13. SECURITY GUIDANCE

The security classification guidance for classified information needed for this effort is identified below. If any difficulty is encountered in applying this guidance or if any other contributing factor indicates a need for changes in this guidance, the contractor is authorized and encouraged to provide recommended changes; to challenge the guidance or the classification assigned to any information or material furnished or generated under this contract; and to submit any questions for interpretation of this guidance to the official identified below. Pending final decision, the information involved shall be handled and protected at the highest level of classification assigned or recommended.

(Fill in as appropriate for the classified effort. Attach, or forward under separate correspondence, any documents/guides/extracts referenced herein. The field will expand as text is added. When removing any expanded text area, use delete key or backspace key, then click out of the text field for it to shrink after the text has been deleted. Also allows for up to 6 internal reviewers to digitally sign. See instructions for additional guidance or use of the fillable PDF.)

Reference 2a: Access to classified information is not required prior to awarding this contract.

Reference 10a: Contractor's COMSEC access is at a location other than the contractor's location.

Reference 10g: Actual knowledge of, generation, or production of NATO information is not required for performance on the contract. However, a NATO awareness briefing is required for those personnel which must access SIPRNET in performance of the contract.

Reference 10j: Contractor may come in contact with or generate Controlled Unclassified Information (CUI) in performance of this contract. CUI replaces the previous term of For Official Use Only (FOUO) and must contain appropriate markings to identify as CUI. See the National Archives CUI Marking Handbook for instruction.

Reference 11a: The contractor may access NSI but is not required to generate classified documents at any location.

Reference 11e: Contract is for equipment and network maintenance, monitoring, and operation. Actual knowledge, generation, or production of NSI is not required in performance of this contract. Aspects of this contract constitute services only, such as network operations and maintenance. Other aspects of this contract require deliverables in the form of executing a production schedule.

Reference 11f: Performance on this contract requires personnel to travel to/from and work in Jacksonville, FL, Norway, Philippines,

Australia, Palau, Saipan, Diego Garcia, Guam and myriad locations while transiting via MSC Vessels.

Reference 11j: Contractor may come in contact with or generate Controlled Unclassified Information (CUI) in performance of this contract. CUI replaces the previous term of For Official Use Only (FOUO) and must contain appropriate markings to identify as CUI. See the National Archives CUI Marking Handbook for instruction.
