, and MDS. The rationale will also be evaluated on how well it substantiates the labor hours proposed.

M.3.1.2.3. Dynamic Staffing Strategy: The Government will evaluate the Offeror's methodology for adjusting staffing levels to assess its effectiveness, responsiveness, and feasibility. The evaluation will assess the adaptability of the methodology to both projected operational changes and unforeseen events. Furthermore, the evaluation will assess the extent to which the strategy ensures and explains compliance with the applicable CBA and SCLS WD.

M.3.1.2.4. Substantiation of Experience: The Government will evaluate the Offeror's provided experience examples to assess the Offeror's ability to successfully staff and manage programs of similar size and scope to this requirement. M.3.1.3.3. Quality Risk Management: The Government will evaluate the Offeror's identification of the top three most significant quality-related risks to assess its understanding of the key challenges to achieving the performance standards of the PWS. For each identified risk, the evaluation will assess the rationale for its selection, the detail and feasibility of the mitigation plan, including the proposed processes, tools, and techniques, and the clarity and appropriateness of the methods for measuring the effectiveness of the mitigation efforts.

M.3.1.4. Part 4: Sample Scenario - Workforce Productivity: The Government will evaluate the Offeror's CAP to assess the degree to which it presents a comprehensive, feasible, and actionable approach to achieving the required performance outcomes within the 60-day timeframe. M.3.2. Volume III - Price Factor Evaluation Approach: The Offeror's Price Volume will not be assigned an adjectival rating. For award purposes, the total proposed price for all CLINs will be added together into a total sum to determine the total evaluated price. The Government will confirm the Offeror utilized the correct CLIN pricing for the CNF CLINS IAW Section L.3.2.5.2. The evaluation of all option CLINs will not obligate the Government to exercise any option. The Offeror's Price proposal will be evaluated using one or more of the techniques described in FAR 15.404-1 in order to determine if it is fair and reasonable. The Offeror's Price proposal will be evaluated for the following:

M.3.2.1. Compliance: The Price proposal submitted by the Offeror will be evaluated for compliance based upon the submission requirements contained in Section L.3.2. Volume III - Price Factor.

No cost analysis will be performed IAW FAR 15.404-2.

M.3.2.3. Unbalanced Pricing: The Offeror's Price proposal will be evaluated for unbalanced pricing as defined in FAR 15.404-6. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more CLIN unit prices is significantly over or understated as indicated by the application of cost and price analysis techniques. Offerors are cautioned that a proposal the Government assesses to be unbalanced as to price may either be rejected or determined unacceptable for award.

M.3.3. Volume IV - Small Business Participation Factor Evaluation Approach: The Small Business Participation Factor will be evaluated using an "Acceptable" or "Unacceptable" rating. A rating of "Unacceptable" will render the entire proposal ineligible for award. The proposed contract value will be evaluated for consistency with the Price Factor. Any variance in the proposed contract value will result in an unacceptable rating.

M.3.3.1. Part 1: Small Business Participation Plan: The Government will evaluate whether the Offeror's Small Business Participation Plan demonstrates a commitment to small business participation and provides sufficient detail to demonstrate the Offeror's commitment to small business utilization.

M.3.3.1.1. Commitment and Strategy: The Government will evaluate whether the Offeror's proposal demonstrates a commitment to subcontract a minimum of 14% of the total proposed

contract value for the base and each option year to small business concerns. The Government will verify the Offeror utilized the correct table format as required in L.3.3.1.1.

M.3.3.1.2. Identification of Small Business Partners and Nature of Work Performed: The Government will evaluate the completeness and accuracy of the identification data provided for each proposed small business.
