**** This is a SSN for the purpose of conducting Market Research. Proposals are NOT being requested, nor accepted at this time. Responses are being requested from both Large and Small Businesses. ****

1. Purpose:

- a. The purpose of this SSN is to gain knowledge regarding the types of interested businesses and their qualifications. Information obtained through this SSN by the NPS will be utilized to develop the acquisition strategy. The amount of interest, or lack thereof, will determine the possibility of a Small Business or other Socio-Economic Set-Aside for solicitation and award purposes. Analysis of the quality of responses to this SSN will be considered in the Market Research being conducted and in the making of any set-aside determination for this requirement.;
- b. The Government anticipates conducting a competitive acquisition for this requirement. The amount of interest or lack thereof will determine the possibility of a small business or other socio-economical small business set-aside for the solicitation. Analysis of the quality of responses to this source sought announcement will be considered in the market research being conducted, and in the making of any small business set-aside determination for this requirement; and
- c. No solicitation, proposal package, specifications, or drawings are available with this SSN.

2. Cost Reimbursement: Response to this announcement is strictly voluntary. No reimbursement will be made for any costs associated with providing information in response to this SSN, nor any follow-up information requests.

3. Bonding: Bid, Performance, and Payment Bonds are anticipated to be required.

4. North American Industry Classification System (NAICS) code: 237310 – Highway, Street, and Bridge Construction and **Size Standard:** \$45M

5. Project Description:

The project entails construction of a concrete retaining wall along a one-way/single-lane segment of Conzelman Road that follows a steep coastal ridge line. Erosion of the coastal bluff has threatened stability at a point along the roadway shoulder for over two decades. Approximately 12

Project Conditions:

- The project is located at Golden Gate National Recreation Area, Marin County, California.

- The roadway can be fully closed during construction activities. As soon as possible, the roadway should be opened for bicycle and motor vehicle traffic on weekends.
- There are many recreational cyclists that are accustomed to using the roadway. Even if total roadway closures are put in place, some cyclists may get through and must be safely dealt with.
- The site requires protective measures to ensure the surrounding area remains undisturbed.
- There are sensitive resources that will require mitigations to protect during construction. Daily work schedule will be required for all work occurring within archeologically sensitive areas. The Daily work schedule shall include:
 - Starting and ending dates of ground-disturbing construction.
 - Types of construction, such as excavation or augering.
 - Methods and equipment used for each type of construction.
- Natural Hazards: The project area may contain irritating and poisonous plants including, but not limited to, poison oak.

- A. **AFFORDABILITY/MAGNITUDE.** The Government seeks offers with a total price between \$1,000,000 and \$5,000,000. Offerors should not interpret this figure as a ceiling (or as a floor) on offers; rather, this information is provided as a courtesy to prospective offerors. The Government may select an offer for award with a price below, at, or exceeding this figure if it finds that offer provides the best value and funds are available.
- D. The work under this contract will be located on main park roads. Coordination will be necessary for equipment inspections and material delivery;
- E. The construction site is within 12 miles of the nearest suppliers and lodging facilities;
- F. The Park will remain open during construction, thus contract activities and logistics must be structured and scheduled to minimize visitor impact;
- G. The site requires protective measures to ensure the surrounding area remains undisturbed;
- H. The anticipated period of performance of 180 calendar days.

- 6. **Solicitation**: At this time, DOI, NPS, DSC anticipates issuing a competitive Request for Proposals (RFP) around the Winter 2026/Early 2027; and awarding a single Firm-Fixed-Price (FFP) contract.
- 7. **Submittal Instructions**: Responses shall be captured by filling out (in its entirety) the attached Sources Sought Survey Questionnaire. The interested contractor shall respond no later than 2PM Mountain Time (MT) on 29 May 2026 by emailing the questionnaire to Contracting Officer at shellie_murphy@ios.doi.gov.
