(4) Ensure all subcontractors and suppliers complete prior to subcontract award, and maintain on an annual basis, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required for the subcontract or other contractual instrument for each of the subcontractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the subcontract; and

(5) If the Contractor has a CMMC Status of Conditional, successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(1) Insert the substance of this clause, including this paragraph (f) and excluding paragraph (e)(1), in subcontracts and other contractual instruments, including those for the acquisition of commercial products or commercial services, excluding commercially available off-the-shelf items, if the subcontract or other contractual instrument will contain a requirement to process, store, or transmit FCI or CUI; and

(2) Prior to awarding a subcontract or other contractual instrument, ensure that the subcontractor has a current CMMC certificate or current CMMC status at the CMMC level that is appropriate for the information that is being flowed down to the subcontractor based on the requirements at 32 CFR 170.23.

Solicitation Submittal Requirements:

The Offeror shall submit the following information using Attachment L-3, "Safety Data & Narrative": The Days Away from Work, Restricted Duty, or Job Transfer (DART) Rate; and Total Case Rate (TCR) for the specified five Calendar Years (CY), as well as a safety narrative, as described below. For a partnership, joint venture or mentor-protege, the Offeror shall submit separate DART and TCR rates for the specified five CY for each entity that is part of the partnership/joint venture/mentor-protege; however, only one safety narrative is required. Any fatalities experienced within this 5-year timeframe must be explained in detail, to include root cause and corrective actions.

NOTE: DART and TCR shall not be submitted for subcontractors.

(a) DART Rate: Submit five previous complete calendar years' [CY2021, CY2022, CY2023, CY2024, and CY2025] worth of data (not an overall average). If the Offeror has no DART rate, for any year, affirmatively state so and explain why. Any extenuating circumstances that affected the DART rate data should be addressed as part of this element. DART rates above 2.99, in any of the previous five years, will be considered UNACCEPTABLE, unless an adequate explanation is provided to address the extenuating circumstances that affected the rate.

1 DART rate cases include injuries or illnesses resulting in death, days away from work, and/or restricted work or transfer to another job days beyond

the day of injury/illness.

2 Calculation of DART rate: Multiply the total number of DART cases by 200,000, and then divide by the number of employee labor hours worked: DART rate = (Number of DART Incidents x 200,000)/Total Number of Employee Labor Hours Worked).

(b) TCR: Submit five previous complete calendar years' [CY2021, CY2022, CY2023, CY2024, and CY2025] worth of data (not an overall average). If the Offeror has no TCR for any year, affirmatively state so and explain why. Any extenuating circumstances that affected the TCR data should be addressed as part of this element. TCRs above 4.49, in any of the previous five years, will be considered UNACCEPTABLE, unless an adequate explanation is provided to address the extenuating circumstances that affected the rate.

1 TCR cases include injuries or illnesses resulting in death, days away from work, restricted work or transfer to another job days beyond the day of injury/illness, medical treatment beyond first aid, or loss of consciousness.

2 Calculation of TCR: Multiply the total number of TCR incidents by 200,000, and then divide by the number of employee labor hours worked: TCR = (Number of TCR Incidents x 200,000)/Total Number of Employee Labor Hours Worked).

(c) Technical Approach to Safety: Submit a narrative that addresses the following:

4 The Technical Approach to Safety narrative shall not exceed two pages and shall be size 10 font (minimum). Arial font is recommended but others may be used if legible.

