

STATEMENT OF WORK (SOW)

FOR

REPLICA BOMARC MISSILE

9 APRIL 2026

87th Air Base Wing

(87 ABW)

Joint Base McGuire-Dix-Lakehurst

**Statement of Work
Replica BOMARC Missile**

1. Objective:

- 1.1. To design, fabricate, and install a 1:1 scale replica of the BOMARC CIM-10 missile and a 1:1 scale replica erector (launcher) assembly to serve as a historical static display highlighting the Air Force heritage of Joint Base McGuire-Dix-Lakehurst.

2. Scope:

- 2.1. The vendor shall furnish and assemble all material to install a 1:1 scale replica of the BOMARC CIM-10 missile and a 1:1 scale replica launcher assembly.
- 2.2. No alteration, additions or deletions shall be made to the contract unless prior approval is given in writing by the Contracting Officer (CO).
- 2.3. A total of one (1) replica BOMARC missile and one (1) scale replica launcher assembly is to be constructed, designed and painted to represent those placed at McGuire Air Force Base in the 1960's.

3. Period and Place of Performance:

- 3.1. To be completed within 365 days after date of award.
- 3.2. Work is to be accomplished at the awarded contractors manufacturing facility with final placement at the Joint Base Heritage Park adjacent to Pudgy Circle and Building 3011.
- 3.3. Coordination for final locations will be conducted with the 87th Air Base Wing Historian prior to installation.

4. Performance Requirements:

- 4.1. Inspect and prepare area around the Joint Base Heritage Park to place the replica BOMARC missile and replica launcher assembly.
- 4.2. Construct the BOMARC missile to the specifications of the real missiles placed on alert in the 1960's at McGuire Air Force Base.
- 4.3. BOMARC missile and launch assembly will be painted in a manner to represent those placed on alert in the 1960's at McGuire Air Force Base.
- 4.4. The BOMARC missile and replica launcher assembly will be constructed at a 1:1 scale positioned at a 45-degree angle facing Pudgy Circle.
- 4.5. Install the BOMARC missile and replica launcher assembly at the location pre-coordinated with the 87 ABW historian.

5. Site Visit:

- 5.1. A site visit will be offered.

6. Federal Holidays:

Name of Holiday	Time of Observance
New Year's Day	1 January
Martin Luther King Jr. Day	Third Monday in January
President's Day	Third Monday in February

Memorial Day	Last Monday in May
Juneteenth	19 June
Independence Day	4 July
Labor Day	First Monday in September
Columbus Day	Second Monday in October
Veteran's Day	11 November
Thanksgiving Day	Fourth Thursday in November
Christmas Day	25 December

NOTE: If any of the above holidays occur on a Saturday or a Sunday, then such holiday shall be observed by the Contractor in accordance with the practice as observed by the assigned Government employees at the using activity. Work with the 87 ABW Historian for scheduling conflicts.

7. Government Furnished Property (GFP) and Services:

- 7.1. The US Government will **not** provide any equipment, fuel, personnel, utilities or facilities to the contractor for the execution of this contract.

8. Security and Access Requirements.

- 8.1. Contractor shall adhere to current installation security policies.
8.2. All necessary permits, passes and other security/access requirements shall be obtained prior to commencing the applicable stage of work.
8.3. Coordinate access with the 87 ABW Historian.

9. Safety Requirements.

- 9.1. Contractor personnel shall adhere to all safety regulations within US laws.
9.2. All equipment brought by the contractor shall be in good working condition.
9.3. Proper safety gear must be worn at all times, where applicable.

10. General Requirements:

- 10.1. Materials for this project shall meet the mandate for Bio-preferred products located at the following two websites:
10.1.1. EPA-designated item list: <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program#products>
10.1.2. USDA Bio-preferred categories: <https://www.biopreferred.gov/BioPreferred/faces/catalog/Catalog.xhtml#>
10.2. Vendors plan of installation will be submitted to the 87 ABW Historian for review and approval prior to installation.
10.3. Material shall all be new (no refurbished items).
10.4. Pre-final/Final inspection will be conducted upon completion of work. The United States Government will perform the inspection within two working days after notification by the contractor.
10.5. The contractor shall be responsible for the protection of existing equipment, landscape, structures and surrounding facilities. Any damages shall be repaired to match conditions prior to damage at no additional cost to the government.
10.6. The contractor shall provide a contract manager who shall be responsible for the performance of the work. The contract manager shall have full authority to act on behalf of the contractor on all contract matters relating to daily operations of this contract.

- 10.7. Contractor personnel shall present a neat appearance and be easily recognized as contractor employees. This may be accomplished by wearing distinctive clothing bearing the company name or by wearing appropriate badges which contain the contractor's company and employee names.
- 10.8. Smoking is not allowed inside and within 50 feet of the entrance of any facility. The contractor contract manager is responsible for enforcing the smoking policy for all employees engaged in the performance of this contract work.
- 10.9. The telephone number for Security Police, Fire Protection, Emergency Medical Service and other emergencies is 911.
- 10.10. The contractor shall properly remove/dispose of all trash and equipment in accordance with local laws upon completion of work.

11. Miscellaneous:

- 11.1. A map showing approximate locations will be provided.
- 11.2. An image and dimensions of the BOMARC missile with launcher assembly will be provided.
- 11.3. Vendor must provide all materials to prepare the ground, transport the BOMARC missile with replica launcher assembly, and install as noted above.
