

NOTICE OF INTENT TO SOLE SOURCE:

This Notice of Intent is not a request for competitive proposals. This is not a solicitation or request for offers. No solicitation package is available, and telephone requests will not be honored. Only one responsible source, and no other supplies or services will satisfy agency requirements.

The Defense Health Agency Contracting Activity Healthcare Contracting Division, Southeast (DHACA-HCD-SE), plans to award a firm fixed price sole source contract to Medical Graphics Corporation. This acquisition is being conducted under the authority of Revolutionary FAR Overhaul (RFO) (FAR) 12.102(a) "For acquisitions valued at or below the simplified acquisition threshold (SAT), document the decision that only one source is available and the basis for the decision" as Medical Graphics Corporation is the only responsible source capable of providing Plethysmograph Equipment Maintenance Services that maintain OEM standards at Navy Medical Readiness and Training Command (NMRTC) Beaufort, South Carolina. The contractor shall provide all necessary trained and certified personnel, equipment, tools, vehicles, materials, supervision, and transportation to effectively and economically perform all services for the maintenance and repair of medical equipment as required by this Performance Work Statement (PWS) for NMRTC Beaufort.

Equipment List. Requested services include all preventive maintenance, corrective maintenance, and emergency maintenance necessary for the equipment listed below.

ECN	Location	Nomenclature	Manufacturer	Model	SN
096008	Respiratory Therapy	Plethysmography	Medical Graphics Corp	Platinum Elite Body Plethysmograph	242000165
093263	Respiratory Therapy	SYRINGE, PLUNGER, SPIROMETER	Medgraphics	5330	553-13540

Market research indicates that the Original Equipment Manufacturer, Medical Graphics Corporation (MGC), is the sole source capable of providing the required Plethysmograph equipment maintenance services. This determination is driven by the proprietary integration of MGC's hardware with its exclusive BreezeSuite and Ascent software platforms, which collectively deliver a necessary, unified solution for data acquisition, management, and reporting. Furthermore, no mandatory government sources are available to fulfill this specialized technical requirement, and the government possesses an established history of successful, reliable service delivery with this vendor.