(3) Factor 3 - Past Performance

Solicitation Submittal Requirements:

(a) Offerors shall submit a performance evaluation for all projects submitted under Factor 1. If a completed Contractor Performance Assessment Report System (CPARS) evaluation is available, it shall be submitted with the offer for each relevant project included in Factor 1 - Corporate Experience. If a completed CPAR evaluation is not available for a relevant project that was submitted under Factor 1, the Offeror shall submit NAVFAC/USACE Past Performance Questionnaire (Form PPQ-0) (Attachment L-4) for that project. Evidence of customer satisfaction shall be from the client (personnel with oversight/direct knowledge of performance on the contract). Offerors shall not incorporate by reference into their offer PPQs previously submitted for other RFPs. However, previously completed PPQs in full text submitted for other RFPs may be submitted. Previously completed PPQs do not need to be identical to Attachment L-4, but they must include all information requested in Attachment L-4 in order to be accepted. All PPQs shall be complete, contain client's signature, and include all information requested in Attachment L-4. This does not preclude the Government from utilizing previously submitted PPQ information in the past performance evaluation. Offerors should follow-up with clients /references to help ensure timely submittal of questionnaires by the proposal receipt deadline. If the client requests, questionnaires may be submitted directly to the Government's point of contact, Mrs. Kimberly Groce, kimberly.d.groce.civ@us.navy.mil

(b) If a performance evaluation is not provided for any of the projects submitted under Factor 1, the Offeror shall provide an explanation as to why it could not be obtained. Offerors may also provide any information on problems encountered and the corrective actions taken on projects submitted under Factor 1 - Corporate Experience. Offerors may also address any adverse past performance issues. Explanations shall not exceed two pages and shall be size 10 font (minimum). Arial font is recommended but others may be used if legible.

(c) The Government reserves the right to contact references for verification or additional information. The Government's inability to contact any of the Offeror's references or the references unwillingness to provide the information requested may affect the Government's evaluation of this factor.

(d) Performance awards or additional information submitted will not be considered.

d. The non-price proposal presented by the Offeror to whom the award is made will be incorporated into the contract at time of award.

e. Offers are solicited on an "all or none" basis. Failure to submit offers for all line items listed may be cause for rejection of the offer. The initial award will include only Contract Line Items 0001 and 0002.

f. Each Offeror shall address and submit, as a minimum, ALL items required by the paragraphs above. Failure to include a portion of any required item may render the proposal ineligible for award.

PRE-AWARD SURVEY

The Government may make a pre-award survey of an Offeror to determine responsibility in accordance with FAR 9.104. The following are examples of the information that, upon request, the Offeror shall be required to provide in writing to the pre-award survey team. Requested information shall be forwarded within five calendar days of request. (a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

[Insert evaluation factors in the relative order of importance. For requests for proposals, state: Evaluation factors other than price when combined are [significantly more important than price/approximately equal to price/significantly less important] than price. For invitations for bids, list only price and price-related factors.]

Factor 1 - Corporate Experience

Factor 2 - Safety

Factor 3- Past Performance

=====

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Addendum to Evaluation - Commercial Product and Commercial Services

(a). The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

The solicitation requires the evaluation of price and the following non-price factors:

Factor 1 - Corporate Experience
Factor 2 - Safety
Factor 3 - Past Performance

The distinction between corporate experience and past performance is corporate experience pertains to the types of work and volume of work completed by a contractor that are comparable to the types of work covered by this requirement, in terms of size, scope, and complexity. Past performance pertains to both the relevance of recent efforts and how well a contractor has performed on the contracts.

a. Price:

(1) Basis of Evaluation: The Government will evaluate price based on the total price. Total price consists of the basic requirements and all option items (see Contract Line Item Nos. 0001-0012 of the solicitation). The Government intends to evaluate all options and has included the provision FAR 52.217-5, Evaluation of Options in the solicitation. In accordance with FAR 52.217-5, evaluation of options will not obligate the Government to exercise the option(s). Analysis will be performed by one or more of the following techniques to ensure a fair and reasonable price:

- (a) Comparison of proposed prices received in response to the RFP.
- (b) Comparison of proposed prices with the Independent Government Estimate (IGE).
- (c) Comparison of proposed prices with available historical information.
- (d) Comparison of market survey results.

b. Non-Price Factors:

(1) Factor 1 - Corporate Experience

Basis of Evaluation:

(a) Corporate experience will be evaluated to determine the capability of the Offeror to successfully perform the requirements of the solicitation. Factor 1, Corporate Experience requirements may be met through a demonstration of successful performance of one to five contracts that meet the Solicitation Submittal Requirements for this Factor. Alternatively, Factor 1, Corporate Experience requirements may be met through the demonstrated, required experience of Key Personnel, i.e. the Project Manager and Quality Manager.

