It is our purpose to provide you, industry, with the latest and most accurate information possible during these calls. However, we recognize that sometimes errors are made. To minimize and to correct any errors, USCIS will collect all questions asked during this call, review them and provide the responses to all questions asked during the call and we will post our responses on SAM.gov. Those responses will supersede any previous response provided during the call.

Agenda

U.S. Citizenship
and Immigration
Services

- Welcome / Opening Remarks
- USCIS Small Business Specialists – Scott Stewart (Alternate SBS)
- USCIS Acting in the Capacity of the Industry Liaison – Daniel Knapp
- Portfolio Presentations
 - Operations Division – Jeffrey S. Bulthuis
 - Technology Division – Celina R. Hemingway
- General Q&A
- Closing Remarks

Remarks from USCIS Small Business Specialist

USCIS Small Business Specialist

U.S. Citizenship
and Immigration
Services

- USCIS is aligned with Revolutionary FAR Overhaul (RFO) 19.101(a): “provide maximum practicable opportunities in its acquisitions to small business and other small business socioeconomic categories”.
- While RFO 19.111-2 makes clear that the decision to set aside orders placed under multiple-award contracts (GSA FSS & IDC) is at the CO’s discretion, USCIS continues to carefully consider and to utilize small business and specific socioeconomic set-asides where determined appropriate.

USCIS requires contractor support to operate the Tier 1 level of a multi-tier Contact Center Operation. Services include support to inbound and outbound calls, chats and webform/email inquiries using a model that employs a mix of IVR/IVA, web and voice channels for customers to obtain assistance on citizenship and immigration related information. The Contractor will provide sufficient bilingual operational staff to support the Contact Center Tier 1 interactions and collaborate with the USCIS, and other supporting Contractors involved in improving Contact Center operations. Market research is ongoing, and an acquisition strategy is still to be determined. Government is anticipating exercise of FAR clause 52.217-8, Option to Extend Services under the current task order; this is included in the contract dates herein for planning purposes.

U.S. Citizenship and Immigration Services (USCIS), Office of Public Affairs (OPA), Media Affairs Division requires contractor's support to provide officials with daily executive news briefings. OPA requires an executive level news briefing of national and local media/social media coverage focusing on USCIS services, operations, and critical partnerships, in addition to other topical areas of interest selected by the agency. USCIS requires preparation and delivery of daily executive news, clips compiled by news analysts familiar with the USCIS's mission, capabilities, and responsibilities by using extensive knowledge of the public affairs industry, federal government, USCIS, and the Department of Homeland Security's respective missions. USCIS is still conducting market research for this requirement and will update this record to reflect.

Megan Kane Megan.r.Kane@uscis.dhs.gov		Celina Hemingway Celina.R.Hemngway@uscis.dhs.gov		Sylwia Salkic Sylwia.Salkic@uscis.dhs.gov

Description: USCIS has a requirement for Information Assurance Security Services(IASS). As USCIS integrates artificial intelligence (AI) / machine learning (ML) and other emerging technologies into our operations, it is imperative to elevate our cyber vigilance. This means ensuring systems are not only resilient to adversarial attacks but also uphold ethical standards that reflect organizational values and societal expectations. The Information Security Division (ISD) seeks a next generation of ISSOs to lead the charge. The IASS resources will continue to perform the day-to-day implementation and validation of IT Security requirements, including ensuring the protection of our systems, data, and environment from malicious users, and to support continuous monitoring activities. These specialized ISSOs are critical to maintaining the security of our systems, assets, and data to avoid or minimize the impact of events.

Samona Barnett Samona.L.Barnett@uscis.dhs.gov		Andrew Fonda Andrew.R.Fonda@uscis.dhs.gov		Sylwia Salkic Sylwia.Salkic@uscis.dhs.gov

Description: USCIS is establishing this record to provide industry with the earliest possible announcement of a major procurement. USCIS has a requirement for Cyber Security Support Services (C3S) II that will utilize GSA HACS 8(a). The C3S-Operations contractor will have a primary responsibility to provide the ability to identify, protect, detect, respond, and recover from cybersecurity threats and incidents. This ability will require highly specialized skill sets with significant experience and the ability to provide ongoing best practices. The limited number of available Government staff with these skillsets make it essential to find commercial sources to supply these services. Commercial sources should also be able to provide cutting edge cybersecurity industry best practices. The contracted services will be required for the foreseeable future and a three-year period of performance is anticipated.