(2) Factor 2 - Safety

Basis of Evaluation:

The Government is seeking to determine that the Offeror has consistently demonstrated a commitment to safety and that the Offeror plans to properly manage and implement safety procedures for itself and its subcontractors. To meet the minimum requirements, the Offeror must satisfy the Solicitation Submittal Requirements for Factor 3, Safety. The Government reserves the right to review other available sources (public/Government internal) of information. These may include but are not limited to, past performance information retrieved through CPARS using all CAGE/SAM UEID numbers of Contractors who are part of a partnership or JV identified in the Offeror's proposal, inquiries of owner representative(s), Federal Awardee Performance and Integrity Information System (FAPIS), Electronic Subcontract Reporting System (eSRS), etc. Adverse safety information revealed in these other available sources may affect the Offeror's Factor 3 Safety rating.

(3) Factor 3 - Past Performance

Basis of Evaluation:

(a) This evaluation will consider the quality of performance on relevant projects submitted under Factor 1 - Corporate Experience and may also consider past performance on other relevant projects, interim and/or final, currently documented in known sources. In addition to the above, the Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. Other sources may include, but are not limited to, past performance information retrieved through CPARS using all CAGE/SAM UEID numbers of Contractors who are part of a partnership or JV identified in the Offeror's proposal, inquiries of owner representative(s), Federal Awardee Performance and Integrity Information System (FAPIS), Electronic Subcontract Reporting System (eSRS), and any other known sources not provided by the Offeror.

(b) The Government may consider the recency and relevance of the information (as defined in Factor 1 - Corporate Experience), the source of the information, context of the data, interim and/or final, in the contractor's performance. This evaluation is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the past and performance will be used as a means of evaluating the probability to successfully meet the requirements of the RFP.

(c) In the case of an Offeror without a record of recent and relevant past performance or for whom information on past performance is not available or is so sparse that no meaningful past performance rating can be reasonably assigned, the Offeror may not be evaluated favorably or unfavorably on past performance. Therefore, the Offeror shall be determined to have unknown past performance. In the context of acceptability/unacceptability an "unknown" rating shall be considered "acceptable". However, if a performance evaluation is not provided for a project submitted under Factor 1 and the Offeror does not provide an explanation as to why it could not be obtained, such project shall be considered "unacceptable".

(b). Basis for Award:

a. The Government reserves the right to eliminate from consideration for award any or all offers at any time prior to award of the contract; to negotiate with Offerors in the competitive range; and to award the contract to the Offeror submitting the lowest priced, technically acceptable offer.

b. The number of proposals to be evaluated for technical acceptability may be limited to the lowest priced offer at the discretion of the Contracting Officer. If the number of proposals to be evaluated is limited, the technical proposal shall be provided to the evaluator(s) without any identification of price. If the lowest priced proposal is not found to be technically acceptable then the next lowest price proposal shall be evaluated. If that proposal is also not found to be technically acceptable, then the process described will be conducted again as many times as necessary, until such time as the Government identifies a technically acceptable proposal. If the Contracting Officer later determines that discussions are necessary, the procedures in FAR 15.306 shall be followed.

c. The LPTA process is selected as appropriate for this acquisition because the best value is expected to result from selection of the technically acceptable proposal with the lowest evaluated price.

d. An overall non-price factors rating must be at least "ACCEPTABLE" in order to be eligible for award. An "UNACCEPTABLE" rating in any factor results in the overall non-price factors proposal being rated "UNACCEPTABLE" unless corrected through discussions. An overall non-price factors rating of "UNACCEPTABLE" makes a proposal ineligible for award.

(c). Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(d). A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]
